in the world, when he understood it, would support. Its object was the

models of battleships, an exhibit of ordnance and a display of paintings from across the ocean, that show that the motherland is doing her share to make this Canadian National Exhibition one of the strongest links in the chain that binds the empire.

"It is fitting, therefore, that we should have to open this exhibition and empire builder, a man who has not only splendidly fought for his country."

said in conversation they were as fine a lot of boys as ever he saw. He said he was pleased with their appearance and set-up and the extent of their progress.

"B.P." visited the manufacturers' building under the guidance of W. K. McNaught, and confessed himself much impressed with what he saw. He complained of the absence of any agricultural machinery and missed

only splendidly fought for his country agricultural machinery and missed on the battleteld, but who in times of this exhibit as a matter of great perpeace, is doing a great work towards sonal disappointment. incurrently the spirit of patriotism in the youth of our country. Such a man we recognize in you.'

A Soldier Born.

Sir Robert's health was drunk with enthusiasm and his first word rang out in reply like the report of a Long Tom. "B.-P" is no best-parlor citi-zen. He has bivouacked on battlefields and knows dead men by sight. He carries a certificate of heroism and genuine manhood away below the decorations that cover his breast. When he speaks one loses sight of those treasures, precious as they are. He wears, along with his four medals and three stars, a golden swastika, the ancient emblem of active spiritual life. It is a correctly formed swastika, too indicating motion forwards and not backwards; as most of the emblems seen in Toronto do.

It was a higher honor than he could weil state, he said, to find himself in that position. His honor the lieutenant-governor, had alluded to his eluness, but this was not intended on his port 11. would have faced the ordeal and he known the kind reception prepared for him. "B.-P." has no love

"B.-P." has no love for newspaper notoriety, and made this point cear several times during the day. At the luncheon he said he had been in Can-ada before since the war, and he had been glad to see the country without the intervention of newspaper men.

He thought he had the elements of a mongrel, as he did not know of what nationality he was. He was born in England of Welsh parentage, he had spent a great part of his life in South Africa, but his heart was Canadian. (Applause.) He quoted Sir Wilfrid Laurier with approval and referred to the exhibitions he had seen at Regina, Edmonton and Vancouver. There was local rivalry, but great unity of purpose in what was done. The Torento Exhibition went beyond local aims and was of world interest. united them with their neighbors and cousins in the United States. It was a great thing to bring them into friendly rivalry and in participation of industry.

Making Good Citizens. They had in Canada a new home manufacture—the spirit of citizenship in the rising generation, and they had an exhibition of this citizenship and patriotism in the boy scouts.

He was delighted with the prospect of an imperial exhibition of all the Dominions over the seas to be held in 1915, and he looked forward to seeing Canada there. He would look back with the greatest regard and affection and feeling of admiration for his fellow-subjects in this great land (ap-

Among those at the luncheon were Lord Lanesborough, representing the governor-general, his worship the mayor, Senator Jones, Senator Cox, Senator Jaffray, Controller Spence, Principal Gandier, Rabbi Jacobs, E. B. Osler, M.P.; E. Bristol, M.P.; W. F. Maclean, M.P.; Hon. J. J. Foy, W. K McNaught, M.L.A.; Dr. Preston, M.L. A.; W. K. George, Joseph Oliver. Dr. A. Macdonald, J. E. Atkinsen, H. H. Fudger, General Cotton, Capt. Young, Myers, Kingston, Jamaica; W. Hicks. Western Daily Press, Bristol, England: the Mayor of Berlin, etc.

And the removal of the buildings near the entrance gives a neble approach to the permanent architecture.

At the Luncheon.

The directors' luncheon constituted the formal opening of the exhibition. The address to Sir Robert habe enset down for presentation at the grand-sided, but Mr. Gooderham, who redeed prayer. The national anthem was sume after the royal toast, and the summaritumph.

The Lord Bishop of Tronto offer a usual frumph.

The exhibition had been honored many times by representatives of the summaritum may be a superior of the summaritum of th

making of better citizens, and was in no sense of the word a military movement. The address, as follows, was then read. In part is said:

To an Empire Builder.

"You will see, sir, assembled in these grounds, not only the best products and manufacturers of Canada and exand manufacturers of Canada and exhibits from Britain, but an array of models of battleships, an exhibit of said in conversation they were as fine

Guards' Band is Great,

Guards' Band is Great.

The Grenadier Guards' Band has never been surpassed in its artistic values. Dr. Williams has the last word on the subject of musical expression from such an orchestral medium as the splendid band he controls. The exquisite programs gave opportunity for the display of marvelously soft and delicate effects, and a certain rapture of intonation which almost seems to be the result of the conductor's own personal mastery of the ductor's own personal mastery of the combined instruments. The martial vigor of the brass is no whit abated where fitting, but the singing quality from among many others. This is the triumph of Dr. Williams' renderings, and whether he played Wagner or Mendelssohn or Saint Saens or Sullvan or Elgar or Liszt or Verdi or Godfrey, the ultimate beauty of perfectly modulated and flawless tone refectly modulated and flawless tone revealed new charms in the score.

