REPORTED DRAWING TOGETHER

OF DOMINION STEEL AND LARGE SHIPPING INTERESTS

Montreal, Oct. 14-Pending developments in the affairs of the Dominion Steel Corporation and the Canadian Steamship interests continue to form the theme of much gossip in market circles. That there is a drawing together of the two enterprises is taken as a matter of fact in well informed quarters, but the extent of development and the details and objects of the movement are largely a matter of conjecture. English interests identified with the navigation consolidation, it is known, have accumulated a large block of iron common shares, and it is said that a further 50,000 shares are to pass to their control under a recent arrangement.

The general opinion in market circles identifies the development with the rapidly increasing export coal business of the Sydney enterprise and with English shipbuilding activities.

I read about "Fruit-a-tives" and tried them. After taking a few boxes, of this wonderful medicine made from fruit juices, I am now entirely well."
