FIVE NEW CHARGES.

Liberals Want Them Added to List Against Donald Sutherland.

At Osgoode Hall on Friday additional charges were filed by the Liberals in the South Oxford case. They charge the Conservatives with having paid the traveling expenses of two voters, and having supplied others with whisky and other refreshments.

There are five new charges made, and application will be made to-day to have them added to the 107 already filed. The trial will be taken up again on Dec. 1 at Woodstock.

The petitioners, D. Truing, C. P. Patience and J. W. Horsman, in their affidavit, say that every effort was made to get full particulars of corrupt practices. They charge that just before polling day the respondent, thru W. H. Nesbitt of East Oxford, an agent, or thru other agents unknown, gave a railway ticket to W. E. Haines of East Oxford, school teacher, to go to Burgessville, in North Norwich, to vote for the respondent.

It is also alleged that J. E. Weston of Tillsonburg, an agent of the respondent, cancelled a debt due by Eli Barnum of Tillsonburg to Weston, to induce him to vote for the respondent. That William Fleming of North Norwich, an agent, gave or promised to give, money or valuable consideration to Thomas Sackrider of North Norwich, farmer, to vote for the respondent, or refrain from voting. Also that William Fleming promised $5 to Amos Sackrider, farm laborer, of North Norwich, to induce him to drive a rig on election day for the purpose of bringing out voters to vote for the respondent, and in order to induce Sackrider to vote for the respondent himself.

The charge is also made that the respondent, thru an agent, illegally furnished whisky, and at a meeting treated, or contributed to the cost of treating John A. Morrison, Burton Hugill, Bert Miners, William Corbett, Austin Miller, J. Smith, Milton Pollard, John Pollard, George Prouse, A. Cornfoot, William Daniels, George House and J. Miner, all of the Township of Derham, and all voters of that district.

The final charge is that Stephen King of Ingersoll gave a railway ticket to two voters at Beachville, whose names are unknown, to induce them to vote for the respondent.

RELIGIOUS INSTRUCTION IN SCHOOLS

Anglican Synod Will Ask Government to Amend the Law.

The Anglican Synod of the Diocese of Toronto has forwarded a communication to the Ontario government, outlining the following reforms the Synod considers necessary in the Public School Act of Ontario:

"Freedom and facility for every child to be taught the religion of its parents, or that which the parent desires it to be taught.

"The actual average cost of the secular education of every child in every public elementary school be defrayed out of public funds.

"Voluntary schools, equipped as Public schools, to be affiliated and recognized as an integral part of our Public school system.

"Religious instruction to be imparted in every Public school during the first half hour of each day—such religious instruction to be non-denominational in all common Public schools, and the managers of voluntary Public schools to be free to provide whatever religious instruction they may desire in the schools under their control. A proper conscience clause to be applicable in all schools."

The communication also asks for an opportunity for representatives from the special committee of the Synod to present the matter more fully before the government whenever it was convenient for the Council to receive such a deputation.

FOR MONTREAL'S DRYDOCK.

A Commission of Three Engineers Will Make an Investigation.

Ottawa, Nov. 21.—The government has decided on recommendation of Hon. Messrs. Sutherland and Prefontaine, to appoint a commission of three engineers to make investigations and report as to the nature and location of the proposed dry dock for Montreal. There is a sum of $250,000 available for this work, being the balance of $700,000 set apart for the improvements in the east end of Montreal. What the government wants to find out is the best kind of dock to have, in the light of modern improvements. Whether it should be a floating structure or one built on shore and where it should be established. The Department of Public Works or the Department of Marine will appoint one engineer, the second will probably be Mr. Kennedy, engineer to the Harbor Commissioners, and the third will be chosen outside.

Its Own and More.

London, Nov. 21.—The Paris correspondent of The Times says that the Mothyon prizes for virtue were distributed by the French Academy yesterday. The chief prize of 3500f. was awarded to Marie Desbat, who has established an asylum for eighty-four aged persons at Venissieux, near Lyons. The sum of 1500f. was given to Jeanne Schneider, a blind lady who has founded an asylum for sixty-seven blind children. Three Breton sailors received 2000f. for saving a shipwrecked crew. Among the literary prizes, Maeterlinck got 1000f. for his "Vie de l'Abeille."

In Ottawa Dec. 3.

Ottawa, Nov. 21. — D'Arcy Scott, president of St. Patrick's Society, has been advised that the Hon. Edward Blake, M.P., and John Dillon, M.P., will be here on Dec. 3, and will speak on the Irish cause.

5000 Were Killed.

San Francisco, Nov. 21.—It is declared that 5000 natives were killed in the volcano eruption in Guatemala.

HER FATHER WAS A DRUNKARD

A Plucky Young Lady Takes on Herself to Cure Her Father of the Liquor Habit.

STORY OF HER SUCCESS.

