

Coalition Impossible, Elections Expected Soon

FINAL CONFERENCE BETWEEN LEADERS ENDS THE NEGOTIATIONS

Charges Made Against Two Cabinet Ministers Among Reasons for Refusal—Clears Way for More Stable Government Through Appeal to the People

Ottawa, June 6.—Coalition is definitely off. Announcement as to why it is off will be made in the commons tomorrow by Sir Robert Borden and Sir Wilfrid Laurier. Negotiations were broken off this afternoon after a final brief call of Sir Robert Borden at Sir Wilfrid's office.

Sir Robert called just a few minutes after he had made the announcement in the House that Hon. Robert Rogers was to have a new trial by judges picked by the government, and was to be meanwhile still retained as a member of the cabinet and a trusted adviser to the crown.

It was also just following Hon. Mr. Seigny's peculiar explanation of the alleged impropriety of sending to his own residence in Quebec the property of the House of Commons and keeping it there for months until finally restored after intervention had been made by the sergeant-at-arms with the justice department for peremptory action for recovery.

These two incidents in themselves form one of the many reasons why Sir Wilfrid Laurier, after two weeks of most careful consideration of the whole situation, has decided that the quickest and most practical way of bringing about a condition of things which will make for more effective and stable administration will be the constitutional method of appealing to the people for a new parliament and a new administration vested with the authority of the electorate, ready to go ahead untrammelled by Nationalist alliances, conflicting pledges to party friends, compromises on domestic policies, and uncertain tenure of power.

On the government side, Sir Robert Borden will doubtless claim tomorrow that a fair offer of coalition was made on the basis of equal cabinet representation for both parties. He will maintain that the object in view was solely concerned with secured united action for war effort, pointing out the mistakes of the past, which have resulted in the present objections to and difficulties in the way of immediate enforcement of conscription for military service only. With him, too, the winning of the war is the paramount issue, and unity of effort urgently needed. He may propose alternatives to Sir Robert's limited conscription scheme, and a far larger and further visioned programme for national service, embracing all kinds of war effort, looking both to the present and to many months to come. If this is not done tomorrow it will come a little later.

Party warfare in the commons, which has not let up even during the past fortnight when coalition was in the air, will probably be continued from now on even with greater intensity. But the uncertainty is over and it may be taken for granted that before long the people will have a chance to say under what banners they are to be led towards helping in the most practical and effective way in securing a triumphant peace and a united and prosperous Canada.

Drinking Tea Upset Nerves

Mr. Burroughes Compares Canadian Customs With Those in Old Land, and Tells How Nerves Were Set Right.

Orillia, Ont., June 5.—"How to be well and strong" is the question many are asking at this time of year, and in this letter you will find the answer.

It tells something of the blood-forming, nerve-invigorating influence of Dr. Chase's Nerve Food, the great restorative which is causing so much talk here just now.

Nature's way of curing disease is by building up the vitality of the body, and this is exactly what Dr. Chase's Nerve Food does. The blood is made rich and red, and it nourishes the exhausted nerves back to health and vigor.

The experience of Mr. Burroughes as described in this letter is similar to that of hundreds of others in this community who have recently put this well-known food cure to the test.

Mr. George Burroughes, 28 Peter street, Orillia, Ont., writes: "A few years ago, after coming out to this country from England, the change of customs seemed to have some effect on me. In the old country the habit of drinking strong tea was prevalent, and after arriving here I suffered very much from nervousness. If I put my arm down on the table it would shake very noticeably, and while performing my work I would easily tire, and want to sit down and rest. A friend recommended Dr. Chase's Nerve Food, so I secured some and took a treatment. It built me up and made me strong and healthy. I have not had a trace of the nervousness since. I have used Dr. Chase's Ointment also, and find that it heals the skin very quickly. In fact I find all of Dr. Chase's medicines good."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.50, at all dealers, or Edmondson, Bues & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

capacity as advisor to the crown, so far disciplined only by the sergeant-at-arms.

Speaking in the house of commons today Hon. Albert Seigny referred to the correspondence tabled in the house yesterday regarding the removal of the effects. He stated that when these were removed after the fire, a list was made and given to the sergeant-at-arms who had shipped the goods to Quebec.

Mr. Seigny went on to state that he was sworn in as minister of inland revenue on January 8. The next day a letter came from the sergeant-at-arms asking the return of these effects. He (Seigny) said that he was away several weeks in connection with his election in Dorchester, and on his return was laid up. When he had time to go to Quebec the goods were returned.

"It was unnecessary to add," he said, "that I had no intention of keeping these articles."

Sir E. McLeod.

Upon request of Hon. Robert Rogers, minister of public works, for a new trial following his condemnation by Mr. Justice Galt, Sir Ezekiel McLeod, chief justice of New Brunswick, and Hon. Louis Teller of Quebec, have been appointed a royal commission to act as a tribunal in the new trial.

