"I have devoted three months' study to the Latin grammar, which has resulted only in confusion as bad as total ignorance of the subject."—*Montague Cleaves, Lagrande, Oregon.*

"Oh! the years we waste, and the tears we waste,
And the work of our head and hands,"
trying to master languages by crude unscientific methods! Since the DeBrisay method was first published some 15 years ago, it has been estimated that by means of this method a total of over three centuries of time has been saved to students throughout the world. This time, if valued at 50 cents per hour, means that over a million dollars have been saved to students through our work.

We teach by mail Latin, French, German, Spanish.
