TRUE BILLS WERE FOUND IN BOTH CRIMINAL CASES

Circuit Court Opened Today With a Small Docket—Several Grand Jurors Were Absent—Statement of the Cases to be Heard This Term.

The Circuit Court opened this morning with His Honor Justice McLeod presiding. His Honor commented on the absence of so many of the grand jury as well as a public duty and was imperative that the gentlemen should attend. He directed that summonses be issued for the delinquents. The criminal cases of the King vs. Martin Downes, and the King vs. Douglas C. Clinch were submitted to the grand jury this morning.

BONFIRE THREATENS TO RESULT IN SUIT

Yachting Party Asked to Pay for Driftwood They Were Having a Jolly Time at Brow's Flats When St. John Merchant Interfered and Demanded Money.

As the result of building a little bonfire on the beach near Brow's Flats, a yachting party have been served with letters from a law's office calling for a settlement. The party of ladies and gentlemen have been cruising along the river for about a week, and it was the custom each evening to go on shore and all around a bonfire which was made from drift wood picked up on the beach. On the night in question the yacht was lying at anchor near Brow's Flats and some hundred yards farther along the beach was a party enjoying a bonfire. So the young men of the yachting party picked up some wood and started a fire. They were in the midst of a jolly time when a Dock street merchant who owns the land, and who, it is said, had been enjoying furs along the beach called on the yachtsmen and ordered them away. He said the wood they picked up on the beach belonged to him and he asked that he be paid the sum of two dollars for what they had burned.

The gentleman in charge of the party felt rather annoyed in the presence of the ladies and said that he was sorry for any trouble that might have been made. He offered to pay one dollar for the wood. The merchant refused to accept the offer and has already commenced. The merchant's lawyer now requests the young men to pay ten dollars, but they have decided to allow the merchant to go ahead with the suit and it necessary they will defend it.

CARRIE NATION CALLED DOWN BY DETROIT AUTHORITIES

Open a Tirade on Police Commissioner, and Was Forcibly Ejected From Office—Is Not Appreciated.

DETROIT, Aug. 31.—"If you are not slanders, you're the biggest villain in Detroit," screeched Carrie Nation at Police Commissioner Smith this morning. With her Mrs. Annie L. Andrews, president of the local W. C. T. U., and Mrs. Ella Bailey, temperance singer, "How did you get your job?" is the way she opened up on the commissioner. "I was appointed by the mayor as the city charter provides," courteously replied the commissioner. "You are responsible for the saloons, then," snapped Carrie. "I hear you allow them to open on Sundays."

SHOT BY CARELESSLY HANDLING A GUN

LOCHAVEN, Pa., Sept. 1.—Mrs. Charles Chubb, 24 years old, wife of an employee on the farm of George W. Good, near here, dropped a loaded shotgun butt downward through a stovepipe hole in the ceiling of a room to her husband yesterday when the latter striking a production exploded the gun, instantly killing Mrs. Chubb. Employees of the farm say when Chubb saw a chicken hawk fly past the dining room window, he told his wife to get a shot gun that he kept in his room. She feared the hawk would escape, and to save time dropped the gun through the pipe hole.

GERMANY IS STEALING A MARCH ON EUROPE

LONDON, Sept. 1.—A despatch from Tangier to the Times complains that Germany is stealing a march on the other powers by secretly sending her consuls to Fez, evidently the correspondent thing with the intention of being considered by Mulai Hafid as the first power to recognize him, and to have a confidential advisor at the new Sultan's side.

NO EASIER MARK THAN DR. MACRAE

Conservatives Sore Over Convention Result. Dr. Daniel in the Blues, But the Candidate is Cheerful—It's Done and it Can't be Helped.

Street comment today is to the effect that last evening's Conservative convention was the most satisfactory Liberal campaign meeting held for some time. It is felt that Dr. Daniel's appointment is justifiable and there is general sorrow. Many have expressed the belief that Dr. Macrae obtained the nomination not by his own energetic canvassing and the result is that hundreds of staunch Conservatives are, to put it bluntly, annoyed at the idea that one man could pull a whole convention. But what are they going to do about it? The question now bothering the party leaders. And they admit that nothing is possible. Dr. Macrae has been nominated, and will have to stay nominated but too bad, too bad, when there were stronger men available.

