

### Sidney N. Graybeal

Sidney N. Graybeal is Chief Scientist and Deputy Director of the Center for National Security Negotiations, Science Applications International Corporation (SAIC). He has had a career in U.S. government service spanning over 30 years. Between 1976 and 1979, he was Director of the Office of Strategic Research of the Central Intelligence Agency (CIA). He also served in the CIA between 1950 and 1964, starting as a guided missile intelligence analyst and becoming chief of the Guided Missile and Space Division. During 12 years in the Arms Control and Disarmament Agency, he served as Alternate Executive Officer of the U.S. SALT Delegation through SALT I, was appointed a delegate to SALT II, and then served as the first U.S. Commissioner of the Standing Consultative Commission, the body responsible for implementing the SALT I agreements. He has received the President's Award for Distinguished Federal Civilian Service. At SAIC, he manages and contributes to analysis related to national security issues involving arms control, intelligence, security, proliferation and long-range resource planning. He is Chairman of the Committee on Science and International Security of the American Association for the Advancement of Science. His undergraduate and graduate degrees are from the University of Maryland.

### George R. Lindsey

A Senior Research Fellow of the Canadian Institute of Strategic Studies, George Lindsey has been pursuing research on arms control verification, defence against ballistic missiles, security and stability in space, aerospace surveillance, and modernization of weapon systems. Dr. Lindsey served in the Royal Canadian Artillery in World War II, with the British Army Operational Research Group, and the Canadian Army Operational Research Group. From 1950 to 1987 he held various appointments with the Department of National Defence, and was Chief of the Operational Research and Analysis Establishment from 1967 to 1987. From 1978 to 1987 he was leader of the Canadian delegation to the High Level Group of NATO's Nuclear Planning Group. He is a graduate of the universities of Toronto, Queen's, and Cambridge (obtaining a PhD in nuclear physics), and of the National Defence College. He is an Officer of the Order of Canada.