DAYLIGHT SAVING

Ottawa, June 6.—Sir George Foster gave notice tonight of a government bill in connection with daylight saving. The bill provides that during the summer months the clocks may be moved on one hour throughout the dominion but the condition is stipulated that the bill shall not become operative until it is proclaimed by order-in-council. In other words, the bill simply gives the government power to enact a general daylight saving scheme for the whole dominion if it is thought wise.

Weak, Anaemic, Nervous Run-down

WHEN your system is undermined by worry or overwork—when your vitality is lowered—when you feel "anyhow"—when your nerves are "on edge"—when the least exertion tires you—you are in a run-down condition.

Your system is like a plant that is drooping for the want of water. And just as water revives a drooping plant—so Wincarnis gives new life and new vitality to a "run-down" constitution. Because Wincarnis possesses a four-fold power. It is a tonic, a restorative, a blood-builder, and a nerve food—all in one. Therefore Wincarnis promotes new strength, new blood, new nerve force and new vitality.

The benefit begins from the first small dose. You can feel it doing you good. You can feel your whole system being surcharged with new vitality and new life.

That is why over 10,000 doctors recommend Wincarnis.

Wincarnis quickly brings back your old-time vigor—gives a sparkle to your eyes—and coaxes the roses back to your cheeks. You look well—feel well—eat well—sleep well—and can revel in the new health and new life Wincarnis creates. But, remember, that only Wincarnis can give you this new and vigorous health. Imitations only waste your money and disappoint you.

KILTIES GOING TO VALCARTIER

Now Assured of Enough Men to Permit Senior Officers to Cross—Five Recruits in St. John Yesterday.

It is now announced in official quarters that the 288th are to leave for Valcartier Camp in four days. This regiment has been holding a very successful whirlwind campaign to fill up the ranks just before going, and this is the last chance that young men who want a quick trip over with New Brunswick's last volunteer regiment will have to step lively. There was some fear expressed that the 60 men who were necessary to enable the senior officers to proceed with them to England would not be available after the medical inspection by Captain Wilson, but this fear did not materialize. Not only were the 600 men on hand, but many recruits have been pouring in daily for the past week or from the States and elsewhere, so that the unit may well be up to strength when it goes overseas.

Boston Globe, Wednesday: Capt. J. Douglas Black of the New Brunswick "Kilties" who with Capt. McNally of the same regiment, is on recruiting duty in Boston, reports that he and his associate had the satisfaction of wiring last night the colonel of the regiment at Fredericton, the home station of the regiment, that they had secured ninety-seven recruits for the command in this city already.

Five recruits signed the honor roll in St. John yesterday. Of these two were for the Divisional Signal Service and two for the Field Ambulance. One man signed on the strength of the Forestry battalion. Yesterday's recruits were: K. W. McGowan, Bridgetown, N. Hillsboro, N.B., and James Carter, also of Hillsboro, both for the Signal Service. Ralph E. Windsor and Harold Johnson both of P. E. Island, enlisted in No. 8 Field Ambulance.

Capt. Gale III.

According to a cablegram received last night in the city, Captain John R. Gale, well known as a teacher in the high school, is in a London hospital, suffering from trench fever. While teaching here, he was greatly beloved by his scholars and all will join in wishing him a speedy recovery. He enlisted with the 64th battalion and was transferred to the trench mortar work, in which he specialized while in England. At the time of his leaving the front, he was O. C. of the Trench Mortar Battery, 8th Brigade, and had been acting in this capacity for some time.

Word was received at Fredericton yesterday that Lieut. Charles FitzRandolph, who is serving in France with an infantry battalion, has been wounded. Details are not known, excepting that the wound is in the face. This is the second time Lieut. FitzRandolph has been wounded.

Word was received last night by Miss Sarah Hean, 8 Peter street, that her nephew, Raymond W. Secord, had been slightly wounded in the arm and abdomen and was in No. 18 General Hospital, Dannes Camille, France. Gunner Secord was born here, but has lived in the west for some time, coming to St. John to enlist with No. 9 Siege Battery. He went over in the recent draft from that unit.

Gets Military Cross.

Word has been received by his wife, Mrs. T. E. Ryder, of this city, to the effect that Captain T. E. Ryder has been awarded the military cross in recognition of his good work in France. As a lieutenant he left the ammunition column at Fredericton under Lieutenant-Colonel W. H. Harrison, to take a special appointment overseas and has been at the 2nd Heavy Artillery group headquarters with Lieutenant-Colonel F. C. Massey, D. S. O., since. He was mentioned in despatches some time ago. Later he was promoted to captain and now as a crowning honor he receives the military cross. He was mentioned in the Canadian Fairbanks here before entering the army and is well known in St. John.

Posthumous Honor.

