

lower figures. The Moncton refinery has advanced an ½c. on whites and ¼c. on yellows, and Montreal is not far behind. In New York the *Bulletin* reports refined sugars in good demand and very strong in tone, with indications of an impending advance. The movement in teas here is quiet. A despatch is said to have been received in New York reporting the first crop of Japan teas as ten per cent. short, but the advices are looked upon as doubtful. The 75 packages new tea via steamer "City of New York" and San Francisco, are now overdue, and with the "Belgic's" mails it is thought her parcel of 1,300 packages intended for New York should follow along soon. The "Abyssinian" is also nearly due at Vancouver with 2,500 packages to come forward via Canada, most of which will reach Chicago and New York. The *Bulletin* says intelligence from Hankow confirms the 15 per cent. advance in tea over last year's prices, and the supply of finest quality is turning out smaller than requirements. Settlements were over 80,000 half-chests for Russian account and about 21,000 half-chests for other accounts. Canned goods are gradually getting into better shape. The demand is reported as being larger than ever before known, a state of things doubtless stimulated by the present low prices. Corn quotes at 90c. to \$1.10; peas, 90c. to \$1.00; tomatoes, 85c. to \$1.00. Money is not plentiful and some houses report remittances slow.

HIDES AND SKINS.—There is no material change to note in hides, the supply of which has somewhat fallen off, while the light de-

**BONUSES TO MANUFACTURERS**

The City of Belleville offers special inducements to Manufacturers seeking a location.

Besides its situation on the Bay of Quinte, in the centre of one of the wealthiest Agricultural districts in Ontario, possessing superior facilities for shipping by water, it is the principal terminus of the Midland Railway System, which extends its branches to several points on the Georgian Bay, and through the lumber country in and beyond the Muskoka District. It is also the most important station between Montreal and Toronto, on the main line of the Grand Trunk.

Besides the natural advantages for Manufacturing Operations, the city offers inducements to parties seeking location, Exemption from Taxes, Free Site for building, and money aid on certain conditions.

*Aetna Endowment.*

**TWENTY-TWO YEAR**

Policy No. 27,197, issued in 1866, on the life of Ignatius Cannon, Commission Merchant, Cincinnati, O., and paid to him in 1888. Age 28. Annual Premium \$148.96

Amount of Endowment .....	\$2,000 00
Ten Premiums.....	\$1,439 60
Less 22 Dividends .....	698 03
	<b>\$741 57</b>
Net Gain.....	<b>\$1,258 43</b>

On this Endowment the premiums were all paid during the first ten years. The \$2,000 insurance was carried Twenty-Two Years, from age 28 to 50. A cash dividend was paid the insured each year during the whole period, and the \$2,000 Endowment was paid him at the end of the twenty-two years.

The cost, less dividends, during the twenty-two years was \$741.57 for the \$2,000 insurance and endowment, or \$100 for each \$269.15 paid him by the AETNA LIFE INSURANCE COMPANY.

For twenty-year Endowments in the Aetna Life, payable at death, or end of term if living, the annual premium (payable for only Ten Years, and diminished by 20 annual Cash Dividends) is as follows: Entering at age 20, \$68.16; age 25, \$68.70; age 30, \$69.43; age 35, \$70.47; age 40, \$72.14; age 45, \$75.06; age 50, \$79.87.

**ENDOWMENT INSURANCE.**

The main business of life is to make a living. Man's first duty is to provide for himself and family. The best way ever devised to make this provision certain is by Endowment insurance.

AETNA Endowments participate in the profits, which are paid annually in cash, or applied in payment of premiums.

They are non-forfeiting and indisputable after three years.

AS INSURANCE, they are paid at once if death occurs before the Endowment matures.

AS AN INVESTMENT, they are better and more profitable than Government bonds, savings banks, or other first-class securities.

FOR SATISFACTION, they are unequalled; they turn uncertainties into certainties. The holder constantly enjoys the knowledge that he is providing a fund of money for himself at a certain age, which can not be diverted by any other person; and which will certainly be delivered to him or his assigns if living at the specified time, or to his family immediately in case of his previous death.
