## RETAIL BUTCHERS DENY ABATTOIR COMBINE

### Exception Taken to Statements of Toronto Aldermen, and Facts Quoted to Show That No Combine Exists Among Abattoirs in Toronto—Causes of High Cost of Meat.

The retail butchers of Ontario at their annual convention held in Toronto yesterday took a strong stand against action being undertaken by the provincial board of health and the different municipalities without first consulting them. It is held that as a result of this many changes in the law are made which are against the interests of both the public and the retailer. Exception was also taken to the attitude of some of the Toronto aldermen who, while absolutely ignorant as regards the butcher business, were making many positive statements regarding the benefits which a public abattoir would mean to the retailer and the public. These statements were not made with the endorsement of the retailers.

The point also was raised of the danger to the health of the people of the province by the number of pedlars who go around selling meat which has not been inspected and of which the purchaser knows nothing. They declare that these men should be put under license and their products under inspection the same as with the retailer. This matter is to be brought up at the next session of the Ontario Legislature.

### No Meat Combine.

With regard to the high cost of meat, which a number of civic officials and others are blaming on an alleged combine of the abattoirs, the retailers take the stand that such a combine does not exist. An instance of this is that when called in consultation with the association over proposed changes in the law they refuse to act together, but each abattoir sends its representatives separately. The large profit derived from the butter and cheese business, causing farmers to keep their cows instead of sending them to the market and also the large amount of meat destroyed by the health inspectors, are held to be two of the chief causes of the high cost of meat.

### Toronto Man is Made Manager of General Electric Company, Commencing Next Week.

MINNEAPOLIS, Minn., Sept. 4.—(Special).—R. F. Pack of Toronto has been appointed general manager of the Minneapolis General Electric Company. He will report for duty early next week.

Mr. Pack has been for several years general manager of the Toronto Electric Light Company.

Just a week ago it was announced that Mr. Pack had resigned from his position with the Toronto Electric Light Co., after twenty-one years of continuous service. The prediction made at the time, to the effect that Mr. Pack would accept a similar position in the States, is confirmed by the dispatch from Minneapolis.

Mr. Pack is president of the Canadian Electrical Association, and on the directorate of several engineering organizations, both Canadian and international.

## BISHOP OF ANTIGONISH CONSECRATED.

ANTIGONISH, N. S., Sept. 4.—(Can. Press).—With all the pomp and ceremonial of the Catholic Church the Rt. Rev. James T. Morrison was today

## Not Ripe for Imperial Parliament.

REAL, Sept. 4.—(Can. Press).—The representation in the imperial parliament would be as good as the pro-imperial opinion expressed by E. Smith, K.C., M.P., a member of the Unionist party, who is in Montreal in connection with Sir Max Aitken, en route from Winnipeg to England.

While Mr. Smith favors imperial representation in the case of Canada, he does not look upon it in the same light with regard to the other colonies.

Canada, he believes, on account of its geographical situation is better able to take part in the troubles of England and assist in the solution of them than any of the other colonies.

"But," Mr. Smith added, "the scheme would be lopped-up unless all the colonies were represented, and it does not seem as if the time was yet at hand when the other colonies would benefit from such representation.

New Zealand and Australia could derive little benefit from such an arrangement at the present time."

## DIED WATCHING BIRDMAN'S DIP

### Thrills at Brockville Fair Proved Too Great a Strain for the Aged Farmer.

BROCKVILLE, Sept. 4.—(Special).—A strange fatality occurred this afternoon near the close of the first day of the Brockville Fair. Hemstrough, one of the Curtiss aviators, had just made an ascension in a biplane, and, after a long detour, reappeared opposite the grand stand, making a graceful dip.

As he did so, an aged spectator in the crowd, Thos. Cavanagh, was seized by a cry, Cavanagh fell backwards in a collapse. Several doctors rushed to his assistance, but in less than a minute the man was dead. He was 81 years of age, a wealthy retired farmer, living near Elgin, and came to Brockville against the wish of his aged wife to see the flying machines.

