

## FOR WOMEN

Highly Successful  
Musical Held

Excellent Programme Carried Through at F. G. Spencer's Home, Ononette, Saturday — Four Hundred Dollars Raised for Nurses' Home Reception Room.

A highly successful musical was held in Ononette Saturday evening at the home of Mr. and Mrs. F. G. Spencer. The programme rendered was of a high order, and gave much pleasure to an audience which exceeded two hundred and fifty persons. The sum of four hundred dollars was raised by means of the concert and a basket social which followed, and the proceeds will be devoted towards a fund for the furnishing of the reception room in the new Nurses' Home as a memorial to the gallantry and sacrifice of the late Lieutenant A. C. Gilmour.

The concert was arranged by Mrs. B. D. Smith. Dr. W. W. White assisted in the auctioning of the baskets and proved a most persuasive wheeler of the cause. His eloquence found full scope in his dainty wares, some of which were only secured after the fifteen dollar mark had been reached.

Miss Hazel Eden, of the Boston English Opera Company, graciously consented to assist in the musical programme and proved herself quite popular of the cause as when performing before St. John theatre-goers. She was warmly applauded in all her numbers. The other performers, too, were very pleasing, and were obliged to respond to hearty cheers.

The following was the programme: Piano solo, Prelude in C Sharp Minor (Bachmann)—Bayard Carrière.

Song, "I Shall Awake" (Kramer)—Finlay Campbell.

Aria, from "Faust" (Gounod)—Miss Hazel Eden.

Reading, "A Phantom Vanished" (Laurence Sherwin Cook)—Miss Amelia Green.

Songs, (a) "Absence," (b) "The Rose" (Nevin)—Mrs. F. G. Spencer.

Song, "By the Sea" (Schubert)—A. C. Smith.

Violin, Scene de Ballet ("De Beriot")—Mrs. T. J. Gunn.

Song, "Songs of Dawn and Twilight"—Mr. Campbell.

Aria, "I Dreamt I Dwell in Marble Hall" (Bohemian Girl) (Bailor)—Miss Eden.

Reading, "Entertaining the Missionary"—Miss Green.

Duet, "Live and Love True" (Campbell)—Mrs. Spencer and Mrs. Campbell.

God Save the King.

Contempt.

"Did you tell her that smoking isn't allowed?" "Yes." "Did you point out the notices?" "Yes." "Well, what did she do?" "Lit her cigarette with it."

Mutual Surprise.

"I was surprised to hear you were kissing my girl in the dark the other night." "No more surprised than I was when I saw her in daylight!"

How to Reduce  
the Cost of Living

ALICE JOYCE  
IN SCENE FROM  
"DOLLARS AND THE WOMAN"

Alice Joyce has a role of unusual interest in "Dollars and the Woman." It is a story of timely interest dealing with the domestic problem in these days when the cost of living is responsible for so much unhappiness. It provides her with one of the best roles of her brilliant career.

Damrosch Orchestra  
Made Hit In London

Critics Had Nothing But Words of Praise for Musicians — Singers Well Received.

Copyright, 1920, by Cross-Atlantic News Service.

By GRENVILLE VERNON.  
London, July 17.—The visit of the New York Symphony Orchestra, led by Walter Damrosch, has been the outstanding feature in London's musical world the past month.

Mr. Damrosch and his men arrived here in Ascot Week, a week when fashionable London decamps en masse, but received excellent critical notice. At the first concert in Queen's Hall, the American Ambassador was present with the Princess Marie Louise, and there was a generous showing from the British musical world.

The critics were unanimous in placing the personnel of the orchestra at a high level. The balance of the orchestra and the general certainty and crispness of the playing were particularly praised. The wood wind choir came in for favorable notice, as also the superior drilling of the strings in comparison with English orchestras.

Mr. Damrosch received warm praise as a musician of taste and refinement of feeling and as a drill master of great merit. The soloists at the first two concerts were Albert Spalding and John Powell, both of whom made a favorable impression.

Miss Sophie Braslin at her recital in Queen's Hall made an instant success. The American contralto was in admirable voice. The Morning Post said of her: "She has a genuine contralto voice of much power, capable of many shades of expression, and a manner of interpretation which goes deep into the matter she sings. Miss Braslin is a singer London will be glad to hear."

Another singer who was welcomed with considerable cordiality was Miss Marcia Van Dresser. Her recital at Wigmore Hall called forth warm praise of her taste, distinction, and the elegance of her phrasing, coupled with the regret that there was not more fire and temperance in her interpretations.

A Cool Refect.  
She just kissed by him—How dare you? Father said he would kill the man who kissed me!"  
He—"How interesting! And did he do it?"

The Great Difference.  
"Now, tell me the difference between a lake and an ocean?"  
"Please sir, lakes are not so many to swallow when you fall in!"

'Waacs' and 'Wrens'  
Take To Sewing

English Government Teaching Demobilized Women to Use the Needle—Splendid Success Met With.

Copyright, 1920, by Cross-Atlantic News Service.