A portion of her letter reads as follows:—"My father had often promised mother to stop drinking, and would do so for a time but then returned to it stronger than ever. One day after a terrible spree, he said to us: 'It's no use. I can't stop drinking.' Our hearts seemed to turn to stone, and we decided to try the Tasteless Samaria Prescription, which we had read about in the papers. We gave him the remedy, entirely without his knowledge, in his tea, coffee, or food regularly, according to directions, and he never knew he was taking it. One package removed all his desire for liquor, and he says it is now distasteful to him. His health and appetite are also wonderfully improved, and no one would know him for the same man. It is now fifteen months since we gave it to him and we feel sure that the change is for good. Please send me one of your little books, as I want to give it to a friend."

FREE SAMPLE and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence sacredly confidential. Enclose stamp for reply. Address **The Samaria Remedy Co.**, 23 Jordan Street, Toronto, Canada.

SHOT BY OWN FATHER.

Small Boy May Die From Rabbit-Hunting Accident.

Trenton, N.J., Nov. 21.—While gunning in the Sourland Mountains to-day, Stephen Seales of Linvale shot his ten-year-old son, Claude, in the leg. He carried the boy three miles, to his home, and brought him to a hospital in this city, a distance of 16 miles. The lad was unconscious from loss of blood. His leg was amputated, and it is feared that he cannot recover.

VIOLETS RED AND ROSES BLUE.

Montreal Star: The Toronto World says: The World last evening was in receipt of a little blue cardboard box filled with granulated sugar, "the first ever made in Canada from sugar beets grown in Canada." The sample came from Berlin, Ont., and is the product of the Ontario Sugar Company's factory recently built at that place. The little blue cardboard box must have been a good many years on the way, if it really contained the first granulated sugar ever made in Canada from beets grown in Canada, and has only just reached The World office. Let us hope that the Berlin beet sugar factory will last longer than the Berthier factory, which used to make the first beet sugar ever made in Canada. Anyhow, to send sugar to Sweet William, the pride of East York, is like sending coals to Newcastle.

NEW C.P.R. OFFICIAL.

Montreal, Nov. 21.—Frank Lee of the engineering department of the Chicago and Northwestern, has been appointed signal engineer of the C.P.R., with offices in Montreal.

The Canadian Order of Foresters.

Head Office Premises at Brantford.

The Canadian Order of Foresters is still maintaining its wonderful reputation for progressiveness, and has reached another marked period in its history.

In 1894 the then office premises for the head office became too small, and more commodious premises were procured and rented for a periodof ten years. In November of that year the High Secretary, with his staff, moved into the new premises, and it was thought that the office work would go on comfortably for the next ten years, that is, up till the year 1904. This anticipation was not realized, because the growth of the business was so rapid that the office room became altogether inadequate a year or two ago.

After some years of waiting, a fine three-storey brick building has been secured, on one of the choicest sites in the city of Brantford, on the corner of Market and Wellington-streets. The premises face Victoria Park, the most picturesque park in the city, and are close to the business centre. The building is fifty feet by sixty feet, and contains suites of offices, as attractive and well-arranged as any in the city, if not more so, and a fireproof vault twenty feet square and twelve feet high, for the safe-keeping of many thousands of documents, medical applications, etc., which are kept on file, and the large number of books of account and record books that are used in the business. Altogether, the premises are a credit to the Order and to the city in which they are located, and the High Secretary will be much pleased to have a call from members of the Order and any interested friends of other orders and to show them thru the busy hive of industry.

Deficit in Germany.

Berlin, Nov. 21.—In the Reichstag to-day the Secretary of the Treasury, Baron Von Thielmann, announced that the Imperial budget showed a deficit of $37,500,000.

OPPOSED TO LAND GRANT.

Walter Scott, M.P., Will Not Support Medicine Hat Railway.

James Bicknell, barrister of this city, wrote a letter some days ago to Walter Scott, M.P., asking him to use his efforts to have the Dominion grant a renewal of the lapsed land subsidy to the Medicine Hat Railway and Coal Company of 6400 acres per mile. In reply, Mr. Scott says he cannot approve of the land grant in question to the railway. He says, in part: "I am aware, as you state, my constituents at Medicine Hat are anxious to see the road constructed and the coal field opened, but at the same time I believe that a majority of them would disapprove of the payment of so extravagant a subsidy as an equivalent to, at the lowest calculation of present land values, $20,000 per mile. I am quite ready to work for the granting of the ordinary cash subsidy of $3200 per mile, if such would be likely to procure construction, and am confident that further than this my constituents at Medicine Hat would not ask me to go."

Mr. Bicknell informed The World that he did not know what action the company would adopt should they not get the grant as at first stipulated. If they were refused it then they would have a new condition of affairs to deal with, and it was hard to say whether steps would be taken to carry out the project or not.

CONNECT WITH ALGOMA CENTRAL

C.N.R. Surveying Route From Fort William to White River.

