

BAD WEATHER POOR MARKET

LOCAL MARKET.

The market today was a small one. The unfavorable weather of yesterday prevented the farmers from preparing their turkeys for today's market.

Those who delayed purchasing their turkeys until today were compelled to pay from 2 to 3 cents a pound more than was paid at Saturday's market. The buying today was mostly of a wholesale character, as the dealers and grocers, who have taken orders from their customers for turkeys and other classes of fowl had to pay the price demanded by the farmers or go without them. There were several hundred turkeys offered for sale. Otherwise the dealers would have had some difficulty in securing a sufficient number to fill their orders.

With the exception of poultry, there was not a great demand for any other class of farm products offered. There was a brisk demand for everything that was offered, and there was no hagglng about prices, as the buyers were anxious to purchase.

Grain—About ten of a dozen loads of oats were offered, for which there was a good demand at \$1.45 to \$1.48 per cwt.

Hay and straw—As was predicted in yesterday's issue of this paper, there was a good demand for what was offered today, and there was not a sufficient number of loads offered to supply the wants of the buyers; sales were made at \$16 to \$17 per ton. There should be a demand for at least 30 or 40 loads on Thursday. Straw sold at \$8 per ton.

Poultry—Those who had turkeys to sell were right in front of a financial standpoint, for prices were considerably higher. The farmers are not slow to take advantage of the brisk demand at any time, and they did not hesitate to do so today. Seeing that there was not any great quantity of turkeys on the market, they boosted prices up to 16c and 17c per pound, but there were not many sold at these figures. The bulk of the sales were made at 14c and 15c per pound. A few turkeys went at 13c. Ducks sold at 10c per pound. Geese at 10c and 10c per pound. Chickens, 9c to 10c, and old fowl at 7c.

Dressed Hogs—There was a good demand and prices were at \$7.50 to \$8.00 per cwt. Nearly all of the sales were made at \$7.75 per cwt.

There were not many vegetables, apples or butchers' meat offered. Sales were brisk and prices steady.
