HIGH WIND PREVENTS
AEROPLANE FLIGHTS

But Still New Yorkers Had
a Busy Day

Hudson Memorial Dedicated—Reception to
Naval Officers—Big Time
Tonight.

NEW YORK, Sept. 27.—Water yielded
today to air today as the most prominent
feature in the Hudson-Pulton celebra-
tion. The people of New York turned
from the naval display in the Hudson
toward the blue sky patches above the
tall buildings where they hoped to see
darting the bird-like machines of Wil-
bur Wright and Glenn H. Curtiss.
It had been announced that the
flights would not be made unless weath-
er conditions were favorable and the
stiff breeze that blew from the north-
west made the prospects for the aerial
exhibition far from encouraging.

Lacking the aeroplane flights the
holiday crowds still had plenty of at-
tractions. Palisades Park, stretching
for 14 miles along north from Fort
Lee, opposite Upper Manhattan and
the tall shaft erected in memory of
Hudson on Spuyten Hill were dedicat-
ed today.
While the warships had no official
part in today's programme, their of-
ficers and men were not idle. Elabo-
rate plans have been made for their
entertainment throughout the week
and regiments of the Army and Navy
will be present at a reception to the naval
officers given at the Headquarters of the
Army Department of the East on Gov-
ernors Island. This evening the Met-
ropolitan Opera House will contain a
distinguished gathering when the cele-
bration committee holds its official re-
ception. There will be literary exer-
cises and the delegates of the various
powers and representatives of the dip-
lomatic corps and the various branch-
es of national state and city govern-
ment will be present.
The dirigible balloon race from New
York to Albany on the New York
World prize was definitely postponed
until tomorrow owing to the unfavor-
able weather.

KILLED HIS FATHER IN
HIS MOTHER'S DEFENCE

Ed Davis Quarrelled With His Wife Because
the Breakfast Did Not
Suit Him.

COSHOCTON, Ohio, Sept. 27.—Wm.
Davis, 20 years old, killed his father,
Ed Davis, six miles south of here yes-
terday during a quarrel between the
boy's parents. The son says his father
threatened to strike his mother and in
order to protect her he struck his
father down with a hatchet.
The police say the boy also stabbed
his father near the heart with a knife.
The son is under arrest. Ed Davis is
said to have quarrelled with his wife
because she did not cook his breakfast
to suit him.

PICKING OUT A MAN
TO MEET BILLY PAPKE

NEW ORLEANS, Sept. 27.—A series
of middleweight championship fights
for the purpose of eliminating all but
the best man to fight Billy Papke for
the title will begin here next Sunday
when Hugo Kelly meets Eddie Mc-
Goorty. It has been decided to match
the winner of the contests with Papke,
the fight to take place on October 31
before the West Side Athletic Club.
Papke already has signed articles to
fight.

WELL KNOWN ELECTRICAL
INVENTOR IS DEAD

CHICAGO, Sept. 27.—Milo G. Kellogg
died yesterday at his home. He had
been identified with electrical interests
for many years, especially devoting his
attention to the telephone and the
transmission of sound by
electricity but in the application of
electricity to various devices. He was
born in Rodman, N. Y., in 1849.

PERSONAL

Ralph M. Hayes and Robert Stalling
left at noon today to resume their
studies at Mount Allison.
Clyde Chamber, of Woodstock, passed
through the city today on his way to
Sackville.
Miss Jean Campbell left for Sackville
this morning, where she will enter
Mount Allison University. She was
accompanied by her father, Rev. Dr.
G. M. Campbell.
Arthur P. Hazen came in on the
Montreal express today.
Fred E. Taylor returned to the city
this morning.
Mrs. John K. Schofield and Miss
Schofield arrived in the city today at
noon on the Montreal express.
E. H. McAlpine came in on the At-
lantic express at noon.
Chas. Evans, of McAdam, is visiting
friends in the North End.

UNCONDITIONAL SURRENDER OF THE
MOORISH FORCES TO ARMS OF SPAIN

Surrounded on Mount Guruga, the Tribesmen Sue
for Terms--Successful Completion of the
War Will Help the Government at Home

