

BRITISH TROOPS TO BE WITHDRAWN FROM STATIONS IN WEST INDIAN COLONIES

Infantry Battalions to Leave at an Early Date—The Opinion of Army Officer.

New York, Feb. 8.—A London dispatch to the Herald says: "The decision of the British government to withdraw the infantry battalions from the West Indian colonies at an early date has been the occasion of considerable discussion in business circles during the past few days, but it does not appear to have come as a surprise to army and navy officers."

"An officer who recently relinquished a high military command said today (Tuesday) that the step now to be taken had been under discussion for some time previously."

IN FAVOR OF UNITED STATES GOVERNMENT Decision of the Privy Council in the Case of J. E. Gaynor and B. D. Greene.

London, Feb. 8.—The Privy Council rendered its decision this morning in the Green-Gaynor case in favor of the American government. The court reversed the decision of the Quebec court, and ordered the respondents to pay the costs of the appeal.

The decision is a great victory for the United States, and is a decisive repudiation of the action of Justice Caron in releasing Greene and Gaynor, and Caron's "extraordinary intervention," and adds: "Where a prisoner is brought before a competent tribunal, charged with an extradition offence, and is remanded for the express purpose of affording the prosecution an opportunity of bringing forward evidence whereby the accusation is suggested, it is such a case as to require a writ of habeas corpus, a learned judge treats a remand warrant as a nullity, and proceeds to adjudge the case as though the whole evidence were before him, it would paralyze the administration of justice, and render it impossible for proceedings in extradition to be effective."

The decision simply reverses Justice Caron's judgment, and leaves Greene and Gaynor under remand as before he intervened. John R. Carter, second secretary of the United States embassy in Montreal, was present to hear the decision and also to watch the appeal against the decision of the Supreme court at Ottawa in the case of the fishing steamer Kildare, captured by a Canadian steamer on Lake Erie.

The Privy Council this afternoon granted the United States leave to appeal after the vessel is returned to the custody of the Canadian court.

John F. Gaynor and Benjamin D. Greene were indicted in Savannah, December 1899, charged with embezzlement and defrauding the United States government, together with Capt. Oberlin M. Carter, in the performance of government contracts for the improvement of the Savannah river and other rivers and harbor works, in that district. The deficit being estimated at \$2,000,000. Gaynor and Greene were arrested in New York and were arraigned before Commissioner Stickler. They contested extradition to Geneva, and when the commissioner decided that they must go to that state and plead guilty to the indictments they disappeared, but were later located in Canada, where they were at liberty on \$40,000 bail each, and this was forfeited. Efforts to extradite Gaynor and Greene from Montreal were progressing favorably, and the extradition commission was sitting in Montreal when Gaynor and Greene went to Quebec. A question arose as to whether they could be brought back, and detectives kidnapped them and took them to Montreal. There was a big legal fight over this action, and the judge issued a writ of habeas corpus, which was served on the jailer at Montreal, who delivered up the prisoners without notification to the extradition tribunal, and permitted them to be rushed back to Quebec. Efforts to quash the writ of habeas corpus, under which they had been returned, were denied by Justice Caron. After a long legal controversy Gaynor and Greene obtained their liberty within the limits of the province of Quebec. The United States government then appealed to the Privy Council of England.

Students of Northwest University Law School Not to Play on Any Team. Chicago, Feb. 8.—The faculty of the Northwestern University Law School has taken a long step in advance of the college conference rule which bars freshmen from competition in athletic teams for six months, by issuing an order forbidding any student of freshmen standing in that department from competing in athletics on any northwest team. This rule will seriously affect the athletic teams of the university. Arthur Huber, this year's captain of the football team and the most promising candidate for pitcher on the Tarzitz baseball team, will be barred, as will several other prominent athletes.

Colorado Springs, Feb. 8.—Chief of Police Reynolds has sent out 5,000 circulars giving a description of Milton Frank Andrews, with rewards for his arrest on the charge of murder. A careful description of the man is thus given: Age 31, weight 135 pounds, height 6 feet 1 1/2 inches in stocking feet, complexion light, eyes brown or blue gray, hair light brown and wavy, small light brown moustache, but was smooth shaven when last seen. This is the first charge that has been made by either the city or county officials taxing Andrews with a crime.

RETALIATION. France Closes Money Market to Turkey Because Germany Secured Contract For Guns.

