Committee Appointed to See Government Before Deciding-Secretary

## C. A. Everett Resigns.

At the annual meeting of the share holders of the Exhibition Association Tuesday afternoon, the holding of a Tuesday afternoon, the holding of an exhibition in St. John this year, as recommended by a recent meeting of the board of directors, was discussed with no definite result. Only eight of the members were present and a s of depression at the lack of int ant and a spiri displayed throughout the city was ev displayed throughout the city was evi-dent. In view of the scanty attend-ance at was considered that decisive action in the matter was inadvisable. It was the general impression that public opinion, however, was in favor of an exhibition. In order to obtain fuller information before any action was taken, it was decided to allow the board's recommendation in and

facilitat to stand over board's recommen for the present until a committee ap-pointed for the purpose could confer with the provincial and civic governwith the provincist and civic governments. In the course of his report, C. A. Everett, who has been the associa-tion's secretary and manager for the past five years, tendered his resigna-tion of the position. Action regarding it was deferred until the matter of the

it was deterred until the matter of the exhibition had been deolded. President D. J. McLaughlin presided at the meeting and the members pre-sent were R. B. Emerson, C. A. Everett, R. O'Brien, S. S. Hall, R. R. ll, W. M. Jarvis, Lt. Col. Cunard and A. O. Skinner. After the reading of the minutes of the last annual

and subsequent special meetings, the president, in opening the discussion, told of the failure of the exhibition last fall owing to the refusal of the local government to make the necessary grant of \$5,000 on account of deds upon them by exhibition associations in other parts of the prov-ince. At this time it was understood that there would be no trouble in ob-taining a satisfactory grant in the future. The debts of the association S. S. Hall was confident that the en paid by grants of \$1,600 each had be from the city and province, but neith-er would consent to take over the pro-perty tendered them by the association. At present the insurance on the buildings had been paid and the association was practically free from debt.

The question of the holding of an ex The question of the holding of an ex-hibition here during this year then came up for discussion, and R. B. Em-erson told of the decision in the af-firmative taken at a recent meeting of the directors. Since then no com-munication had been held with the local superscripts rearding the grant local government regarding the grant necessary. If an exhibition was decided upon, it was necessary to ap-point a committee to confer with the executives of the province and the city. To successfully earry out the project, at least \$8,000 in grants was ssary; \$5,000 from the province

and \$3,000 from the city. R. O'Brien thought that the attendance present was hardly sufficient to arrive at a final decision in the matter. The meeting had been advertised and yet none of the common council nor any of the younger business men of the city, who should be interested, were present. This outlook was rather discouraging for the successful carryfeeling of the community was in favor of an exhibition. It would cer-

habilitation of the Chinese court and of its resumption of authority at the capital has been a period of the most intense interest to all classes of Chinese and foreigners. But the week has hardly sufficed to furnish proofs from which deductions can be drawn regarding the policy of the Emprese Dowager under the new conditions. That the Em-prese Dowager governs as absolutely as be-fore the attempt to crush progress, and that she recognizes that foreign interests and opinions must be respected, are apparent. That considerations other than the itear in-spired by the evidence of foreign cominance scittate her, will continue to be questioned by the Chinese officials nearest the throne and by foreigners unless time proves the contrary. The Teronto Star of recent date gives quite a lengthy description of W. J. Flewwelling's Spadina Avenue update grocery. The Star says : Mr. Flewwelling, who is an old resi-ient of St. John, N. B., has lately

taken over the business, and everyhing is thoroughly up-to-date. His store is an example of what en able to effect. Mr. Flewwellapplied are able to effect. Mr. Flewwelling has assisting him several sons, and their combined efforts have brought the es-tablishment to a high state of proficlency in every way. The showroom, which has been thoroughly renovated and newly stocked with the choicest goods, presents a very attractive ap-

by the Chinese officials nearest the throne and by foreigners unless time proves the contrart. Two powers are gaining ascendancy in the contrart. It is the second power is functions, and the neces-sity for China's adoption of the instruments by which such strength was attained. The second power is Yung Lu, the imperial trea-surer, who is the most influential among the advisors of the Empress Dowager. He is bitterly hostile to foreigners, but is tem-porarily impressed with the advisability of conclisating them. Yuan Shi Kai, the gov-ernor of Chi Li province, having ten or two thousand of the best troops in China in and about the capital, is the personage the Emprese Dowager must consider. Thas not yet appeared that the modern-field the old methods of corruption and head with a vigor indicating that official to the insistence of Mr. Heau, the French minister at Pekin, for the rights of the mini-sing the insistence of Mr. Heau, the French minister at Pekin, for the rights of the min-sing the christians. The Chinese foreign office has suggested the bis certenony shall take place on Sunarance, and when the Christmas deporations are completed, will be a delight to the eye. Mr. Flewwelling has taken every care to secure the best possible lines of goods, and therefore he can afford to guarantee everything which he sells. His customers, too, will receive every attention and civility from the clerks, and can be sure that their orders will be filled with the utmost possible despatch. These characteristics should soon make his store the most popular in the northwest section of the city. Already he is pleased to