Another officer well known here who was honored was the late Lieutenant Charles Kenneth Whittaker, recently reported killed in action. He was a former St. John boy and has a very great number of friends here. Lieutenant Whittaker was with a well known infantry battalion and after his death was recommended for the military cross, which has since been awarded.

Military Cross for Dead Hero.

Mrs. Randolph Yexxa, of Fredericton, has received the information that her son, the late Lieutenant Guy R. Yexxa, who met his death while gallantly leading his platoon at the attack on the Vimy Ridge, was awarded the military cross for his good work in connection with a trench raid on the night of March 31. A letter to his wife states that the honor was posthumous.

Casualties

MOUNTED RIFLES.

Wounded.

D. Cullen, Sackville (N. B.)
J. S. Cassie, Zionville (N. B.)
H. C. Lynn, Fredericton (N. B.)

INFANTRY.

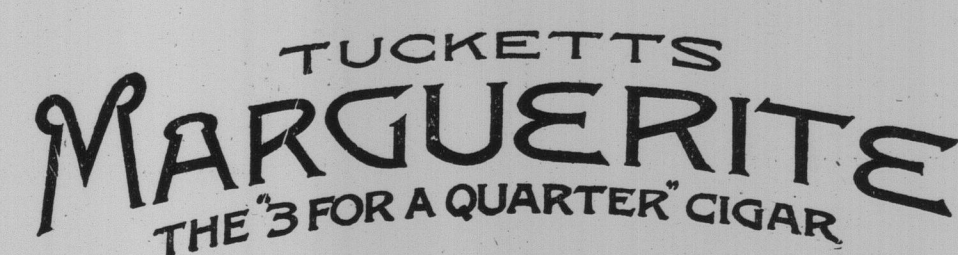

Wounded.

Lance Corporal F. H. Williston, Chatham (N. B.)
C. B. MacPhail, Bonaccord (N. B.)

ARTILLERY.

Killed in Action.

Gunner G. A. Patterson, Coverdale (N. B.)

One of the few cigars popular 25 years ago and still popular to-day. Marguerite quality holds Marguerite smokers.

Rev. John Neil New Moderator

CAPT. JOHN R. GALE.

Montreal, June 6.—The Rev. John Neil, D.D., of Toronto, was unanimously chosen for moderator tonight in the opening session of the 68th general assembly of the Presbyterian church in Canada.

One other name was brought up in connection with the position that of Rev. Dr. Colin Fletcher, of Exeter (Ont.), but he stepped aside before his nomination which was made by Rev. S. A. Carriers, of Grand Bend (Ont.), could be seconded. For this he was graciously thanked by Rev. Dr. Neil in his first address to the general assembly after he had been escorted to the chair and welcomed by the retiring moderator, Rev. Dr. A. B. Baird, Winnipeg.

The new moderator was escorted to the platform by one of the members of his church, Westminister, J. K. MacDonald, and by Rev. Wylie C. Clark, Saskatoon.

Indirectly Dr. Neil touched on the question of church union, which is the one thing uppermost in the minds of Presbyterians throughout Canada just now, in his opening remarks. Said he: "This will be a very important assembly. There are a great many problems to be faced and dealt with and my prayer is, and I know your prayer is, that we may approach the solution of these problems in a spirit of calmness, deliberation and of Christian faith."

The anticipated debate on church union may not begin until next Monday. The church union committee will meet Thursday morning so Rev. Dr. Robert Campbell announced this evening.

and I know your prayer is, that we may approach the solution of these problems in a spirit of calmness, deliberation and of Christian faith."

The anticipated debate on church union may not begin until next Monday. The church union committee will meet Thursday morning so Rev. Dr. Robert Campbell announced this evening.

How He Felt.

The two girls were talking with a young lieutenant who had got a bullet through his arm.

"And what were your emotions during the first battle?" asked one girl.

"What were my emotions?"

"Yes, how did you feel?"

"Oh, slightly bored," was the reply.

Just One Application and the Hairs Vanish

(Modes of Today.)

A harmless, yet very effective, treatment is here given for the quick removal of hairy growths: Mix enough powdered delatone and water to cover the undesirable hairs, apply paste and after 2 or 3 minutes remove, wash the skin and the hairs have vanished. But to be certain usually is sufficient, but to be certain of results, buy the delatone in an original package.

The Truth About Corns

You have read much fiction about corns. Were that not so there would be no corns. All people would use Blue-jay.

Here is the truth, as stated by a chemist who spent 25 years on this corn problem. And as proved already on almost a billion corns:

"This invention—Blue-jay—makes corn troubles needless. It stops the pain instantly, and stops it forever. In 48 hours the whole corn disappears, save in rare cases which take a little longer."

That is the truth, and millions of people know it. Every month it is being proved on nearly two million corns.

So long as you doubt it you'll suffer. The day that you prove it will see your last corn-ache.

It costs so little—is so easy and quick and painless—that you owe yourself this proof. Try Blue-jay tonight.
