A young man from Lower Newcastle at Derby on Wednesday last for the purpose of augmenting the Repair Fund of St. of augmenting the Repair Fund of St. and enterprise to a young line that they alone, without the assistance that they alone, without the assistance and in the absence of any well-directed SWEEPING REDUCTION Peter's Church, resulted successfully, the nett amount raised being \$65. The sum of \$31.15 was raised from the autograph equilt, which was disposed of in a novel way!

The names of three ladies were nominated for the position of "Queen of the Quilt," and during the evening the friends of the ladies so proposed made a vigorous canvass for votes. At intervals the state of the sum of these engaged in the sum of the students, can maint in proper discipline and create that esprit de corps all round which is so necessary to the entire success of the institution. We do not justify the students' conduct in connection with this latest trouble, but cannot help believing that a little more diplomacy with hadded to the

We have received communications relating to the pros and cons of the latest trouble arising out of the rustication by the Faculty of a Student for alleged disrespect to the President, but our space is too limited to admit of our going fully into the subject, which seems to be as trilling in its inception as it threatens to be serious in its results The evidence before usand it is quite fu'l on both sides-leads to the conclusion that the rusticated student, Mr. Smith, has been most unjustly dealt with. The President had, no doubt, cause to punish him to some extent, but if all college presidents were to display as little patience and self-con to display as little pationes and self-control and as great a lack of charity and good judgment as Piof. Harrison has done in this case, five years would put universities and colleges among the things of the past. It will be the duty of the Government, which

ULSTER CLOTHS in Nigger Head, Fancy Checks, Twills and Printed Pilots &c.

The farm Department of the Werkly Herald is practical. It goes to the point and does not give wild theories. The farmer will save many more than one dollar a year from the suggestions of the Farm Department alone, concerning soil, cattle, crops, trees, buildings, gardening, poultry, and agricultural economy.