## 10 P.C. INCREASE TO TELEGRAPHERS

### J. G. O'Donoghue, Men's Representative, Not Satisfied With Award in the C.P.R. Dispute.

OTTAWA, Sept. 4.—(Special).—The minister of labor has received the report of the board of conciliation and investigation in connection with the dispute between the C. P. R. Company and its employees in the station and telegraph service, being members of the Order of Railroad Telegraphers. The board consists of Peter McDonald, barrister, Woodstock, Ont., chairman; J. E. Duval, Montreal, and J. G. O'Donoghue, Toronto. The report received is signed by Mr. McDonald and Mr. Duval. A minority report, it is stated, will be submitted by Mr. O'Donoghue.

The most important feature of the report is the board's recommendation of an increase of 10 per cent. in rates of pay, "computed up on the aggregate sum produced by the present rates as the same is set forth in the C. P. R. Company's schedule dated July 1, 1910."

Such increase to be divided among train despatchers, agents and operators and linemen. It is understood that the increase recommended will amount to \$168,895.98 per annum, and it is understood by the minister of labor that the company will accept this recommendation and is prepared to put the same into effect immediately.

## TURKEY REFUSES DEMANDS OF ITALY

### Latter Insists on Complete Sovereignty Over Tripoli and Cyrenaica, While Turkey, The Willing to Make Minor Concessions, Resolutely Op- poses to Accept Main Terms.

CHIASO, Switzerland, Sept. 4.—(Can. Press).—Italy determined to maintain its hold on Tripoli and Cyrenaica. No great advance has yet been made in the unofficial negotiations for peace which are now going on in Switzerland between the Italian delegates and representatives of Turkish Government. The former, while expressing their readiness to make concessions in behalf of Italy in secondary matters, have declared it impossible to give in on several vital points. Italy demands absolute and complete sovereignty over Tripoli and Cyrenaica, without, however, exacting its recognition from Turkey. It demands the evacuation of the Turkish troops, and it is pointed out that the administration at Constantinople might find a way to meet these demands by proclaiming the independence of these territories, entrusting the Arabs to govern themselves.

It is proposed that Turkey shall immediately readmit Italians to the Ottoman empire under the same conditions as prevailed before the war.

### Will Restore Islands to Turkey.

Italy will keep Stampala as a naval station, while she will return to Turkey the other islands in the Aegean, on condition that their nationality shall be respected, and that their political and administrative organization shall be conducted on the line set forth in the proposal of Count Leopold von Berchtold, the Austro-Hungarian foreign minister. Finally, Italy will grant Turkey the same concessions as were granted by Austria when the latter country annexed Bosnia and Herzegovina.

The representatives of several of the islands, including Rhodes, altho they have not been received officially by the Italian delegates here, have communicated with the Italian premier, Marquis de San Giuliano, to whom they submitted a memorandum outlining the desires of the islands. In brief, they declare that if it is impossible to come under Italian sovereignty or to be annexed to Greece, autonomy must be granted similar in form to that granted Crete, otherwise they will oppose the re-establishment of the old order of things.

## TWO SHOT AT A CHARIVARI

### Youthful Wolfe Islanders Fired Off Gun to Help Festivities, and the Weapon Exploded.

KINGSTON, Sept. 4.—(Special).—When a shotgun exploded at a charivari party at Wolfe Island today Francis Baker and William Kleil, two young men, were seriously injured. They are now in the Hotel Dieu, but will recover.

Miss Shea, daughter of Michael Shea, was married to James Barry, both being well known islanders, and by the way of a sendoff Baker and Kleil used the rifle. Doctors are busy with the X-ray locating the shot. One received 13 shots in the shoulder and the other 12 in the head.

## C.P.R. Officials Go West

MONTRÉAL, Sept. 4.—(Can. Press).—The annual trip of Sir Thomas Shaughnessy, president of the Canadian Pacific Railway, over the road from Montreal to the coast started this evening at 8:45 o'clock. The trip is expected to be in Quebec by Friday. A congratulatory message from the Hon. Sir Thomas will be accompanied by Vice-president MacNicol to Fort William. Vice-president George Bury of Winnipeg will join the president there. R. B. Angus will go with Sir Thomas all the way to the coast. Sir Edmund Osler and W. D. Matthews of Toronto, both of whom are directors, will also be in the party.