London, June 17.—Many of the "Waacs" and the "Wrens" and other soldier and sailor girls and munition workers who have been "demobilized" are not only once more wearing "feminine" frocks and frocks, but they are busy making them—and very well indeed are they acquiring themselves at their new tasks.

An interesting exhibition of dress making and ladies tailoring work by women demobilized from Army, Navy, Government offices, and munitions works is being held at the Shaftsbury avenue centre for the training of unemployed women.

The scheme was instituted by the Ministry of Labor, and in the space of their three months' training 200 "demobilized" women at the Shaftsbury avenue and Battersea centres have filled four large rooms with coats, skirts, blouses, less conspicuous articles, and everything for the baby.

The exhibition is intended to introduce the work of the two training centres—there are about forty in and around London—to the trade.

There are still many girls to be demobilized and it is considered essential to continue their scheme for some time. There is always a strong demand for good dressmakers and tailors; so there seems small danger of crowding the labor market in these lines.

The course of instruction lasts for six months, and the girls who complete it are competent to earn a good living.

Mrs. Maggie Taylor  
Moncton, N. B., July 18.—The death of Mrs. Maggie B. Taylor, widow of the late Edwin Taylor, who, during his life time, was a well known commercial traveler, occurred quite suddenly at her home in this city last evening after a month's illness.

Mrs. Taylor was the daughter of the late Robert Cochrane, of Moncton, and was well known, having many friends. She was an active member and worker in St. John's Presbyterian Church, and was greatly beloved by all who knew her. Deceased is survived by her aged mother, who is in the ninetieth year of her age, two daughters, Miss Hazel Taylor, of the public schools staff, Moncton; Mrs. Charles Bezan, also of this city; two sisters, Mrs. Cameron, wife of Owen Cameron, freight claims agent, C. N. R. and Mrs. N. F. Fraser, Charlevoix, and one brother, George M. Cochrane, Moncton. Deceased was about sixty years of age.

Change In Dress  
Marks First Court

Flowers, Trails and Wreaths Displace Feathers and Old Fashioned Court Train — No Bare Backs or Shoulder Straps.

Copyright, 1920, by Cross-Atlantic News Service.

London, July 17.—Flowers, trails, wreaths, and garlands of dainty bloom, posies and bouquets were the feature of their Majesties' first court of the season at Buckingham Palace.

Debutantes are delighted with dowagers depressed at the changes in court dress. The charm of youth has full play. Garlands of flowers and leaves provide a more girlish becoming finish to the costume than ever the old feathers did, but the stately dignity of the dowager vanishes with the plumes and flowing court train.

Man is being shown of his picturesque black velvet, his cut steel buttons, and his silver shoe buckles, and woman is shedding her feathers, veil, and sweeping court train by royal command.

"There was never any intention to make uniform court dresses. The design furnished by the Queen were for the purpose of indicating the general trend of court dress, and needless to say, no women are wearing bare-backed dresses or shoulder-strap sleeves."

Although the full court train has been given its dismissal, many of the dresses show wispy little trains of the fish-tail persuasion. Sometimes the sash draperies and their carcer in a gossamer little train of chiffon, lined with chiffon in another shade. Divided trains are also favored by some women. The train in every case is of the most airy description, and can be switched over the arm.

White is worn by the majority of the debutantes, chiffon, silk georgette, lace, and other dappanous textures being the materials' most honored. There is a new spirit shade flushed with rose and a range of becoming rose tints that look particularly well under the brilliant lights.

Thomas Nickerson  
Moncton, July 18.—The death of Thomas Nickerson, an employee of the Albert Manufacturing Company at Hillsboro, Albert County, occurred in the Moncton Hospital this morning after some weeks' illness. Deceased was sixty years of age, but leaves no family. One brother, James Nickerson, of Vancouver, survives. Deceased was born in Moncton.

Opera Company  
Closed Engagement

The Boston English Opera Company closed its engagement at the Imperial Theatre Saturday night, Mikado was the bill at the matinee and The Pirates of Penzance was presented at night. The audiences were large and appreciative. It has been a long time since St. John has had the pleasure of hearing such an excellent company and the performances Saturday proved all that could be desired. The solos and choruses were received with rounds of applause and encores were frequent. The engagement of the company was too short for the true lovers of music.

habit by swapping it for a worse one. Power men would protest against drinking soda water if it weren't for the name of the stuff.  
It sometimes happens that a man hits an enemy a hard blow by ignoring him.

WOMEN REFUSE  
TO GIVE AGE

Kansas Women Not Allowed to Register Unless They Give Their Age to Registrar.

Copyright, 1920, by Public Ledger Co. F. W. WILE.

Topeka, Kas., July 16.—Woman Suffrage, and women club leaders generally today rallied to the support of the position taken by Mrs. Margaret Hill McCarter, yesterday in refusing to register her age, when she went to register as a voter. Mrs. McCarter declared she will contest the ruling which was based on a decision of the Attorney-General that a woman can more definitely than "over 21."  
"It's a club the men hold over the women to prevent them from voting," declared Mrs. Lila Day Monroe, well known suffragist.

