### BRITISH GOVERNMENT AND THE OCEAN AIRMEN.

London, May 23.—(By the Associated Press).—In an official communique just issued justifying the attitude of the government in relation to the cross-Atlantic flight, the admiralty warns the public that in view of the vast areas involved the chances of finding Hawker and Grievess are very remote.

The communique referring to recent criticisms says that the attitude of the air ministry has been to enjoin caution rather than to urge such attempts, and while anxious to do the utmost to help such gallant and intrepid airmen as Hawker and Grievess, the government feels bound to warn those who may in the future attempt to fly the Atlantic that its resources make it utterly impossible that the immense task of patrolling 3,000 miles of ocean can be undertaken.

## LIFT OFF CORNS, MAGIC! NO PAIN

## You Can't Brush or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

## To Wash Away Those Wrinkles and Crowsfeet

If your face is disfigured with wrinkles, no matter what the cause, you can quickly dispel every line, even the most obstinate, by using a simple, home-made wash lotion. Merely dissolve an ounce of powdered saxolite in a half pint water. Bathe the face in this, and presto—you scarcely believe your own eyes when you look into your mirror and behold the marvelous transformation! The remarkable exfoliating action of the saxolite so tightens the skin, wrinkles are literally pressed out. Best of all, this result is not purely temporary, for the lotion also has a healthful, tonic action, which tends to strengthen and tone up the weakened tissue, and added benefit may be expected with continued use. Use this once a day for awhile, it cannot injure the most delicate skin. The treatment itself leaves no trace—no one guesses the secret of your increasing youthful appearance.

# Why Do Most "Ready-Made" Clothing Merchants Have Their Clothes Tailored-To-Measure

WHY is it that the most Ready-Made-Clothing-Merchants and the Upstairs Clothes Shop folks have their own clothes Tailored-to-Measure?

One of the reasons is they want style, fit and individuality in the clothes they wear. The fact is these clothing gentlemen are a great deal like a magician who when he wants to do a trick with one hand gets the audience to watch the other, the only difference is that the Ready-Made-Clothing-Merchant Wears Tailored-to-Measure Garments. The more they know about Clothes, styling and fabric quality, the more ardent these "Ready-Made-Clothing-Gentlemen" are to have their own clothes Tailored-to-Measure the English and Scotch Woollen Company way.

You cannot blame a limited clothes allowance if you accept a "Ready-Made" substitute for genuine Custom-Tailored Made-to-Measure Clothes.

We wish to assure our good friends, the Ready-Made Clothing Merchants, that we are not seeking a monopoly of the clothes trade. But with all good feeling for our contemporaries we must insist upon this point:

That no man can wear a Ready-Made Outfit this spring without paying a big premium for it.