## STAMP NAME OF INNER METAL

### Proposed Amendment to Gold and Silver Marking Act Will Be Presented to Parliament.

An amendment to the Gold and Silver Marking Act is to be brought before the Dominion Government at the coming session which, if passed, will force all manufacturers to stamp on jewelry and plateware the name of the inner metal used in the manufacture. This is to be introduced as a government measure and will be at the request of the combined associations of the silverware manufacturers, jewelry manufacturers and the wholesale and retail dealers. Under the present act plated goods may be sold as having a nickel or other proper foundation which really have brass or some like substance as an inner metal. There are a number of instances of this having occurred.

## STILL HOPE FOR STEEL BOUNTIES

### Extensions to Big Soo Plant Await Government Action, Says T. J. Drummond.

SAULT STE. MARIE, Sept. 4.—(Special).—Following the meeting of the Lake Superior Corporation directors this afternoon, T. J. Drummond, said:

"In regard to further extensions, I may say that we have had under consideration certain extensions of our iron and steel plant, but we have decided to postpone definite action in the meantime, pending possible consideration and action by the Dominion Government in regard to the iron and steel tariff.

"The existing tariff in iron and steel is so torn up by special dispensations, exemptions and rebates that the progress of the industry is retarded, and in many cases, made absolutely impossible.

Looking to Ottawa.

"If the iron and steel industry is to go forward, this tariff must be overhauled, especially in connection with pig iron, merchant mill products and structural steel. At present, practically one million tons of iron and steel are annually being brought into the country, and the bulk of this tonnage could and should be made in Canada.

"We placed our case before the government during the last session of parliament, and we are hoping that something may be done this session, but pending the outcome of what consideration our government is giving to our case, we can only mark time, and hope that such action will be taken as will warrant us in going ahead with the extensions we have in view."

## THREW KNIFE AT WIFE

He resisted arrest. His wife was attended by Dr. East.

## I. R. Dean Issues Statement Defending Evangelist Newell But Admits He Was in Asylum

### Borden's Naval Policy Will Meet With Approval

CAPE RACE, Newfoundland, Sept. 4.—(Special to The World by Wireless).—Right Hon. R. L. Borden and his party, aboard the Victorian, are in touch with Canada and messages of congratulation are pouring in by wireless. The party has had a delightful trip and is expected to be in Quebec by Friday. A congratulatory message from the Hon. Frank Cochrane was received by wireless and similar messages have been received from passing ships.

Mr. Borden had a splendid reception in Britain and appreciates it. There will be no declaration from him on the navy question until his colleagues have been consulted; but when it is made it will have an imperial ring and will meet with the approval of Canadians generally.

### Another Thousand Left Last Night and Final Excursions Will Be Run Tomorrow

An additional thousand harvest hands for the west passed thru the Toronto Union Station last night. Of these, six hundred were carried by the C.P.R. and four hundred by the G.T.R. This was the first of the two extra harvest excursions to the west run by the railways at the request of the government, and included connections with every point throughout the province. The last excursion is to be run on Friday, when it is expected several thousand people from Ontario will leave for the Western Canada harvest fields.

## MORAL REFORM ANNUAL REPORT

### Dominion Government Will Be Asked to Aid in War Against the White Slave Traffic.

Premier Borden and the Dominion Government will be asked by the Dominion Social and Moral Reform Board to strengthen the law against the white slave traffic, and to make a minor change in the Miller bill to render it more effective for the prevention of the sale of tipsters' "sure thing" cards at the time race meetings are in progress.

The committee met at the Confederation Life Building last night to go over the joint section's annual reports. Rev. Dr. Cameron is chairman and Rev. Dr. Shearer and Rev. Dr. Moore joint secretaries.

The annual report shows that the board has concentrated its efforts during the year to the development of moral reform preventive and rescue work for the churches rather than agitation for changes in the criminal code. The executive favor the continuation of this policy for another year, altho the various changes in the criminal law desired by the board will be presented to the minister of justice for his consideration.

