CONTENTS.

PART I.—ARITHMETIC IN WHOLE NUMBERS.

	Page.		Page.
INTRODUCTION.....	11	Brokerage.....	71
Numeration.....	13	Compound Interest.....	74
Integers, Addition.....	15	Rebate or Discount.....	75
Subtraction.....	16	Equation of Payments.....	76
Multiplication.....	16	Barter.....	77
Division.....	19	Profit and Loss.....	79
Tables.....	21	Fellowship.....	80
Addition of several denominations.....	28	—without Time.....	80
Subtraction.....	34	—with Time.....	82
Multiplication.....	37	Alligation Medial.....	83
Division.....	42	—Alternate.....	85
Bills of Parcels.....	44	Position, or Rule of False.....	88
Reduction.....	47	—Double.....	90
Single Rule of Three Direct.....	53	Exchange.....	91
Inverse.....	56	Comparison of Weights and Measures.....	95
Double Rule of Three.....	58	Conjoined Proportion.....	96
Practice.....	60	Progression, Arithmetical.....	97
Tare and Tret.....	67	—Geometrical.....	100
Simple Interest.....	70	Permutation.....	104
Commission.....	71		
Purchasing of Stocks.....	71		

PART II.—VULGAR FRACTIONS.

Reduction.....	106	Division.....	114
Addition.....	112	The Rule of Three Direct.....	114
Subtraction.....	112	Inverse.....	115
Multiplication.....	113	The Double Rule of Three.....	116