state that he numbers among his customers many of the best families in his neighborhood; and, as his methods of doing business are progressive, he is rapidly gaining more trade and ex tending the territory which his wag-

ons cover. He carries a complete and varied tock of confectionery and candies and those who do not yet know his Bishop Pippins or New Brunswick dulse have a rare treat in store for

Russian and Japanese ministers present theirs. The Chinese foreign office has suggested that this ceremony shall take place on Sun-day. Sir Ernest Safow, the British repre-sentative, will suggest another day, believ-ing that the Chinese should respect the cu-toms of Christian nations in such matters. Audiences have frequently been held on Sun-day heretofore, and no minister ever made any objection to this custom. Foreigners and the Chinese reformers are strongly criticizing the ladies of the various legations here for their aceptance of an in-vitation from the Empress Dowager to an audience. They believe the Chinese sill construe this acceptance as a recognition of the claims of the Empress Dowager to su-premacy. It is argued that the ladies in question should sacrifice their pleasure and the indulgence of their curiosity to public interests. The reorganization of the faculty de interest, after the retirement of W. A. P. Mar-in, president of the foreign faculty. Dr. Kartin severely criticized the Chinese gor-tin strate age is the principal reason for its advanced age is the principal reason for its suppression of two liberal papers, con-in them. These are the genuine articles, from the Annapolis Valley and the Atlantic coast, and can be purchased at no other establishment in the city. There are as many kinds of molast as there are islands in the West Indies, but the pure goods from Porto Rico surpass all in quality and fine and Mr. Flewwelling always ness; keeps these in stock, free from al adulteration.

Mr. Flewwelling is also an expert in teas, and is very careful to keep the best grades and a very wide range of varieties, among them being the well-known package tes, the Red Rose Mr. Flewwelling has made ample arrangements to handle a large Christman trade, and the indications are that he ent China will get it.

When father searched the attle through He brought us down to show A pair of skates he used to use Some twenty years ago. He held them proudly by the straps, And said with much elste, "I guess I'll go down tew the pond An' show ye' how to skate."

Se father put his cowhides on, And started for the lce: He screwed the screws into his heels And strapped them tight and nice. "Till show yow youngsters how tew c A pidgin wing they's great!" He cried, and then he started out To show us how to skate.

He made a bold and rapid stroke, His arms spread parallel, And then his feet went in the air, And with an awful yell He fell kerplunk down on the ice And cracked it far and wide; And wide inmself from head to foot Until he nearly died.

We carried him into the house, And laid him on his bed. "Please sen' fur good ol' Dr. Brown, My tather fainty said. The doctor came with pills and squills, And looked both great and wise; And said my father's case was one Of too much exercise.

Pa saw a million stars I guess, And likewise saw his err; He let us put those skates away Without the least demur.

#### Funeral of the Late Miss Minnie Hogan-

DORCHESTER, N. B., Jan. 15 .- The esteem in which the late Miss Minnie Hogan was held was fully shown by the large attendance of citizens of the town at her funeral, which took place from her uncle's residence this morning at 10.30 o'clock. The remains were taken to the Catholic Church, where high mass of requiem was celebrated by the Rev. A. D. Cormier, C.S.C., who was assisted by the Rev. A. B. O'Neill, C.S.C., as deacon, and the Rev. T. Boylan, C.S.C., as sub-deacon. The choir from the University of St. Joseph sang the solemn hymns during the mass. The pall was borne by the following young friends of the deceased young lady: Fred Cochrane, John Powers, James Colburn, Jos. Lane, Jos. Brean of Dorchester, and Philip Fitzpatrick of St. John, N. B. The beautiful casket was covered with blue brocaded plush, something never seen here before, and was completely covered with floral tributes from her numerous friends. Among the large pieces were a wreath of carnations and other flowers from the staff of the penitentiary, a cross from Mr. and Mrs. John Keeffe of St. John, and a large bouquet from the matron of the penitentiary. Undertaker Fitzpatrick of St. John conducted the funeral ar-

rangements in a very creditable manner, and along with Mr. and Mrs. Hogan, left by the C. P. R.