MADRID, Sept. 27.—The war office
today announces the complete success
of the manoeuvres in Morocco against
the Moors. Both Nador and Zeluan
have been occupied. At the latter town
there was bloody fighting with large
bodies of Moors, the details of which
have not yet been published. The ring
around Mount Guruga is now consid-
ered almost closed and the position of
the Moors is desperate. Capt. Amas
appeared before General Marina, the
commander of the Spanish forces, yes-
terday and asked terms of surrender
for the tribes entrenched on Mount
Guruga.
The immediate successful termina-
tion of Spain's war against the Moors
which has been going on since July,
would be of incalculable value to the
government of Premier Maura against
which the campaign in Spain is daily
becoming more intense amongst the
upper classes. A large section of the
upper classes, however, are manifest-
ing warm support of the government.
The minister of the interior is being
deluged with letters begging him to
continue the work of maintaining pub-
lic order.
ALHUCEMAS, Morocco, Sept. 27.—
The entire coast line here is illumined
with the fires of burning Moorish
villages. After the Spanish batteries,
in the fighting yesterday had sil-
enced the native artillery, the artillery
advanced and drove the natives from
their positions.
MELILLA, Morocco, Sept. 27.—The
capture of Nador by the Spanish
forces yesterday was comparatively
easy owing to the strategy employed
by Gen. Orozco, who feinted in the
direction of Zeluan, to which point the
Moors rushed, the Spanish commander
then turned his men and marched
into Nador. The defences of Nador
were raised and the town was burned
by the Spaniards. The Moors had con-
sidered deep ditches around Nador
up a stubborn defence. From Nador
the Spanish artillery shelled Zeluan.
The positions surrounding Nador are
now occupied by 20,000 Spanish soldiers.

SIZING UP PEARY'S CHARGES
AGAINST DR. COOK'S CLAIM

General Hubbard Looking Over the Evidence—Whitney Re-
peats His Statement About Peary Refusing to
Carry Cook's Records

NEW HAVEN, Conn., Sept. 27.—Pend-
ing the conference tonight between
General Thos. H. Hubbard, president
of the Peary Arctic Club, and Com-
mander Robert E. Peary on the pro-
ceedings of the Peary expedition, the
controversy is expected to develop.
Commander Peary will reach here
from Portland tonight and go at once
to the home of General Hubbard, where
he will be a guest during his stay
here.
General Hubbard has thoroughly re-
viewed himself with the Peary pro-
ceedings which he has had under examina-
tion for several days as president of the
Peary Arctic Club and as Commander
Peary's personal counsel he is pre-
paring to outline a map of campaign and
procedure in the controversy with Dr.
Cook while seemingly quiescent, the
friends of Commander Peary say they
are preparing to establish the fact
that General Hubbard says he has no
statement to make today.

THEIR BODIES BURIED
UNDER TONS OF EARTH

Three Nevada Miners Entombed—Rescuing
Party Finds One of the
Victims.

GOLDFIELDS, Nev., Sept. 27.—Three
miners who were imprisoned by a
cave-in in the combination mine are
now believed to be dead. The rescue
party broke into the shaft where the
accident occurred last night and there
found the body of Evan Roose, but
could find no trace of W. J. Bertsch
and M. C. Matt, who are believed to
have taken refuge in the same cross-
cut.
Roose's body was unmarked and it is
believed he was suffocated by fumes
from a cyanide solution which seeped
through the earth from the collapsed
miners above. It is believed the im-
prisoned men are beneath tons of
debris, and it may be weeks before
their bodies are recovered. For thirty-
four hours the rescue party worked on
six shafts blasting through solid
rock to reach the spot where Roose's
body was found.

DEATHS

NEWINS—In this city on the 24th inst.
Barbara Nevin, (nee Mitchell) aged
75 years, leaving two daughters and
one son to mourn their loss.
Funeral at 9:30 Tuesday morning from
her late residence, 52 Somerset St., N.
E., to Holy Trinity church, Requiem
High Mass 9 o'clock.

NEW YORK VISITORS
LOST IN THE WOODS

Dr. and Mrs. Murphy Had a
Trying Time

Wandered About for Hours, Chilled,
Drenched With Rain, and Thor-
oughly Miserable.