Constantinople, Feb. 8.—Germany's victory in capturing the contract for the rearmament of the Turkish artillery threatens to result in a serious disturbance to Franco-Turkish political relations. The French ambassador, M. Constant, proposes to leave Constantinople shortly for Paris in order to consult with Foreign Minister Delcasse. In the meantime the ambassador has informed the Turkish government that the French market is closed to any fresh Turkish loan.

Towfik Pasha, the foreign minister, made a compromise in the matter, offering to settle the Syrian railroad question in a matter satisfactory to the applicants and to make military equipment to the amount of 2,700,000 in francs. This, however, would require the expenditure of \$6,000,000, being one-third of the value of the new armament with the French gun factories and the complete satisfaction of the French demands regarding the railroads. These terms the ambassador declared to be final, and having not received a reply February 6th, the ambassador informed the Turkish government that he refused to continue the negotiations, adding that the French market was closed to Turkish loans.

The Deutsche bank has come to the Porte's aid with an offer to assist the treasury. The Germans are thus for the moment in complete possession of the financial field and an trade has already been promulgated ordering the purchase of all the new guns in German factories, but it has been decided only to re-arm sixty batteries at present instead of 142 as originally proposed.

WITNESSES' ATTITUDE. Declared He Was "Neither For Nor Against a Constitution."

St. Petersburg, Feb. 7.—The hope that M. White, president of the council of ministers and without doubt, the most powerful man in Russia, would join outside of the members of the imperial household, would urge the Czar to grant the people a constitution has been shattered. A deputation of engineers had it from M. White's own lips Monday afternoon that he was "neither for nor against a constitution."

The delegation came to present a petition urging the promulgation of a constitution and praying M. White to make use of his power in order to secure for the people its benefits. M. White admitted that the present disorganization was due in part to certain articles of the government, but would not commit himself on the question whether or not a constitution was the only remedy from which the good results could be expected.

MUST PAY REGULAR TARIFF. Decision of St. Paul Judge in Case Regarding Fished Wheat.

St. Paul, Feb. 8.—District Judge Loch has handed down an order reversing the decision of the board of appeals at Minneapolis and declaring that fished wheat imported from Canada must pay the regular tariff rate of 25 cents per bushel. The case was that of E. W. Perreux Co., of Minneapolis, which had imported a quantity of fished Canadian wheat. The company contended that as the wheat was good neither for milling nor for seed it should be rated as unclassified and subjected to an ad valorem of ten per cent, amounting to five cents per bushel.

Ottawa, Feb. 8.—Mr. Justice Ilderton, of the High court of Ontario, was appointed to succeed Mr. Justice Killam in the Supreme court bench. Mr. Justice Ilderton formerly practiced law at Stratford. R. C. Clute, K. C., Toronto, who is well known in British Columbia in connection with labor disputes, has been appointed to succeed Mr. Justice Ilderton in the High court. Mr. Clute was a member of the commission that recommended the \$500 poll tax on Chinese, and was also in Canada in settling a big strike in the province.

OFFER REWARD. The Freeman Was Killed and the Engineer Badly Scalded.

Everett, Feb. 5.—Word was received here late last night that a work train had been wrecked on the Monte Cielito branch of the Northern Pacific near Silverton. The fireman was killed and the engineer badly scalded. The work train, in charge of Conductor McMurray, was backing in the direction of Silverton when the wreck occurred. Engineer Love was badly scalded when the locomotive left the track and went into the ditch. The name of the fireman who was killed could not be learned.

EXCITING CHASE. Inspectors Pursued Man Alleged to Be Engaged in Smuggling Chinese Across Border.

New York, Feb. 8.—The immigration bureau, Washington, has just received a report from Inspector Thos. D'Arcy, of Pattsburg, N. Y., which reads like a chapter from a thrilling story, says a Tribune dispatch from the capital. Mr. D'Arcy writes under date of February 1st, and tells of the attempt made by Frank Gastine, who, it is alleged, was trying to bring a sleigh load of Chinamen over the border. In substance the report is as follows: Word was received by Inspector D'Arcy from Dewy's Corners, Que., on the night of January 20th, that Gastine and the Chinese had started from that place, and were making for La Prairie. Hastily summoned the police and armed inspectors Weeks, Matheson and Macgregor, D'Arcy hastened to Dewy's Corners with sleighs and dogs. Two roads leading from Canada run through Dewy's Corners, and the inspector decided to intercept the party at that place. They waited until after 2 o'clock in the morning before the dogs gave the alarm. The thermometer stood at 34 below zero, and it was necessary to keep the horses and men in the sleighs constantly moving to prevent them from freezing to death.

