You have a bad cold!

Then listen! Cold attacks the lungs and the breathing passage. To cure it you need to get at these organs direct. Ordinary cough mixtures and syrups do not touch the lungs, but go direct to your stomach, which is not ailing. Peps, on the contrary, go direct to the very seat of the trouble.

Peps are tablets containing essence and medicinal ingredients so prepared that when placed upon the tongue they immediately turn into vapor, and are breathed down the inflamed air passages to the lungs, direct.

Peps medicine takes the form of healing vapor, and cures colds, coughs, bronchitis and lung troubles, just as living in pine woods and breathing pine-laden air prevents consumption and cures chest weakness. Tightness across the chest, pain between the shoulders, hacking cough, sore throat, asthma and bronchitis are the ailments which, in particular, Peps have been designed to cure. Peps will soon and your bad cold.

Testimonials for Peps have been given by members of the Canadian Parliament, doctors, lawyers, eminent Canadian musicians; all going to prove that Peps have been found a cure for chest ailments, chest trouble, often when other remedies had entirely failed.

FREE TRIAL—Get this medicine, and mail it, with 12 stamps (for return postage) to Peps Co., Toronto, Ontario, and we will send you a free trial package of Peps. All stamps and stamps will Peps, the box or 3 for \$1.25. See the name Peps (four letters only) before buying.

Rheumatism
A Home Cure Given By One Who Had It

In the spring of 1908 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-sought-for means of curing your rheumatism, you may send your price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal obnoxious stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism, others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

OVERCOME THE ENEMY ALONG WHOLE FRONT

British Successes From Sambre Canal to the Scheldt

MANY PRISONERS AND GUNS

French Cross Oise Canal And Sweep on Between the Oise and the Serre—Airmen 43 1/2 Miles Behind Enemy Line

London, Oct. 25.—The British troops have overcome the enemy along the whole front between the Sambre Canal and the Scheldt and the advance is being continued. Field Marshal Haig so reported from headquarters last night. Since Thursday morning the British had taken 7,000 prisoners and more than 100 guns. During Friday morning the battlefront was extended northwards as far as the Scheldt at Thiant. There was hard fighting at some points.

On the right the sixth division fought its way to the edge of the Bois Leveque and captured Ors. North of this point, approaching the western outskirts of the Mormal Forest, we have captured the latter village of Lequesnoy. On the left of our attack we have continued our advance to the neighborhood of Lequesnoy. The latter village the enemy was maintaining obstinate resistance.

On the left of our attack also Scottish troops forced crossings of the Escluse, between Vercheval and Thiant and gained the high ground to the east. We have taken the villages of Poix Du Nord and Les Tuilleries and progressed beyond them toward Englefontaine. The village of Ghisignies was taken after a sharp struggle, the enemy defending with determination the crossings of the Escluse in that vicinity.

Northwest of Ghisignies we have secured the river crossings at Beaudignies, which is in our hands. Here vigorous resistance was overcome by the New Zealanders, who in this locality captured several batteries, including guns of heavy calibre.

On the left of our centre the English captured Reunies and were a short distance from the Lequesnoy-Valenciennes railway, north of the village. There was heavy fighting on the high ground north of Bernierin village which we hold, and in the neighborhood of Vendegies-Sur-Ecaillon.

Vercheval and Monchaux were captured by the fourth division after hard fighting. On their left, after clearing the enemy from the east bank of the river, we advanced to the western outskirts of Maling in the face of heavy machine gun fire. In this sector the hostile resistance was particularly severe.

Severe casualties were inflicted on the enemy in the course of these operations. We have reached the general line of the Sambre-Oise Canal, due east of Lecoteau west of the edge of the Forest de Mormal in the neighborhood of Lequesnoy, Vendegies-sur-Ecaillon and the Scheldt Canal at Maling. In local fighting on the Valenciennes-Tournai sector we have made progress and taken prisoners.

The French. Paris, Oct. 24.—French troops have crossed the Oise Canal opposite Longchamps. Between the Oise and the Serre we delivered an attack in the afternoon, and despite the resistance of the Germans our troops made an important advance south of Origny-Sainte Benoit and north of Villers Le Sec. On our right we have reached the road between Laferte-Chevresis and Perrieres Farm. There was considerable active artillery on the plateau east of Vouziers.

Aviation. On October 23 observation planes, in the course of numerous reconnaissances, proceeded about 48 1/2 miles inside the enemy lines. They brought back several hundred photographs. Two captive balloons were burned and twelve enemy machines were brought down or put out of action. The greater part of these successes were obtained in the region of the Aisne. During the night our bombing machines dropped 14,000 kilos of projectiles on the railway stations at Montcornet, Marle, Vervins and Wassigny with particular attention to Provins, on which more than seven tons of explosives were dropped, causing several fires.