Dr. Murphy and his wife, of New
York, are the guests of Dr. George F.
Matthew and family at Gondola Point.
They had an experience last night
that will probably linger in their mem-
ory for a lifetime, for they got lost in
the woods during a cold, dark and stormy
night in something that a person does
not soon forget.
Dr. and Mrs. Murphy had become
tired of being about the house for a
couple of days owing to the stormy
weather, and yesterday afternoon
about five o'clock when the weather
brightened considerably, they decided
to take a short ramble in the woods
before supper.
After walking through the woods for
some time, they retraced their steps
and walked leisurely, as they thought,
over the route that they had entered
the woods. After about a quarter
of an hour's return tramp, and no sign
of the highway or the Kennebecasis
River, it became apparent to Mr. and
Mrs. Murphy that they had missed the
trail and were lost in the woods.
Darkness was approaching and the
couple could not tell in which direction
they were tramping. They kept on,
however, and with the darkness as
black as ink came a heavy down-fall
of cold rain. On they walked, stum-
bling over fallen trees, stepping into
holes and as they pushed their way
through the bushes they were every
moment becoming drenched with the
rain.
There was no shelter from the storm,
the ground was sodden wet and the
largest trees only held the rain for a
few moments to let it pour in torrents
when the night winds stirred the
leaves. The New York doctor and his
wife kept up the tramp praying that
the next few yards might bring them
out on the river bank, the road, or
some farm from where they could get
their bearings or shelter for the night.
When the supper hour had arrived
at Dr. Matthew's home there was a
wait for the return of the guests, and
when a reasonable time had expired
and there was no sign of them, Dr.
Matthew and his family became alarm-
ed. When darkness set in and the
rain began to fall, the household was
alarmed, and it became quite appar-
ent that the New York doctor and his
wife were probably lost in the woods.
Donning rubber boots and rain-coat,
Dr. Matthew summoned together some
of the nearby residents and the party
set out to rescue the lost ones.
The woods were tramped for some
time into the night before Dr. Mat-
thew gladly heard an answer to his
call and a short time after he was
enabled to pilot his guests out of the
woods to the road, where a carriage was
obtained and they were driven home.
Dr. and Mrs. Murphy were cold, wet
and almost exhausted, and when for-
warded only a couple of miles away from
the Matthew's residence. Instead of
taking a straight course, they had been
walking through the woods in a circle
and their tramp might have resulted
seriously had they not been found
when they were.

ITALIAN CHARGED WITH
MURDERING CHILDREN

Police Have Strong Evidence Against Rizzo
for Killing Two Little Ones.

UTICA, N. Y., Sept. 27.—It is an-
nounced by the police and county
authorities this morning that the kid-
napping of three children, the murder
of two of them and the shooting and
wounding of the third in a lonely sec-
tion of this city two weeks ago last
night, has been completely solved. It
is believed beyond the shadow of a
doubt that the evidence that will be
presented against Theodore Rizzo,
now in custody, will convict him of the
murder. This afternoon a formal charge
of murder will be made against Rizzo.
On Monday next the grand jury will
assemble and the Rizzo case will be
the first one presented to that body.

SCHR. ANNIE E. BOOTH
PUTS IN FOR REPAIRS

Spring a Leak in the Bay—Virginia Also
Forced to Seek Shelter.

The schooner Virginia, Captain
Graham bound from Galois, Me., for
Noel, N. S., put in here for shelter this
morning.
The schooner Annie A. Booth, Cap-
tain Seeley, put in here leaking this
morning. The Booth is on a voyage
from Parrboro to City Island for or-
ders, with a cargo of scuttling. She
sprang a leak in the Bay and has been
doctored at Lower Cove, where an en-
deavor will be made to locate the leak
and effect repairs.

MANY RUSHING TO
SECURE DOG LICENSES

Afraid of "Dog Day" Which Comes To-
morrow—Methods of Dealing With
Delinquents Criticised.

The announcement that all dog owners
who have not yet secured a license
for their canines will have to appear
at court tomorrow in response to a
summons sent a large number of citi-
zens in a hurry to the City Hall this
morning to pay the amount required
in order to secure the brass tag. There
was a steady stream of applicants all
morning to the common clerk's window,
who is issuing licenses during the ab-
sence of Mr. Ward, was kept busy
writing the documents.
Complaints have been heard from
some of the policemen regarding the
methods of conducting a wholesale dog
day. Owing to the number of sum-
mons issued in one batch it is almost
impossible to serve them all in the
required time. Then owing to the crush
at the police court caused by those
who do respond it is difficult to attend
properly to them all. The opinion has
been expressed that the work would
be done much more satisfactorily if
only a few were summoned at one
time and the delinquents were taken
in regular order.

THREE INCHES OF RAIN
FALLEN SINCE THURSDAY

The rain storm which has been gen-
eral throughout this section since last
Thursday, shows little sign of abating.
This morning the rain continued stead-
ily with occasional heavy showers,
and the forecast for tomorrow threat-
ens more rain. After a heavy fog all
day the rain began to fall on Thurs-
day night and has continued since
then practically without interruption.
Since then over three inches of rain
has fallen which is an unusually large
quantity for three and one-half days.
Most of this quantity came in the
form of heavy down pours, although
the steady drizzle has helped to make
up the quantity.
The wind this morning showed a ve-
locity of forty miles an hour and up-
ward and added to the severity of the
storm. Although no disasters have as
yet been reported, it is feared that the
shipping along the coast will be likely
to suffer.
The rain has been accompanied by
higher temperatures than usual for
this time of the year and at noon to-
day the thermometer stood at sixty
degrees.
The local delegates for the W. C. T.
U. convention left at noon today for
Sackville, where the gathering is to
be held this year.
