APPLETON'S POPULAR SCIENCE MONTHLY

Edited by WM. JAY YOUMANS.
The Popular Science Monthly is
without a competitor.
It is not a technical magazine.
It stands alone as an educator, and
is the best periodical for people who
think.
All its articles are by writers of long
practical acquaintance with their sub-
jects, and are written in such a manner
as to be readily understood.
It deals particularly with those gen-
eral and practical subjects which are of
the greatest interest and importance to
the people at large.
Besides this, it keeps its readers fully
informed of all that is being done in the
broad field of science.
A reference to the contents of any of
the late numbers will more than con-
firm the foregoing statement.
\$5.00 per annum; specimen copy, 25c.
