

FOR NEWFOUNDLAND!

GLYCERINE'S

GLYCERINE POLISH.

IT IS A WELL KNOWN FACT THAT GLYCERINE AND
Oil keeps the skin soft and white, and it being mixed with
the best of **GLYCERINE** a **BLACKING** giving a jet
lustre, and being used any imported.

CHARLES FOX solicits the orders and support of the Trade,
and having appliances so that he is enabled to make up all that
this brand requires, and at a less price than can be bought else-
where. His **GLYCERINE** can be had up in first-class style.

FOX'S UNRIVALLED CREAM OF COD LIVER OIL.

IT IS CAREFULLY PREPARED BY HIM PERSONALLY.
It surpasses all other Oil for its delicacy and fineness. By
careful study he has discovered the means of preparing it so as
to be quite cool to the palate, and by giving it an **ALMOND**
FLAVOUR, it is rendered perfectly free from smell or nausea.
The undersigned is the original manufacturer of Cod Liver Oil
in Newfoundland, and is the only practical Chemist who devotes
his attention to it.

He has this season been very successful in producing a beau-
tiful transparent oil, which he has put up into pint and half pint
bottles, sealed, labelled with his signature. Very deli-
cate invalids should see to get the genuine article, and
when they have used it and realized its beneficial properties, the
Proprietor respectfully requests that they will inform their
friends of the advantages to be derived by the use of this valu-
able Restorative.

A valuable and excellent present to send to any invalids is a
few bottles of this Tasteless Cod Liver Oil.

To be had only of David Schater, Water Street.

CHARLES FOX, Chemist, No. 8, Victoria Street.
