## Cable Letter From London

### Work of Stamping Out Rebellion in Africa Receives but Little Attention.

### Large Numbers of Volunteers Will Probably Settle on Fertile Lands.

### Sir A. Milner Busy Drawing Up Scheme of Civil Govern-

(Associated Press.)

London, June 9.—To all intents and purposes the South African war, so far as the average Britisher is concerned, is over with the exception of the capture of Roberts. His calendar of probabilities contains nothing of vital interest. Already China is becoming a keen rival of Africa, the burning question of the day.

The capture of 500 members of the Imperial Yeomanry, which a few months ago would have thrown the nation into a fit of despondency, has passed unnoticed. The work of stamping out the rebellion, for such, according to the British point of view, is the

Nature of the Opposition

now encountered, is too prosaic and too common in the annals of the British army to merit the absorbing attention hitherto bestowed on each detail of the sanguinary struggle.

"What shall we do with it?" is the topic of the hour that speculation regarding the expenditure in lives and money that seem likely to ensue before the pacification of the Boers shall be accomplished. Large numbers of en-

quiries are daily made in London about the prospect of the undeveloped crown lands of Natal, while the rich resources of the

## Charge Against M.P.P.

### Leads to Disorderly Scenes in the Prince Edward Island Legislature.

### Fatal Result of Cycling Accident—Minister Dies From Blood Poisoning.

### Methodist Century Fund—Proposed Rifle Competition Between Canada and U. S.

(Associated Press.)

Charlottetown, P.E.I., June 9.—Yester-

day afternoon's session of the legisla-

ture was marred by scenes of disorder,

led to a disorderly scene in the legisla-

ture. The speaker, Mr. Shaw, of the

opposition, accusing Mr. Cummiesty,

of the government side, of having misap-

propriated the poor fund of his district,

Cummiesty denied the charge, whereupon

a heated argument ensued, and the lead-

er of the government, unable to restore

order, called on the speaker to take the

chair, quelling the disturbance. Several

members were on the floor of the House

ordering each other to sit down, when

the spectators in the galleries arose in

wild excitement.

Port Hope, June 9.—At Bay of Quinte

conference yesterday it was announced

that the Methodist century fund had

reached nearly \$80,000.

pastor of Eastwood Methodist church, is

## Can War Be Averted?

### Outbreak of Hostilities Between Russia and Japan Regarded as Unavoidable.

### Force of Boxers Surround Chinese Troops and Fighting Still Continues.

### Officials Report That Five Hundred Rebels Have Been Killed.

(Associated Press.)

New York, June 8.—The possibility of

war between Japan and Russia and the

effect of the rumors on the financial

world are discussed rather fully in the

Herald to-day. Its London correspond-

ent cables:

"The anxiety respecting events in the

Far East spread yesterday still further.

Over and over again the opinion was ex-

pressed that nothing could avert war be-

tween Japan and Russia. In diplomatic

circles nothing else was talked about.

There exists in financial circles all the

preliminaries of a panic. Public senti-

ment is urging the government to take

a more active interest in Chinese devel-

opments. All day long communications

are going on between the foreign office

and Tien Tsin."

a Chinese source that 4,000 Boxers sur-

rounded 1,500 Chinese between Iofa and

## Rioting In St. Louis

### Mounted Police Disperse Crowd Which Had Been Stoning the Car.

### Several Persons Shot—One Passenger Fatally Injured During the Fighting.

(Associated Press.)

St. Louis, June 8.—While standing on

the rear platform of a north-bound

Union Line car last night, John Goet-

ting, a photographer, 20 years old, was

shot and fatally wounded.

Only four cars were operated on the

Union Line yesterday. The conductors

were ordered to turn in their cash at the

sheds before 6 o'clock p.m., but a

blockade occurred shortly after 5 o'clock

and it was necessary to summon several

squads of police before the cars could be

moved.

The riot commenced in earnest about

8 o'clock when the cars began to move.

At this time the crowd was augmented

by 2,000 persons. When the cars started,

the shooting began. The police fired

in the air and those in the crowd com-

menced shooting into and stoning the

cars. Goetting was standing on the rear

platform of a car when struck by a bul-

let. The mounted officers finally dispersed

the crowd and cars were run into the

## Boers Cut the Wires

### Strong Force of British Soldiers Sent to Deal With Burglars.

(Associated Press.)

London, June 9.—Gen. Forrestier Wal-

ker cables the war office from Capetown,

under the date of June 8th, as follows:

"Killy-Kenny, at Bismantoch, reports

that the telegraph has been cut at Roo-

devaal, north of Kroonstad, by a body of

Boers estimated to be 2,000 strong with

six field guns. He is sending strong re-

inforcements to Kroonstad, and I am re-

inforcing from Cape Colony. I hope the

interruption will be only temporary."

MARINE EXAMINER.

(Special to the Times.)

Ottawa, June 8.—Capt. Henry Augus-

tus Mellon, Vancouver, Province of

British Columbia, who holds a certifi-

cate of competency as master for foreign

sea-going ships, issued by Her Majesty's

Board of Trade in 1890, has been gazet-

ted an examiner for the purpose of

examining applicants for certificates as

masters and mates in the coasting trade,

or on the inland waters of the Domini-

on.

## British Prisoners

### Over Three Thousand Recovered, But Boers Hold Many as Hostage.

### Work of Organizing the Government of Transvaal in Progress.

### Rumor That Kruger Has Been Urged to Negotiate For Peace.

(Associated Press.)

London, June 8.—The dribbles of news

filtering from the Transvaal fail to throw

much light on the situation in and

around Pretoria. Public interest cen-

tres largely in the fate of the British

prisoners, but it seems that about 13,000

have been recovered, including 129 of-

ficers. The Federals, therefore, have re-

covered about a thousand as hostages.

The Lorenzo Marquez dispatch to the

effect that United States Consul Hollis

has been conferring with President

Kruger is creating some comment, but in

view of the Associated Press Washing-

ton dispatch there is little disposition

to regard Mr. Hollis's alleged mission as in

any wise official.

A special from Pretoria says that cur-

iously enough the only shell that broke in

the town the day prior to the occupa-

tion of Pretoria hit the United States

consulate.