EMPLOYERS FOIL NEW ARMY SCHEME IN GREAT BRITAIN

Will Not Give Employees Sufficient Leave to Acquire Drill. LONDON, Aug. 31.—While all the Press praise the scheme made by the new Territorial Army, which has been announced by the Government, critics of military affairs deplore the fact that it is practically vetoed through the parsimony and unpatriotism of the civil employers of the soldier—speaking selfishly, some papers call it. And it is definitely stated in the military circles, where regiments of officers, both active and retired, congregate that unless the government finds a way to circumvent this state of affairs, it will wreck the territorial army and with it the volunteer system.

BRITISH STEAMER AEON IS LONG OVERDUE

Left San Francisco for Sydney on July 6th and Has Not Since Been Reported. SAN FRANCISCO, Sept. 1.—Grave fears are entertained for the safety of the British steamer Aeon which cleared from this port for Sydney via Apia and Auckland July 6, and has not arrived there. The steamer Lord Selkirk of the same line, arrived at Auckland on Sunday and reports no sign of the Aeon. Reinsurance on the vessel is quoted at 50 per cent, but it is believed in shipping circles that the ship has not been lost but has sustained injuries that has detained her.

CROWN PRINCE OF GERMANY IN AN AUTO ACCIDENT

BERLIN, Sept. 1.—Particulars of an automobile accident to Crown Prince Friedrich Wilhelm and the Crown Princess during their recent visit to Metz have just leaked out, because a hay cart forced the Prince's motor into a ditch where it turned over. The occupants of the car suffered no injury but were unable to get from under the machine until peasants came to their assistance. The Crown Prince handed over a sum of money for the benefit of the poor of that section.

NEW WHITE STAR LINERS TO BE GREATEST SHIPS AFLOAT

Considerably Longer, Though Not Faster, Than the Giant Cunarders—How Such Immense Steamers are Built. LONDON, Sept. 1.—The Times says that the new White Star line steamships just laid down on the Thames, will be bigger, but not speedier than the Lusitania.

KILLED HERSELF TO SHOW HER BRAVERY

A Pathetic Tragedy in a Dakota Town. Little Girl, Hoping to Win Her Father's Approval, Leaned on a Shotgun and Fired It. NEW YORK, Aug. 31.—A despatch to The Herald from Geddes, N. D., says: "Tell papa I've got the nerve, too," said the ten-year-old daughter of Mr. and Mrs. John Stots as she leaned over the muzzle of a shotgun and released the charge with a stick. Following the report the wounded child ran out of the house and with a pitiful little flutter fell dead in the dust of the road.

THE GREAT OIL WELL FIRE HAS BEEN EXTINGUISHED

Estimated That Three Million Dollars Worth of Damage Has Been Done. CITY OF MEXICO, Sept. 1.—Word reached the firm of S. Pearson and Sons last night that the great oil well fire, which has raged at Desbocas, near Tampico, for two months, was extinguished last Sunday. Six giant centrifugal pumps poured gravel and mud into the mouth of the boring well for ten days and this coupled with persistent dynamite blasting choked the orifice and smothered the flames. The oil has again worked its way to the surface and the well is flowing at the rate of 2,000 barrels a day.

RAILWAY SHOULD BRING BACK ALL WHO WOULD COME

Toronto Globe on the Harvest Excursion Bungle—Conditions Should Not be Enforced. TORONTO, Sept. 1.—The Globe says it has received numerous letters from the Ontario men who left the province two or three weeks ago to work in the western harvest fields. The letters are for the most part appeals to let the people of Ontario know that the labor market in the west is very likely overstocked, and that much of the harvest work is being done by the farmers themselves while the harvesters from the east are in many cases hanging around the railway stations penniless and hungry.

FIRE AT SYDNEY MINES