## CROP SAFE IN ANOTHER WEEK

### Frost Within Next Few Days the Only Danger— Binders Work With Vim

WINNIPEG, Sept. 4.—(Special).—While it is not believed by Coroner Hendry that James Dale, a well known Caledon farmer, found dead in the barn of the Alexandra Hotel, was the victim of foul play, considerable mystery surrounds the case.

Dale's body was discovered in the barn this morning, and a wound over the eye created suspicion that he had met with violence. An autopsy only partially carried out tonight, showed that the neck was broken, but Dr. Hendry told The World that the injuries were probably caused by a fall.

An inquest was opened and adjourned until Monday night next.

Dale was a prosperous farmer and had an extensive dairy. He lived about a mile from Orangeville.

### Says Mr. Newell Broke Down Under Tremendous Strain and That His Insanity Took the Form of Illusions About Him- self and His Own Accusations Were Made the Basis of the Charges Laid by Moody Church Committee.

In accordance with the announcement in The World yesterday, the plea on behalf of W. R. Newell made by his former associate, I. R. Dean, is hereby published. The publication of the findings of the Moody Church committee of eighteen, holding the series of charges against Mr. Newell of misconduct, both admitted and established, created a sensation in Toronto's church circles yesterday. One prominent city clergyman said: "It was a fine piece of newspaper work." He regarded the publishing of the Moody Church committee's findings as in the public interest, so that those who hereafter in Canada stood sponsor for the revivalist must do so with their eyes open.

Mr. Dean, who called at The World office yesterday afternoon, asked that The World, in addition to publishing his defence of his former associate, should also announce that Mr. Newell would next Monday open a series of meetings at the First Methodist Church, Chicago, and return to Toronto to hold a revival service on Friday, Sept. 13, but Mr. Dean remarked that Association Hall might not be again available for Mr. Newell now that The World had made public the action of the Moody Church. If they could not get Association Hall for Friday, Sept. 13, they would hire the Massey Hall, and he believed it would be crowded.

Mr. Dean's Statement.

Mr. Dean's statement in Mr. Newell's defence is as follows:

Having been a co-laborer of Mr. Newell for three years and having been present at every meeting of the committee of Moody Church during his trial, I desire to make this statement. I cannot agree with their verdict for the following reasons:

There is absolutely no proof that Mr. Newell was ever guilty of adultery. The committee does not claim to have any proof except Mr. Newell's own self-accusations during the time when he was not mentally responsible. All the evidence on this point of Messrs. Camp, Temple and Torrey referred to events of that period.

My reason for believing that Mr. Newell was not responsible at that time is the statements of three expert physicians, who at different times examined Mr. Newell and pronounced upon his condition.

Mr. Newell after the most phenomenal series of Bible teachings in this country had a sudden collapse in 1908. He was first taken to Lake Geneva, Wis., and placed in the ward for the most violently insane patients, and would have been kept there if his wife had not signed the petition for the protection of the sanitarium.

Dr. Sterns' View.

Dr. Wm. G. Stearns, 32 State street, Chicago, had charge of the sanitarium at that time. In reply to my request from him for a statement, he wrote:

"In response to your request for statement concerning the mental condition of Mr. William R. Newell when he was under my care in 1908, will state that Mr. Newell was suffering from melancholia with delusions of self-depreciation. I will further state that it is common for patients in this condition to accuse themselves of having committed grievous offenses without the slightest color of tangible evidence to bring forth or support such delusions. I am,

"Yours very truly,  
"(Signed) Wm. G. Stearns"  
March 22, 1910.

About this time he was examined and treated by Dr. Hugh T. Patrick, 34 Washington street, Chicago, who is regarded as one of the greatest authorities in the west. He has this to say of Mr. Newell's condition at that time:

"This is to certify that about 1908 I examined Rev. Wm. R. Newell; that he was suffering from profound melancholia with delusions of self-accusation and suicidal tendencies. I carefully investigated his ideas of personal crime and unworthiness, and it was

"I do not mean that I was in the committee room during the whole of the trial, but I was there fully six times as long as any other witness, and besides giving my testimony heard a good deal of other testimony read from the stenographer's report. Moreover, I was familiar with practically all the evidence before the trial began.
