

We supply
both
Serum and
Globulins

THOUSANDS of physicians
use no other diphtheria anti-
toxin than the old "stand-by"—

Parke, Davis & Co.'s
Antidiphtheric Serum.

Other thousands are using the
newer product—

Parke, Davis & Co.'s
Antidiphtheric Globulins

(the globulins of antidiphtheric
serum; more concentrated
than the regular serum; smaller
package per given number of
units).

Both Serum and Globulins
are prepared with scrupulous
care. Both are rigidly tested, bacteriologically and physiologi-
cally. Both are of assured purity, potency and uniformity.

PISTON-SYRINGE CONTAINERS.

500, 1000, 2000, 3000, 4000 and 5000 units.

NOTE.—We also supply Antidiphtheric Globulins, Dry—the globulins of
antidiphtheric serum precipitated, purified and dried—a highly concentrated
antitoxin that remains permanent indefinitely. Bulbs of 3000 units.

Write for Illustrated Brochure on "Serums and Vaccines."
