1921 ROTARY CONVENTION IS COMPLETED

Resolutions of Appreciation Passed at Yesterday's Session—Reception Given Last Night.

At the closing session of the Rotary convention, held yesterday afternoon, resolutions were presented by the committee appointed for that purpose. Each was unanimously adopted and the secretary was instructed to forward them. One resolution recorded recognition of the honor done the convention by the International Rotary in sending as its delegate President A. S. Adams, whose splendid address had been an inspiration. It was recommended that a summary of the address be printed for distribution. The presence of Willard Lansing and Forrest Perkins was also greatly appreciated and the convention recorded the hope that this was but the beginning of many such fraternal visits. Appreciation of the service of Frederick Sexton as district governor and gratitude for his opening address were expressed in another resolution.

The visiting delegates presented a resolution of thanks for hospitality. A resolution regarding boys' work expressed satisfaction at reports given on boys' work and commended the enthusiasm manifested in that outstanding field of service. Emphasis was laid on the importance of personal contact with the individual boy and the great value of such practical leadership.

A resolution regarding the constitution of International Rotary approved the form of government so far as drafted, and expressed belief in the development of Rotary International. The substitution of separate national governments and of national conventions in lieu of the great international convention, it was believed, would not lead to the proper development and evolution of Rotary. It recommended that the proposed form of constitution after discussion at the Edinburgh convention should be referred to the incoming executive.

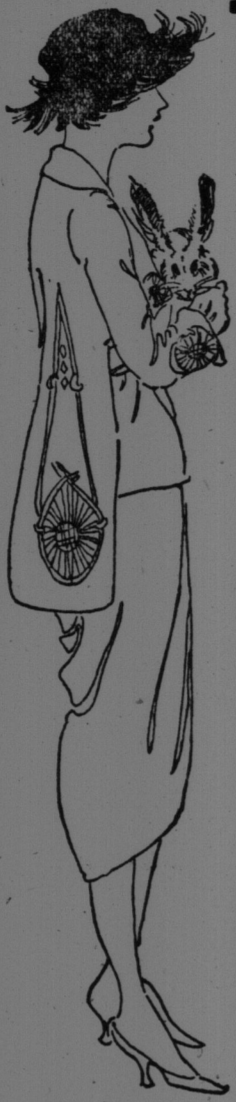

A telegram was read from John Gass of Halifax expressing his regret at his inability to be present. Another was read from the Charlottetown Rotary Club conveying good wishes to the convention. Herbert Wallace of Halifax spoke on how to preserve the unique features of Rotary. He referred to these features and dealt with each. Dr. Spangler spoke briefly on what was expected of a Rotarian. An interesting address was given by Dr. P. E. Burdett of Moncton on the interpretation of Rotary. Arthur Barnstead of Halifax, chairman of the resolutions committee, introduced resolutions conveying the thanks of the convention to the ladies of the city who had been so kind to the wives of the visiting Rotarians, and also to the press for the full and excellent reports that had been given of the meetings. A resolution of thanks from the convention to District Governor Sexton was also moved. All the resolutions were passed unanimously. Dr. Sexton paid a high tribute to R. D. Patterson, nominee for the office of district governor for 1921-22. Mr. Patterson, replying, said it was the biggest moment in his life and he felt unworthy of the honor, but with the co-operation of every Rotarian he was sure that something would be accomplished. A. S. Adams bespoke support for the incoming district governor. Forrest Perkins and Willard Lansing, visitors from the United States, spoke briefly of the pleasure it gave them to be with their brother Rotarians in this convention. Dr. Sexton then declared the convention closed.

In the evening there was an informal dinner at the Royal Hotel, after which all repaired to the Venetian Gardens, where the evening was spent in dancing. Many of the delegates went away on the Halifax train about midnight. As a last token of regard Rotarian John Bond sent to the train a large box of sandwiches for the Rotarians who were making the journey to Halifax, Sydney and Moncton.

Jury Out Less Than Hour in Edmundston Case—Verdict Cheered Wildly.

Edmundston, March 17.—It took the jury less than one hour today to lift the stigma of murder from William St. Pierre, the young man who has been on trial here for his life on the charge of having murdered Miss Minnie Stevens of Arisaig (N.S.), on the night of October 11, 1920. Following the judge's charge the jury retired at 5:07 p.m. and at 6:04 they returned and announced that a verdict had been arrived at. The foreman, Liorie M. Nadeau, read the verdict, which was, "not guilty." A tremendous outburst of applause greeted the announcement, and it seemed to meet with the general approval of those in the audience in the court room. The attorney-general asked that the jury be each paid \$20 and each juror stood up in answer to his name he gave his verdict as not guilty. The judge thanked the jury and immediately discharged them.

Warmly Congratulated.
A. T. LeBlanc, of Campbellton, then moved that his client be discharged, which was immediately done. St. Pierre was warmly congratulated by those adjacent to him and upon his discharge walked over to the jurors with his counsel and shook each by the hand. The judge ordered the court cleared but the spectators would not leave until they had shaken "Zan" by the hand and congratulated him on his acquittal. Several of his friends followed him into the jail while he obtained his belongings and later accompanied him to his home.

Theft From C. P. R.

Montreal, March 18.—Accused of the theft of \$45,000 worth of cigarettes from the C. P. R. Co. Amédée Pilon, a carter of Lachine, was found guilty of the theft of a bolt of cloth, valued at \$125, by a jury in the court of king's bench, yesterday. Sentence was deferred.

William Cunningham, an official of the Imperial Tobacco Co., said that the C. P. R. had up to date paid his company \$44,000 out of a claim of \$58,786.47, representing the value of cigarettes lost in transit.

Pilon, who had helped distribute the cigarettes, was unaware that they were stolen goods, in the opinion of Alphonse Dulac, a witness, now serving five years in the penitentiary in connection with the same theft. Pilon had been paid with a bolt of cloth for his services.

EMPLOYEE OF CITY IS KILLED

Richard Evans, aged seventy-five, 85 St. Andrew's street, was killed yesterday afternoon when he fell from a wagon at the foot of Broad street. Harry Melanson, who had been on the stolen with him, did not see him fall, but found him a few minutes later lying face down on the street. He was carried to the city machine shop, where Dr. W. Warwick was called and, after an examination, found that the unfortunate man had sustained a broken neck. He was a city employee for many years. SURVEY BRITISH WATERS.

London, March 18.—(By Canadian Press)—The task of re-surveying the waters round the British Isles, which was interrupted by the war, is to be resumed as soon as the weather permits. A complete change has been made since the war in the composition of the surveying flotilla, so far as home waters are concerned. The force now consists entirely of twin-screw mine-sweeping vessels built during hostilities and converted for their new duties. These are the Beaufort, Collinson, Crozier, Fitzroy, Flinders, and Kellett, of which four are usually engaged in surveying at one time, and two remain in reserve.

WOMAN DEAN SAYS EXTREMES ADOPTED BY THE MODERN GIRL SHOULD NOT BE JUDGED TOO HARSHLY

Chicago, March 16.—The extremes adopted by the modern girl should not

be judged too harshly, according to Mary Ross Potter, dean of women at Northwestern University.

Speaking at a meeting of ministers' wives, last night, she said: "There is nothing wrong with the girl of today because she uses a lipstick and

a little rouge and a dab of powder. Of course the dress of the girl of today — skirt to knees almost, flimsy stockings, the times. It is the result of the war."

"Nevertheless, she is sweet and good and kind at heart. She had an inde-

pendence that did not belong to her mother's day, but such is the spirit of the times. It is the result of the war."
