PLEASANT TO THE MASTE Children and persons with weak constitu. tions have always found-great difficulty in taking God Liver Oil, and from this fact it has not been universally used, but with Northrop & Lyman's Empision of Cod Liver Oil and Hypophosphites of Lime and Soda, this prejudice is removed. It is so thoroughly disguised that you cannot detect the Cod Liver Oil. One physician writes us that it is meed almost as a beverage in his family; anether person informs us that he had to hide the bottle, from his children. For Coughe and Colds, broken down constitutions, and all Lung Diseases, it has no equal.

Cathartic Pills

Combine the choicest cathartic principles in medicine, in proportions accurately adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experiment, and are the most effectual remedy yet discovered for diseases caused by derangement of the stomach, liver, and bowels, which require prompt and effectual treatment. Aven's Prins are specially applicable to this class of diseases. They set directly on the digestive and assimilative processes, and restore regular healthy action. Their extensive use by physicians in their practice, and by all civilized nations, is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being compounded of the concentrated virtues of purely vegetable substances, they are positively free from calomel or any injurious properties, and can be adminstered to children with perfect safety. To make good starch, mix with cold water and add boiling water until it thickens; then add a desert spoon of sugar and a small piece of-batter. This makes a stiff and glossy finish, equal to new.

FRIED CHICKEN. - Cut up the chickens, wash and drain well, die in flour; put them in hot butter and fry brown. Add to the gravy n cup of milk, a piece of butter rubbed in flour, and a little sait. Boil and pour over the chicken.

BUCKWHEAT CARES .- Just before baking buck wheat cakes, add to about one quart of the batter a scant half pint of bread crumbs that have been soaked in new milk. It is best to put the crumbs to soak over night, so they may be thoroughly softened; the surplus milk can be drained off.

CABBAGE. - Chop fine one good solld head. To four well beaten eggs add four tablespoontuls of sweet cream; one of celery seed, nearly one of salt and ground mustard, one haif tesspoonful of black pepper, one half cup good vinegar; put on the stove and stir until it just boils; if it cooks toe long the eggs will become lumpy; pour it over the cabbage and mix thorougoly.

When cooking pumphins for immediate use in pies, or to dry, it is a good plan to drain off all the water you can; stew the pumpkin tender; then let the kettle stand on the back part of the stove, and on an extra griddle, so that all the moisture, or a great deal of it, will evaporate. If it is to be dried, it should be sifted just the same as if you are to make pies at once.

Queen's Proping .- One pint of the sifted bread crumbs, one quart of milk, one cap of sugar, the yolks of four eggs, a plece of butter the size of an egg, bake until done and spread with a layer of jelly. Whip the whites of the eggs to a stiff froth with five tablespoonfuls of sugar and juice of one lemon, spread on the top and brown lightly. This is good with or without sauce. It is good cold, served with rice cream.

FURNITURE POLISH .- Take one coffee oupful of cold-drawn linseed oil, one of surpen. tiue, and one of vinegar, with three table. spoonfuls of alcohol mixed into it. Pour into a bottle and shake rapidly. Take a lit-tle of it in a saucer, dip into it a bit of flannel, rubblug the furnishing until nearly dry; then roll a bit of flannel into a tight roll, at least three tuches in diameter; sew it up closely, and rub the polish until it shines.

A Universal Crment .- Cordle skim milk with tennet or vicegar, press out the whey and dry the cord at a gentle fire as rep.dly as possible. When quite dry reduce to a very fine powder. Thun take of the powdered outd, ten drachms; powdered quickline, one drachm; powdered camphor, eight grains; mix; keep in tightly corked vials. To join glass, earthenware, etc., the powder is made into a paste with a little warm water, and applied immediately.

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure for consumption, Bronchitis, Catarrh, Asthma and all Throat and Long Affectious, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after baving tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actusted by this motive and a desire to relieve human soffering, I will send free of charge, to all who derire it, this recipe, in German, French or English, with full directions for preparing and using Sent by mail by addressing with stam,, taming this paper, W.
