COUNCIL OF WOMEN

Interesting Matters Discussed at Last Night's Meeting

At a meeting of the St. John Council of Women last night at the home of Mrs. W. B. Tennant, Orange street, the president, Mrs. Atherton Smith, was in the chair. Dr. Mabel Hinington gave a pleasing address on Child Welfare work.

Mrs. Smith and Mrs. W. F. Hatheway reported concerning the matter of pleasure centers on which they had had an interview with Premier Foster, who expressed sympathy with the idea of having a woman on the board, but said there were at present no vacancies.

The formation of a new standing committee in the council to consider the welfare of women in industry was discussed.

Committee conveners for "Rosebud Day" were then appointed as follows: Refreshments, Mrs. J. Willard Smith; wards, Mrs. T. N. Vincent; advertising, Miss Amelia Haley; Mrs. Estey, Mrs. J. Boyle Travers; finance, Mrs. W. E. Raymond; tips, Mrs. Warden and Miss Alice Estey; automobiles, Mrs. J. H. Doody and Mrs. W. B. Tennant.

In the circuit court yesterday in the case against Joseph Amburg, charged with a statutory offence, the jury disagreed and a new trial has been ordered.

BLOOD THAT IS BLOOD

Any Physician Will Tell You it is Indispensable to Health.

It is required by every organ of the body for the proper performance of its functions. It prevents biliousness, dyspepsia, constipation, kidney complaint, weakness, faintness, pimples, blotches and other eruptions.

It is pure, red, rich, free from humors, inherited or acquired. It gives vitality, vigor and vim. There is no better way for securing it than by taking Hood's Sarsaparilla, famous the world over as a blood purifier, vitalizer and enricher.

IF THIN AND NERVOUS, TRY PHOSPHATE

Nothing Like Plain Bitter-Phosphate to Purify the Blood and Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness and weakness are often due to starved nerves.

My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty.

Have a Dance Orchestra at Your Service Every Evening

Dancing is not only an agreeable pastime, but a healthful form of exercise as well. Young folks like to go out to dances, oftentimes preferring to attend public dances, because the music at these places is usually of the best.

The dance orchestras can now be brought right into the home to play for you every evening by means of the

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty.

Some times there are serious conditions where a hospital operation is the only alternative, but on the other hand many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

EYE STRAIN

This is usually due to a defective formation of the eye ball, and not to a diseased condition.

While glasses do not cure this defect, they correct it by restoring normal vision without strain.

Eyestrain causes loss of nerve energy and physical disability. If bodily comfort is desired, together with ease in reading, glasses to correct this defect should be procured. If you are suffering from eye strain let us examine your eyes and fit you with the right kind of glasses.

GAS IN THE STOMACH IS DANGEROUS

Recommend Daily Use of Magnesia To Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating, is a common trouble. It is the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralising effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and flat right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.
