GOOD THINGS COMING TO THEATRES OF ST. JOHN

SUNNY EVENING AND THE BIG FUN CENTRE

It is hard to conceive of a happier combination of conditions than these pleasant "daylight evenings, an early supper, a restful stroll up-town and a delightful hour and a half in Imperial Theatre, returning home as the sun barely escapes into the west. Tonight with Constance Talmage in "Two Weeks," the big King Square house is going to present another of those delightfully funny vamping comedies such as "A Virtuous Vamp," which made a furor several weeks ago. There will also be the Canadian Pictorial, Kinograms, etc.

Are you getting your share of the money that is being made through the constantly increasing value of real estate in this city? You need not necessarily be a man of wealth to own city real estate. Valuable property is constantly being offered on easy terms in the Classified Advertising section of this paper. Turn to it now. Or, if you have real estate which you would like to sell, offer it through a little Want Ad in this paper. Our Want Ads are constantly read by both buyers and sellers of real estate.

"FLU," GRIP, COLDS,

Pneumonia, Fevers, Hard Coughs, Ton-sillitis.

Read this plain statement. First, This whole brood of wicked enemies of health may be kept at bay, the medical authorities say, by keeping up high quality of the blood, and observing the ordinary laws relating to sanitation and health. That is why Hood's Sarsaparilla is recommended as a preventive of "flu" and other diseases—it is the standard blood-purifier and vitalizer. Second, for a definite case of any of the prevailing complaints, it is wise immediately to call for physician. Third, for that weakness and prostration following the "flu," grip and other diseases, Hood's Sarsaparilla, by renewing the red blood corpuscles wonderfully restores health, builds up the whole system, creates an appetite and "makes food taste good." If a cathartic is needed Hood's Pills are recommended.

OBJECT TO ONE PER CENT. TAX

Manufacturers Take It Up at Montreal Meeting

Tax on Gold Objects Criticized by Jeweler — Ottawa Citizens Meet Breadner and Hear Some Interpretations.

(Canadian Press.)
Montreal, May 25.—At the meeting of representative members of the Canadian Manufacturers' Association in the Windsor Hotel yesterday the 1 per cent sales tax was specially objected to as likely to repeat itself until it was a burden to the consumer.

W. W. Birks of Henry Birks & Sons, Jewelers, strongly criticized the tax on gold objects for personal and household use, which he considered to be severe as not only to check trade but also tend to kill tourist business.

An effective committee of the Canadian Manufacturers' Association for the province of Quebec was appointed to present budget objections to the government. Included in this committee were George D. McKinnon of Sherbrooke and L. Letourneau and E. Julien of Quebec.

Ottawa, May 25.—That typewriter ribbons were subject to the new tax on ribbons was one of the points brought out at a citizens' meeting here last night, at which R. W. Breadner, commissioner of taxation, interpreted the new tax proposals. He promised to consider exceptions which would remove such articles from this anomalous position of luxuries, which they might be technically interpreted to be.

The one per cent sales tax to be charged by the wholesalers was much discussed. Some of the rulings on this head were:

1. Tax was applicable on each discount.

2. Tax does not apply on articles sold for export.

3. Specified luxuries sold by wholesale houses to contractors, subject to 1 per cent sales tax as well as luxuries tax.

4. Goods delivered on May 19 or after subject to tax irrespective of when contract was made.

Some technicalities on which Mr. Breadner promised consideration were:

1.—That a contractor who builds a house or a merchant tailor who makes a suit are technically manufacturers.

2.—That small cash sales in wholesale houses may be reported in some other way than by copies of invoices, which might be difficult to produce.

As regards the taxing of luxuries on the sale direct to the consumer, many questions asked brought the ruling that the sale price if retailers believed that prejudice against the tax would destroy the sale. One dealer said that customers already had shown a willingness to pay an inflated price while they objected to paying the retail price plus the tax.

When a suggestion was made that the situation bristled with difficulties, Mr. Breadner cheerfully agreed. "This is unique education," he said, "and there is no doubt that at the end of it all we will present many difficulties. He assured the audience that all feasible suggestions would be submitted for the approval of parliament. He promised that printed regulations for the application of new taxes would be distributed so soon as these had been whipped into shape.

The audience resolved itself into a committee of retail merchants after the questions were all answered. The general attitude of the merchants present was that many of the articles defined as luxuries were absolute necessities, and that it was unfair to apply the tax to the total cost of goods sold, instead of to an excess over a fixed amount, which was the law in the United States.

JACOBINOFF HEARD BY LARGE NUMBER

Closing Concert of St. John Musical Society—Audience Impressed by Work of Choral Society Chorus.

The St. John Society of Music presented its last concert of the season in the Imperial Theatre last evening when Sacha Jacobinoff, a talented violinist, delighted a large audience. The Choral Society also made its initial appearance and was enthusiastically received.

Mr. Jacobinoff sustained his reputation as a great musician. His interpretation teemed with the expression that

DON'T STRAIN YOUR EYES
Squinting, frowning and headaches are characteristic of eyestrain.

When this condition exists good health is impossible without the use of suitable glasses.

Arrange for an examination today and know the exact condition of your eyes.

If you need glasses you should wear them. If you don't need glasses we will tell you so.

FIRST AND PARAMOUNT, ABSOLUTE SECURITY TO POLICYHOLDERS

"If I should die to-day my family would have plenty," you say.

If you die to-day, yes; but what about years hence? There are many men who were very well-to-do two or three years ago who are in straitened circumstances to-day. If one of these men were to die the only ready money his family would have would be the proceeds of his life insurance.

An Imperial Life Policy is "as safe as the Bank of England"—it never depreciates in value—and your heirs will not even need a lawyer to help them collect the money.

We have a little booklet, "The Creation of an Estate." It makes interesting reading. We'll send you a copy if you write for it.
