**SHATTERED NERVES AND PARALYSIS.**

Shattered Nerves Developed Nervous Prostration—Nervous Prostration Developed Total Paralysis of One Side—Great South American Nerve in the Teeth of Most Adverse and Complicated Circumstances Overcomes All, and Restores Wife and Mother in Good Health to her Family—These are the Written Words of Edward Parr, Surry Centre, B. C.

"My wife was taken bad last August with nervous prostration. Which later on developed into paralysis of one side. We tried many remedies, but all in vain. I thought I would try South American Nerve, having seen it advertised in the New Westminster, B. C., papers, and I am glad to be able to say that the result after taking three bottles was an astonishment to myself and family. It worked wonders for her and we cannot speak too highly of this great remedy." No case too acute or of too long standing to defy its wonderful merits.

Carthaginians were the first to pave their towns with stones. In 1533 London was first paved. Wood paving was introduced in the year 1839.

**KIDNEY PAIN.**

John Snell, of Wingham, Ont., was in a Maelstrom of Pain and Agony from Diseased Kidneys—South American Kidney Cure was the Welcome "Life Preserver"—It Relieves Instantly and Cures Surely.

"Five years ago I had a severe attack of La Grippe which affected my kidneys and caused intense pain in my back and urinary organs. I suffered untold misery, at times I could not walk, and any standing position gave me intense pain. I became worse so rapidly that my family became alarmed. Just at this time I noticed South American Kidney Cure advertised. Although I had little faith left in any remedy—having tried so many worthless ones—but a drowning man will grasp at a straw, and I procured a bottle. In a few days it had worked wonders, and before half a bottle was taken I was totally relieved of pain and two bottles entirely cured me."

At the present time more steel is used in the manufacture of pens than in all the sword and gun factories in the world.

**THREE WEEKS IN AGONY.**

Inflammatory Rheumatism so Acute He Could Not attend to His Daily Duties—Lived Three Weeks in Agonizing Pain when that "Good Samaritan" of all Cures, South American Rheumatic Cure, Passed His Way—It Helped in a Few Hours, and Speedily Cured—Cost 75 Cents.

Mr. E. A. Nortan, a well-known citizen of Grimsby, Ont., was severely attacked with inflammatory rheumatism some 20 years ago—after a time he recovered, but five or six weeks ago the dread disease returned so violently that he had to give up work. For nearly three weeks he lay in bed suffering terrible agony. Another resident of the town who had been cured by South American Rheumatic Cure persuaded him to try it, and to his great surprise after using the medicine but one week he was so far recovered as to go about town. From the first dose taken he felt marked improvement, and today he is most enthusiastic in singing its praises. No case too severe for South American Rheumatic Cure to check in six hours, and cure permanently.

Queen Victoria's reign is usually spoken of as a peaceful one; yet it is true that thirty-seven distinct wars have been engaged in since her accession to the throne.