Finally a sleigh filled with Chinese boys in sight, followed by a small cutter containing one Chinese man. The inspectors barred the road and ordered the strangers to halt. Instead of obeying the two sleighs were quickly wheeled around, and started back in the direction of Canada. The inspectors set out in hot pursuit over the snow covered roads mile after mile. They gradually gained upon the pursued, and within calling distance counted to them to surrender. However, the latter only whipped their horses all the harder. Finally D'Arcy fired his revolver after the speeding sleighs, but the shots went wild. Still the inspectors galloped, and soon it became evident that they would be able to overtake the smugglers within the next few hundred yards. The man in the small cutter rose to his feet, and leaning far over to one side overturned it in the middle of the road. The inspector's sleigh was close behind, there was no time to turn aside, and in another instant D'Arcy and his men were sprawling on the road in the snow, and on top of the man and his wreck. By this time the sleigh containing the Chinamen had disappeared up the Canadian road.

Placing Gastine in charge of Inspector Weeks, D'Arcy and the others again took up the chase, but the big sled had had too long a start, and was not overtaken. Inspector D'Arcy reports when they got Gastine back to Dewy's Corners it was found that he had sustained a fracture of a rib. Upon the advice of a physician D'Arcy writes he allowed Gastine to go home for medical treatment.

RIFLE MATCH. English and United States Teams Will Meet at Bisley in July—The Conditions.

New York, Feb. 8.—The Herald says: "Draft of conditions have been received by Col. Daniel Appleton, of the Seventh Regiment, from Sir O. E. Howard Vincent, colonel in command of the Queen's Westminster volunteers, for the trophy rifle match to be shot in July at Bisley, England, between teams from their respective countries. The conditions provide for teams of six men each, to shoot 15 shots a man at each of four ranges, 500, 600, 800 and 1,000 yards, each team to use the guns of its regular service. "As the National Guard has recently been equipped with the Krag rifle these are entirely satisfactory. The Seventh, and will undoubtedly be accepted." Captain Robt. McLean, of Company K, will command the Seventh's team. The team and substitutes will probably be Captains McLane, McAlpine and Underwood, Lieutenants Beach and Small, Sergeants Short and Snydam, Corporal Taylor and Privates Meyer and Robinson.

BRIEF TELEGRAMS. J. G. Strolmayer, a member of the Gillespie Fur Co., Toronto, Ont., was found dead in his room in a hotel in East 12th street, New York, having been accidentally asphyxiated by illuminating gas. The United States Senate has passed the joint statehood bill providing for the admission of the states of Oklahoma, to be composed of Oklahoma and Indian Territory, and New Mexico, according to the present boundaries, with Arizona eliminated. The new protocol providing for the responsibility of San Domingo's finances by the United States has been signed. An important feature of the protocol is the omission of the provision in the original memorandum guaranteeing the integrity of San Domingo. The new document simply binds the United States to respect the integrity of Dominican territory. The Monroe doctrine is regarded as sufficient to convey the broader guarantee.

JEWELS FOUND. San Francisco, Feb. 8.—The casket of jewels belonging to Mrs. E. M. Holbrook, of Minneapolis, which disappeared on the eve of her departure for the East, has been found in the store room of the hotel where they had been deposited by one of the porters.

The fireman was killed and the engineer badly scalded. The work train, in charge of Conductor McMurray, was backing in the direction of Silverton when the wreck occurred. A FEW MATTERS BEFORE COUNCIL. STREET ANOMALIES REQUIRING REMOVAL. Special Committee of Board Has Large Task on Hand—Aid. Hanna Takes Up Paddle.

(From Wednesday's Daily.) The committee appointed by Mayor Bernard at the council meeting on Monday evening to remove some of the anomalies in the names of streets throughout the city have a pretty formidable task in hand. As the Times pointed out the other day, the movement is not a new one, having been instituted by various aldermen on several different occasions. Perhaps the committee selected for the work a couple of years ago, consisting of Ald. Cameron, Williams and Kinman, made the greatest progress, for they nearly got as far as the by-law stage. In fact an ordinance was drawn up by the city solicitor incorporating their recommendations, giving away certain water monopolies that after mature consideration are felt to be not in the best interests of the city; and whereas, the said J. Buntzen, in a letter to the Victoria Times, dated the 6th inst., offers to release the city therefrom. "Be it therefore resolved, that the Mayor proceed at his earliest convenience to have the said contract annulled so that the city may be saved the expense of what would most undoubtedly be a fruitless by-law election."
