AGRICULTURAL SOCIETY.

Annual Meeting of the St. John Society Thursday.

The annual meeting of the St. John Agricultural Society was set down for 2.30 Thursday afternoon, but it was considerably after three o'clock before that body settled down to business.

R. R. Patchell presided and the other members present were S. T. Golding, J. Ward, Robert McLean, J. H. Friel, W. S. W. Mullin, B. Y. Millidge, S. Creighton and J. B. Hamm.

The report of the directors, which was merged with the report of the executive committee, was then presented and read. It was as follows:

To the Members of the Agricultural Society:—Your directors respectfully report that fourteen meetings were held during the past year, but there was no more to be done this year which would require the best efforts of the society to transact successfully.

The report of the directors, which was merged with the report of the executive committee, was then presented and read. It was as follows:

During the year the secretary of the society has resigned his post, and Mr. Millidge has been appointed in his stead. We regret that the membership has declined somewhat from that of the previous year.

OTTAWA.

OTTAWA, Oct. 26.—American poachers are giving great trouble to Canadian cruisers in the great lakes. A fast tug has been built by an American fishing firm with the special object of evading the Canadian cruisers.

ASTHMA PERMANENTLY CURED.

For a Number of Years Mrs. Whitcham, 104 St. Peter's, St. John, N. B., Suffered from Asthma. Doctors, Quack Medicines, and Home Remedies Failed. Help, but Catarrhose Cured Her After All Else Had Failed.

"For a number of years," writes Mrs. Whitcham, "I tried without avail a great number of remedies and spent a great deal of money on doctors and specialists, but nothing seemed to help me. At times I was so bad that I found it necessary to have the operation of tracheotomy performed. Finally our druggist asked me to try Catarrhose; all his customers, he said, spoke well of it. I did try it, although I did not expect to receive any benefit from it. In a few days I began to feel a little better and kept on using Catarrhose, and in a few weeks I was perfectly cured. That was about four months ago, and since then I have not had a single attack. I am now as well as I can be, and I am able to do my usual work. I am very grateful to you for the success of Catarrhose Treatment for Catarrh, Asthma, Bronchitis and Throat Troubles has been a great blessing to me. The success of Catarrhose, and the method of treatment, that of inhalation of the vapors of the medicine, is a most effective one."

For a simple breath in the medicated air it does the curing. It spreads to all portions of the lungs, bronchial tubes and sinuses. It is a direct and powerful action on the cause of the disease, killing the germ life and healing up the sore irritated membrane.

Complete relief, consisting of beautifully polished hand rubber inhaler and sufficient quantity of Catarrhose for 24 hours, 50c per bottle. At druggists or by mail, 75c. Postage extra. Trial size for 10c in stamps. "Johnson & Co., Kingston, Ont., Proprietors."