The Scouts in Camp.

The activities of the boy scouts lent yesterday morning. Few of them slept soundly the night before, the novelty of their surroundings and the general excitement proving too much, and when reveille sounded at 7.30 a.m. it wasn't altogether a welcome notifica-After breakfast they mustered at 9.30 a.m. 1000 strong, and with Union Jacks bravely fluttering in the breeze marched to Trinity College grounds, where they effected a grand mobilization with the 500 Toronto scouts, in imposing array returned to the exhibition in time for the afternoon review. The parade was under the direction of H. G. Hammond, assistant commandant, and was headed by the 48th Highlanders' band. On returning to their quarters the lads were addressed by Mr. Hammond

It was a picturesque sight when the youngsters, placing their sombreros on the end of the staffs they carry, waved them in the air to the accompanimen of rousing cheers for Mr. Hammond. The visiting scouts from Western On tario are having the time of their lives. The camp arrangements are good, and the fare, which is excellent and abundant, is served in a large tent. They are a well-behaved con-tingent and confine their pranks to the A. E. Coombes of St. Catharines is in command of the exhibition

Motor Boat Races.

The following is the program for the motor boat races, September 5 to 9, starting each day at 4.30: September 5 and 7-1, special open; 2. 9-mile class; 3, 14-mile to 18-mile

September 6 and 8—I, special mile spring; 2, 9-mile to 14-mile class; 3,

Dixie II., winner of 118 races, including the Harmsworth trophy twice, will be here for the Harmsworth trophy. She can foct it at about a 39 mile an hour clip. No application blanks sup-plied. Send entries to T. B. F. Benson, Molson Bank Chambers,

HAHN OF BERLIN.

Manager Orr was well pleased with he condition of the exhibits. He said

The management have made a rule that no vehicles be allowed to pass in or out of the Dufferin-street entrance after 10 a.m. They will have to use the Strachan-avenue approaches.

One of the Dominion Government's new stamp-yending machines was installed in the postoffice in the administrative building during the after-

sioner to his excellency the governor general to represent him at the Cana

The poultry building would have been in a sad way for lack of coops but for the consideration of W. F. Ardagh, who on behalf of the Toronto Poultry Association lent 500 to the exhibition authorities.

Well Worth Seeing.

Visitors to the exhibition should not fail to stop in at the lecture building of the National Cash Register Company, which is situated just behind the women's building, and will be readily recognized by its distinctive white and gold front. Here is given every hour moving pictures and colored slides showing views of the company's model factory and the homes of its employes, which are highly interesting, and a lecture which is full of valuable suggestions to every home ware. and a lecture which is full of valuable suggestions to every home-owner. Pictures are shown and methods de-scribed by which N. C. R. employes learned to make their homes and gar-

dens attractive at small expense. Views are also shown of the rest and recreation rooms, gymnasium, restaurant, hospital and other unique features of the National Cash Register factory, which have attracted such wide attention. The lecture is given every hour, and admission is entirely free. Comfortable seats are provided for all who come, and refreshments are served on the lawn free of charge after each lecture. Do not

The Truth About Goodyear Tires Needs No Varnishing.

the above percentage.
With such a splendid showing as the

Goodyear Company have to their credit it is by no means necessary for them to claim more than the actual truth to arouse enthusiasm. The statement which appeared in yesterday's issue was entirely in mistake, the Goodyear Company being quite satisfactory with their record of 154 per cent. more thres than their next CANADIAN competi-

The above percentage is substantiat ed by the fact that the total number of sets of Goodyear Tires on cars shown at the exhibition is 33, while their next competitor has only 13 and the next competitor again only 8.

Look Up the Deon Cance.

Practically all the championship events of the A. C. A. regatta for the past six years have been won by the Sunnyside cruiser. The Deon canoe is the best canoe in the world. Hundreds of races have been won by it. It has the recommendation of all the practical canoe clubs of America. The "Deon" exhibit will be found under the grand

Marvelous Invention in Player-Pianos. The most remarkable improvement in player-planos is to be seen at the Haines Bros. and the Marshall & Wendell plano exhibit. This is the "flexible expression control." This mar-velous invention gives the performer unlimited possibilities in bringing out the desire of composer as to expression. The flexible hammer rail, controlled by three finger keys solves all the difficulties that have existed up to this day to accentuate one particular note out of a whole chord. Intending purchasers are invited to see this marvel in the manufacturers' building at the exhibition.

Domestic Conveniences.

Household and domestic economics have been well looked into by the J.