IT GROWS NEW SKIN!

When Zam-Buk is applied to a skin disease it soothes pain, ends irritation and draws out the inflammation. At the same time it destroys all germs and thoroughly cleanses the diseased part. Then the hospital extracts act in such a way upon the tissues that they actually grow new skin, which replaces the worn-out tissue and a complete cure is the result.

Mrs. Minnie Carmichael, of 72 5th Ave., Montreal, Montreal, wrote: "I had suffered with wet eczema for so long and tried so many treatments that I had begun to think that my case was incurable. I even took treatment in a hospital, but got no benefit from anything I used. I used Zam-Buk. This wonderful balm ended the discharge, soothed the sores and drew out the inflammation, and in a comparatively short time completely cured the disease, so that there has not been the slightest trace of it."

For ulcers, abscesses, chronic sores, ringworm, scalp sores, salt rheum, boils, pimples, blood poisoning, running sores, bad legs, piles, chapped hands, sore lips, chilblains, cuts, burns, scalds and all skin diseases Zam-Buk is always reliable. Price, box 3 for \$1.25. All orders to Zam-Buk Co., Toronto. Send 10c stamp (for postage) and free trial box will be sent you.

BEAUTY SPECIALIST TELLS SECRET

A Beauty Specialist Gives Simple Home Made Recipe to Darken Gray Hair.

Mrs. M. D. Gillespie, a well-known beauty specialist of Kansas City, recently gave out the following statement regarding gray hair:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half pint of water add one ounce of bay rum, a small box of Oris Compound and 1/2 ounce of glycerine. These ingredients can be bought at any drug store at very little cost, or the drugist will put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look twenty years younger. This is not a dye, it does not stain, is not sticky, and does not rub off."

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully black and brilliant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, under the name "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

FAIRVILLE THEFT CASE

An alleged theft case out of which is growing considerable interest was continued yesterday afternoon in Fairville when Harry McLellan, Lancaster, and Harry Durban and Clifford Atkinson, Fairville, all employees of the C. P. R., were arraigned before Magistrate Allingham. The three are charged with stealing goods from the railway cars of the C. P. R. at Fairville.

Evidence was given yesterday by the C. P. R. investigator. He said that he was on his way from dinner to work and had reached the C. P. R. yard in Fairville. His attention was here drawn to the seal on one of the cars which he said was improperly applied. He opened the door of the car and looked about. Returning from the car he climbed over a nearby embankment and here he discovered a case of Wilson's Invalid Port Wine. The case was intact. On coming down again he saw two men near the car in question. He then telephoned for Inspector McVey and the latter, along with several C. P. R. constables were soon on the scene. Just then the two men came out of the car in company with a third man and the detectives gave chase. Witness said he placed Atkinson under arrest while McVey arrested McLellan. Witness then chased Durban over the hill and fired two revolver shots into the air calling on the fleeing man to halt. This, however, proved unavailing and Durban got away.

Witness also told a number of cases of invalid port wine being found in a barn in the vicinity of the railway yard by C. P. R. detectives that he afterwards he further said that he afterwards learned that McLellan and Atkinson were the two men he saw enter the car. Durban was apprehended in Montreal and brought back to the city on Wednesday.

learned that McLellan and Atkinson were the two men he saw enter the car. Durban was apprehended in Montreal and brought back to the city on Wednesday.

The call sounds clearer than bugle call. From this silent, dreamless army. "No cowards were we, when we heard the call. For freedom we grudging not to give our side. Is the call from the silent army.

Hushed and quiet, and still they lie. This silent, dreamless army. While living comrades spring to their side. How Germany Went Down To Crushing Defeat

Stirring events in the great world war have followed one upon the other with such bewildering swiftness recently that the various changes leading up to the present situation are not clear in the public mind.

The leading article in THE LITERARY DIGEST this week—October 26th—clarifies the war news so as to give the reader a grasp of the entire subject. That "only military reasons" could have compelled the groveling Teuton pleas for peace was clear enough even if a leading German newspaper had not made the confession. "Only military reasons" in the shape of Allied victories from "Dixmude to Damascus" accounted for the reported revival of gaiety in Paris, while neutral observers told how in Berlin "everybody wants to group together just as before great disasters."

This article treats every angle of the war and will be read with enthusiasm by the Canadian public. It is illustrated by a large full-page color-map with a complete index. Other articles of special importance in the October 26th "Digest" are:
