THRESHING MACHINE OUTFIT.

—IS AT—

ROBT SOUTAR'S, CHATHAM,

—DEALER IN—

Agricultural Implements, Seeds and Seed Grain.

The "Grain Saver" has the largest capacity of any Separator. The most perfect Steam Threshing Establishment made. Threshermen should come and investigate for themselves, and see the "Grain Saver" driven by a Champion Engine. Look at the 36-inch cylinder Steam Power "Grain Saver" with its 48 inches of inside width and nearly 16 square feet of cleaning room, and compare it with others. SEND FOR CIRCULAR.

The Champion Engine for Economy, Capacity and Durability is not excelled. Absolutely Fire Proof; no insurance is effected by its use. 10, 12 & 16 H. P. sizes are now made; also attachments for its own road locomotion.
