THE NORTHWEST RAILWAY FREE! FREE!! FREE!!! TRAVELER.

When you Advertise Put Your Money Where it Will Do the MOST GOOD.

This paper is officially recognized by the St. Paul, Minneapolis & Manitoba Railway, over whose lines it has the exclusive right of circulation. It covers an extent of country, the greatest of any other paper of this character in the Northwestern Country, and is therefore far ahead of all others in the advantages it offers to advertisers in the following respects:

THE REASONS WHY:

It is the only daily paper of the kind and has the largest circulation in Manitoba and the Northwest Territory. It reaches more cities, hotels, depots, reading rooms, real estate offices, and traveling men, and incoming settlers than any other periodical of like character.

Copies sent free on application. All communications relative to advertising should be addressed to the manager, D. E. ROSELLE,

257 and 259 First Avenue South, Minneapolis, Minn.

Canadian Magazine

Science and the Industrial Arts.

PATENT OFFICE RECORD.

Editor—HENRY T. BOVEY, M.A. (Camb.), Associate Memb. Inst. C.E.; Memb. of Inst. M.E. Eng. and American Inst. M.E.; Professor of Civil Engineering and App. Mech., McGill University.

THE PROPRIETORS have great pleasure in informing the Subscribers to the SCIENTIFIC CANADIAN, and the Public in general, that arrangements have been made by which Prof. BOVEY will undertake the editorship of this Magazine at the beginning of the New Year, when the name of the publication will be changed to the CANADIAN MAGAZINE OF SCIENCE AND THE INDUSTRIAL ARTS.

Every effort will be made to render the publication a useful vehicle for the conveyance of information respecting the latest progress in Science and the Arts.

It is hoped that the MAGAZINE will also be a medium for the discussion of questions bearing upon Engineering in its various branches, Architecture, the Natural Sciences, &c., and the Editor will gladly receive communications on these and all kindred subjects. Any illustrations accompanying such papers as may be inserted will be reproduced with the utmost care.

The First Number will contain, among others, articles on Technical Education by J. CLARK MURRAY, L.L.D., on Cable Traction for Tramsways and Railways, by C. E. FINDLAY, M.A., Associate Memb. Inst. C.E.; and on the Transit of Venus by ALEXANDER JOHNSON, L.L.D.

A space will be reserved for Notices and Reviews of New Books, and Resumes will be given of the Transactions of various Engineering and Scientific Societies.

The PATENT OFFICE RECORD will continue to be a special feature of the Magazine; and will be published as an Appendix to each number. The Illustrations, however, will be considerably enlarged, so that each invention being more easily to examine will be made clearer and more intelligible to the general reader. This Record gives information of the greatest value to engineers, manufacturers, and to all persons interested in the different trades.

In view of these great improvements the subscription price will only be \$2.50 payable in advance, and it is confidently anticipated that a large increase will be made in the number of subscribers.

The efficiency and success of the Magazine, the only one of the kind in Canada, must in a great measure, depend upon the hearty co-operation and support of the Public.

NOTE.—All communications relating to the Editorial department should be addressed to the Editor, 31 McTavish St., Montreal.

All business communications, subscription, and payments to be addressed G. B. BURLAND, Manager, BURLAND LITHOGRAPHIC CO., 5 & 7 Bleury St., Montreal.

Advertising rates will be given on application to the Office of the Company.

Agents Wanted in every Town and City in the Dominion to solicit Subscriptions and Advertisements, for which liberal commissions will be paid.
