VETERAN INJURED.

Special to The Toronto World.

Woodstock, Sept. 17.—William Chapman, a well-known local painter and veteran of the 34th Battalion, was badly injured when, while working on the roof of the house at Glen Farm, owned by E. W. Nesoitt, M.P., he lost his hold and fell eighteen feet to the ground, alighting on his shoulders and neck. He has a good chapoe for

Wasapika Strong.

Wasapika did not set the heather on
fire with any spectacular performance,
but it made a little more market history by advancing a point to 95 and
holding the gain in the face of the fact
that the market in general was rather
soft in the afternoon. The former
high record price for the stock was
94, established on Tuesday. It is expected that members of the big partywhich left for Shining Tree near the
end of last week will be returning today or tomorrow, and it would not be
surprising if a fresh market demonstration were to follow, particularly as
Wasapika is within striking distance
of par.

Gold stocks as a rule were firmer
than the silver issues. Hollinger
vanced 1-4 to 30 1-2 and Kin and
Lake was unchanged at 41. Atlas at
24 was off half a point.

The irregularity in the Cobalts was
in a large measure due to professional
short selling. In the opinion of good
judges the better class of silver stocks
are oversold and are due for a sharp
rally. Crown Reserve was put down
to 38 1-4, a loss of 2 3-4; Trethewey
to 33, a loss of 2 1-2; Beaver to 39 1-2,
a decline of a point, and Adanac to
11 1-2, a decline of 3-4. Timiskaming
was hammered down to 40 1-4, but
rallied well to 41 1-2, showing an actual net ga'n of 1-4. Nipissing was
steady between \$11.60 and \$11.65 and

The BALDWIN Mine is situated in the famous Kirkland Lake district, and is owned outright by the Company.
The property, plant and machinery are all paid for and free of encumbrance. The Company has done a considerable amount of development work—the shaft is down 215 feet—cross-cutting 150 feet, drifting about 70 feet—all in ore bodies. The location is exceptional, with the railway running clear agross the north end of the property, and trains stopping at the mine. The Blanche River runs through the property, which is thickly wooded, thus providing fuel, building material and water in abundance.