I respectfully present the accounts of the treasurer and secretary, which have been audited by F. S. Sharpe, also a general financial statement. To meet an unwarranted impression

that our exhibitions have been almost wholly dependent upon the public treasuries, I would respectfully state that the total cost of our eight exhibitions, including the purchase of lands, erection of buildings and all its equipment was \$161,035.32; of this amount ou ment was \$151,035.32; of this amount our prize expenditures were \$35,417.50. We have received, including recent grants, from the provincial treasury \$22,613.54; from the city, \$15,000-total \$42,213.64, and our prize expenditure exceeds the total amount received from the provin-cial treasury by \$12,803.86.

Respectfully submitted, CHAS. A. EVERETT,

HIS INDIVIDUAL LAMP FOR STREET CARS. (Chicago Record-Herald.) ST. LOUIS, Dec. 25.-The decidedly novel sight of a passenger on a street car reading by the light of his own portable lamp was witnessed, probably for the first time in any city, on an Eighteenth street car of the St. Louis Transit Company's system tonight. Herman, Schmidt of 2230 North Market street, a carpenter, is the owner of the lamp, which he invented himself. It is a one-candle power only, but he declares that it globes in a street car during the busy hours of the evening. Schmidt is a busy man and has little time to read. At home he has his duties to at-tend to, the children to amuse and instruct, and his time during the day is prooccupied by business. His only time to read is dur-ing the hour he must ride on the cars go-ing home from his work. Of late weeks, he declares, it has been an absolute impossi-bility to see to read by the dimis-lighted street cars. Hence the portable pocket lamp. Charles Clark of Washademoak is a obarcoal king, though on a small scale. He drove to town Tuesday with what he termed "a general cargo," following the roads most of the way, as they are in fine condition, while the river is wet and slushy. Mr. Clark is perhaps the only man in the province who manu-factures and deals extensively in char-coal. After manufacturing the smoke-less fuel he has it shipped to the city and stored From the storage quar-ters the big hotels and restaurants draw their supply for broiling and cooking along other lines. deal of the coal is used in private houses as well. Some of it goes to other parts of Canada and the United States. Charcoal making is a process of which the people generally are not much acquainted. Sticks of white birch, white maple and other hard woods are piled on end close together over a smouldering fire, the whole be-ing covered with earth. When the wood is thoroughly burned to a cinder the earth is removed and the charcoal remains. A great deal of care and pre-cision is required to burn the wood correctly, and in removing the earth-ity covering at the right time.

Mr. Shanes, who is operating at Menzie Lake, back of Grand Bay, has cut over one hundred cords of spool wood for J. A. Gregory of Dunn's mill already this season. The wood is ship ped to the old country.

are the natural, logical and sure cure for feeble girls. They are not purgative pills, but a tonic-blood-building, nerve-strengthening and possessing qualities which act directly upon the organs responsible for the trouble.

It they are given to young girls who are not thoroughly healthy and normal, you will see the effect at once in a brightening of spirits, in an increase of weight and in a disappearance of all the symptoms of premature feminine weakness. These pills are the best thing in the world for women's trouble of all kinds. They are the best for young and old.

Miss Edna Packer, Everton, Ont., writes :-- "About a year ago I was troubled with headaches. As time wore on my condition grew worse. I Lecame so weak that the least exertion would exhaust me, and my heart would give me great trouble. If I stooped to pick anything up I would become so dizzy that I could only walk with difficulty. I always felt tired and worn out. I tried several medicines, but they did not help me any, and after being in this condition for some months I began using Dr. Williams' Pink Pills. Before I had finished the first box I felt some relief, and after using the pills for about a month I was as well as ever I had been. While sick I lost twenty-four pounds in weight, but under the use of Dr. Williams' Pink Pills gained it again. I think Dr. Williams' Pink Pills saved my life and I shall always recommend them."

These pills are the only pills of the kind, and you must be sure to get the genuine. You can tell the genuine because the full name "Dr. Williams' Pink Pills for Pale People" appears on every box. If you don't find them at your dealer's write direct to the Dr. Williams' Medicine Co., Brockville, Ont., and they will be sent prepaid at 50 cents a box or six boxes for \$2.50.