The Canadian Northern Railway has sent out two surveying parties from Fort William to locate a route from there to White River, where, if the extension were carried out, it would meet the Algoma Central, which, running north from Sault Ste. Marie, is completed to within five miles of White River. If the C. N. R. should push its line to the White River, the work will be completed about the same time as the North Shore and Manitoulin Line. This would mean that, by the junction of the two lines, the former could get into Ontario over the Algoma Central.

A PLAIN TALK ABOUT CATARRH.

In a late number of an Ear, Nose and Throat Journal, the editor devotes a considerable space to a very clear description of the different forms of catarrh and of a treatment which is curing cases where other methods have failed. A large number of these cases are described so plainly as to give every hope of a cure to those who have suffered for years, especially as the new treatment can be followed at home. For deaf pepole there is also a report upon the successful treatment of defective hearing by external application, with a summary of some really remarkable cases cured even after operations have been performed. For the benefit of those who are interested it is announced that a free copy of the "Journal" can be obtained by addressing the Editor, 72 Regent's Park-road, London, England. With the "Journal" a special "Supplement" will be enclosed, which gives details of upwards of 40 cases cured by the new method during the past month, also a Report Form by means of which anyone can obtain full particulars and free advice as to the use of the treatment in their own case.

Christmas Sale.

The annual Christmas sale in aid of the Sisters of the Precious Blood will be held next week in Temple Building, corner of Richmond and Bay-streets. The handsome assembly rooms in this beautiful building are specially adapted to an affair of this kind. The usual display of fancy and useful articles, as well as dolls and toys for the children, Christmas gifts of all kinds, will be set out in bewildering array.

A comfortable lunch may be had every day next week. An enjoyable entertainment has been arranged for each evening.

Five valuable prizes will be given at each entertainment. On Tuesday afternoon a euchre party will be held from 3 to 5. On Wednesday afternoon, from 4 to 6, the ladies will entertain all their friends who will do them the favor of coming to afternoon tea. There will be no charge. All are welcome.

On Saturday afternoon the children are to have their usual matinee, when a suitable entertainment is to be provided for them, after which 50 prizes will be drawn for—25 for girls and 25 for boys.

Girl Killed on the Track.

The 14-year-old daughter of Michael O'Brien of Maple was instantly killed on Wednesday evening by the Muskoka Express. The young girl was returning from Hope school with other children, and, in attempting to cross the track, was struck by the train coming south. The body was hurled over 100 feet and when picked up was entirely lifeless.

Temperance in New Ontario.

Rev. Benjamin H. Spence of Winnipeg, secretary of the Manitoba Alliance, and brother of Ald. Spence, is a visitor in the city. He found, he said, the temperance feeling strong in New Ontario, and in Manitoba more interest is being taken now in the temperance question than ever before.

THE NEW FRENCH REMEDY

TRADE THERAPION MARK

For particulars of Therapion, send address of Chemist to Johnson & Holford Square, London, W.C. Large edition post free for 12c. stamps.

This successful and highly popular remedy, as employed in the Continental Hospitals by Ricord, Rostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind and surpasses everything hitherto employed.

THERAPION No. 1 in a remarkably short time, often a few days only removes all discharges from the urinary organs, superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

THERAPION No. 2 for impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of the joints, secondary symptoms, gout, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of sufferers' teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates every poisonous matter from the body.

THERAPION No. 3 for nervous exhaustion, impaired vitality, sleeplessness, and all the distressing consequences of early error, excess, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated.

THERAPION is sold by all the principal Chemists and Merchants throughout the World. Price in England 2/9 & 4/6. In ordering, state which of the three numbers is required, and observe above Trade Mark, which is a fac-simile of wax "THERAPION" as it appears on the Government Stamp (in white letters on a red ground) affixed to every package by order of Her Majesty's Hon. Commissioners, and without which it is a forgery.

Ontario Ladies' College.

At the annual meeting of shareholders and directors of the Ontario Ladies College, Whitby, all the old directors were re-elected, and the following officers were chosen for the ensuing year: Hon. president, Hon. George A. Cox; hon. vice-presidents, Rev. Dr. Dewart and Rev. Dr. Potts; president, Hon. Charles Drury, Barrie; first vice-president, Mr. R.C. Hamilton, Toronto; second vice-president, Mr. L. T. Barclay, Whitby; secretary-treasurer, Mr. John Rice, Whitby. Reports were received from the executive committee, the faculty committee and from the Rev. Dr. Hare, principal, showing the steady improvement in the financial and educational status of the college. The new desks for individual work in the domestic science department, presented by Mrs. Treble of Toronto, were inspected and admired. These were fitted up by the board with electric stoves and all the requisite utensils for the most thoro and satisfactory work. A most hopeful and enthusiastic spirit pervaded the entire meeting and all bespoke for the Ontario Ladies' College an increasingly brilliant and successful future.
