The above illustrations represent the principal churches and public buildings, which are made in brooches of solid sterling silver of the latest and most elegant designs. As SOUVENIRS of the SEMI-CENTENNIAL, nothing could be more appropriate for presents to visitors or absent friends. As they are made in large quantities, the cost is so materially reduced that we can sell them for less than half the ordinary cost of production. Under each brooch is marked the number and price, which includes postage when sent by mail. We have been some months photographing buildings, designing, engraving, and otherwise preparing, and the results are highly gratifying to ourselves and our patrons, and the public generally may rely upon these goods being all that could be desired as to sterling quality, artistic finish and price. We have now made and ready to deliver any desired number of the above illustrations. Buildings transferred from one design to another without extra charge, giving the purchaser choice of Brooches with choice of Buildings.

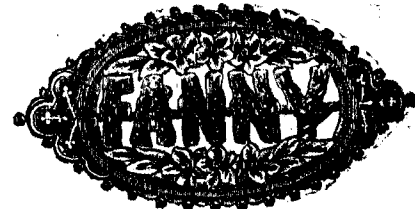

Discounts to the Trade and to Churches when ordered in quantities. Will furnish same Brooches in quantities of any Public Building, School-house, Church, or Private Residence at printed prices if photograph is sent with order, or will reduce the size and cost if desired.