A. French & Co. Limited, who are demonstrating several very useful wares in their tent at the east of the stove section of the process building. They section of the process building. They them to my friends. have the "Ruby Rub" metal polish, when I rise in the morning. Hope to have the "Ruby Rub" metal poissi, which contains no grit or acid and leaves no white marks around the edges ets." Fred. C. Witten, 76 Elm St., in the prominence of the visitors. An adjournment was taken to the grand stand. While the preliminaries were in process of the despatch the Grenadier Guards' Band played in the castern entrance of the exhibition grounds is open every morning at seven a.m. for delivery the hands, and "Glisten" furniture

Babbit and Bearing Metals. A huge metal giant, clothed in metal catches the eye of everybody who er ters machinery hall. It is a worth emblem for the "big metal men"—the Canada Metal Co., represented by Gor eral Manager W. G. Harris. This as hibit shows one of the widest assor ments of metals ever crowded into odisplay. It includes the "Harris Hea perial Genuine," which has proved to be the highest grade babbit metal made. There are also shown solder, lead pipe, pure block tin plate, lead traps and bends, fuse wire, batter

CHRISTIE-BROWN'S MEDALS

Noted Fancy Biscuit Firm Have Cabinet Full of Grand Prizes.

A change in the manufacturers' building that is very noticeable is the removal of the Christie, Brown Biscuit Co. from the north aisle to the main aisle of the building. Instead of the well-known biscuit tower, they are now occupying a space twice as large as of yore, and arranged as a model store, constructed of quarter-cut oak, richly stained and with large plate glass display windows. Upwards of 500 varieties of fancy biscuit and cakes are shown in tempting profusion, which A change in the manufacturers' build. ties of fancy biscuit and cakes are shown in tempting profusion, which would strongly appear to bear out the firm's boast of being the largest exclusive biscuit manufacturers in America. The company also prides itself upon having the model factory of the continent, which every customer and customer's clerk have been invited by mail to visit and see the 1000 employes at work. The young ladies employed

at work. The young ladies employed in the institution are all provided with white uniforms and caps, and a thoroly modern laundry is maintained in the institution.

The booth is in charge of very courteous gentlemen, who deem it a pleasure to have patrons and prospective patrons make themselves known to them. A feature around which a great the deal of interest centres in a cabinet of gold, silver and bronze medals won by gold, silver and bronze medals won by inadequate for the local market.

Under a system of small land holdings the company in exhibits of international competition, including all the greatest world's fairs. It is probably as great a collection of grand prizes as any single firm in any line can boast of. This is the first time the company has ever publicly shown the invaluable. has ever publicly shown the invaluable group of medallions, which include: Fraser Valley, Okorogan, Spallum-The Columbian Exhibition, Chicago; cheen, Kamloops and the Thompson Louisana Purchase Exposition, St. Louis; the Colonial and Indian Exhibition, London, Eng.; Annual Provincial Exhibition, Nova Scotia; Annual Provincial Exhibition, St. John's, Nfld .: Winnipeg Industrial Exposition,; International Exhibition, Philadelphia; Dominion Industrial Exhibition Halifax; two from Dominion Exhibition, Ottawa: Province of Quebec Industrial Exhibition; 12 from the Canadian National Exhibition, Toronto. B.G. EXHIBIT A MARVEL IN FRUIT PRODUCTION

Opportunities For Diversified Farming Appear Practically Unlimited.

British Columbia's showing at the exhibition is again a leader among the provincial displays and bids fair to become the greatest advertisement that progressive and fast developing province has yet sent out.

It is in the horticultural building, occurring one of the northern wings.

cupying one of the northern

British Columbia fruit is preferred above all others in the markets of the middle west, where it commands profitable prices. In 1904 a small exhibit sent to England was awarded the gold medal of the Royal Horticultural Society, in 1905 a car lot exhibiter in London won the first prize from all com-petitors, while no less than eight med-als were awarded the individual exhibits which made up the collection. Again, in 1906, 1907 and 1908, collections To the many visitors to the booth they are showing several new biscuit creations, including the Zoo, Wedding, Solar Fingers, Chocolate Elite, a coated sweet, La Cremes, Rusks and Cherry Rings.

Again, in 1906, 1907 and 1908, collections of British Columbia apples won the gold medals of the Royal Horticultural Societies of England and Scotland, and several silver and bronze medals were awarded to individual British Columbia cruit lumbia fruit growers. In 1909, the province was, for the fifth time, awarded a gold medal by the Royal Horticultural Society, four silver- gilt and three silver medals being won by individual exhibitors. This was the largest exhibit so far sent from British Columbia, consisting of 480 boxes, or about twenty tons of fruit, which made a

plendid display.

The exhibit is in charge of Mr. Bulluch Webster, who will be pleased to explain the natural advantages or this great province to anyone desiring information. Your visit to the exhibition will be incomplete unless you have examined this attractive display;

Automobile News at The Exhibition.