Dr. Scholl's  
"Foot-Eazer"

This is the foot appliance that has brought positive comfort and relief to millions of feet all over the civilized world. More of Dr. Scholl's Foot-Eazers are in use than of all other arch supports or other orthopedic devices combined. There is no reason, mustn't there?

That reason is that Dr. Scholl has spent a lifetime in study and research on the human foot. He is recognized as the foremost authority upon this subject. Hence, the Foot-Eazer is much more than a mere mechanical device—it includes within itself all of that positive knowledge which Dr. Scholl has gained through his years of tireless effort in the interest of foot comfort. It supports the weakened arch firmly and positively, yet sprightly and comfortably, taking the strain off the overtaxed arch, stretched muscles and ligaments and giving them the chance they need to regain their tension and their strength. You know that you have found the right thing the moment you stand upon Dr. Scholl's Foot-Eazers and feel the difference it makes to have your feet held in their correct, normal position.

**Bridge Body Weight**  
Dr. Scholl's Foot-Eazer bridges the weight of the body from the heel to the ball of the foot, taking the weight entirely off the arch. Unlike those devices that simply furnish a pad beneath the arch, they do not break down the shank of the shoe, but bridge the weight over the shank as nature intended. Have a pair of Dr. Scholl's Foot-Eazers fitted to your feet today by the graduate Practitioner whom you will find in nearly every shoe store which handles Dr. Scholl Appliances. Learn what real foot comfort means.

**Dr. Scholl's Foot Comfort Appliances**

are on sale in practically every shoe store throughout Canada. In nearly every such store you will find a Practitioner (foot expert), whose services in examining your feet and recommending the proper appliances are free. Take advantage of this service. You owe it to your feet.

Write for Dr. Scholl's FREE BOOK on "Treatment and Care of the Feet."

The Scholl Mfg. Co., Limited  
Department Six  
112 Adelaide Street, E., Toronto  
Chicago, New York, London  
Largest Makers of Foot Comfort Appliances in the World

**Dr. Scholl's Bunion Reducer**  
This is a scientifically constructed shield of pure, soft rubber, which not only protects the bunion or enlarged joint from the friction and pressure of the shoe, but also excludes the air and retains the body heat and moisture. This causes the softening and gradual absorption of the growth. In sizes for every need.

**Dr. Scholl's Anterior Metatarsal Arch Supports**

If your foot hurts, burns or callouses, where the finger points, you probably are suffering from weakness or falling of the metatarsal arch—the arch across the ball of the foot. One or more of the metatarsal heads or first toe joints, is probably depressed and supporting upon the delicate nerve structure. To correct this, Dr. Scholl's Anterior Metatarsal Arch Support is needed, and any Practitioner will examine your foot and tell you which of the several styles you require. He will make exact adjustments to correct your trouble and restore your foot comfort.

**DR. SCHOLL'S "3" Necessities for Foot Comfort**  
This is a combination treatment that is designed to keep the foot in perfect condition at all times. It consists of a special method of cleansing the pores more thoroughly than would cure the foot. It is a massage and healing balm and a scientifically correct and antiseptic foot powder. Thousands have found it the very thing needed for keeping their feet in good trim. Try it and see for yourself.

DEMOCRATIC  
PLATFORM IS  
SATISFACTORY

American Federation of Labor Approves Principles Laid Down at San Francisco Convention.

NEARLY TO  
LABOR DEMANDS

Republican Platform Classed as Defiant in Defense of "the Enemies of Labor."

Copyright, 1920, by Public Ledger Co. F. W. WILE.

Washington, July 17.—The American Federation of Labor, in so far as its non-partisan attitude permits, is inclined to approve and go along with the principles of the Democratic platform as marking a "measured" progress not found in the platform of the Republican party in relation to the demands of labor the work of the San Francisco convention "more nearly approximates" labor's desired "declaration of human rights" than do the planks found in the Republican platform.

This is the conclusion reached by Federation officials and made public in statement form today together with an analysis of the policies of interest and importance to labor enunciated by the Democrats. The analysis and statement, signed by Samuel Gompers, president, and Joseph Valentine, Wm. Green and Matthew Woll, vice presidents of the federation, is similar to the one issued on the Republican platform, June 12, and approved by the Montreal convention of the federation.

The Republican platform was condemned as defiant in defense of the enemies of labor. The platform "proposes an industrial enslavement and an abrogation of rights as precious as life itself." The officials of the federation today declare that "it is only fair to say" that the Democratic platform is the preferable from the standpoint of organized labor.

This apparently was as far as Mr. Gompers and his associates were prepared to go and still remain within their self-imposed restrictions of holding a non-partisan view of the political situation. Wm. Green, one of the signers of the statement today, called upon Governor Cox at Columbus and assured him of support. The statement of the federation officials taken together with the detailed analysis of the San Francisco platform is regarded a plain attempt on the part of federation heads to swing their membership to the Democratic presidential nominee. Labor's avowed non-partisan attitude and the fact that its non-partisan fight is directed against three prominent Democrats, Senators Thomas of Colorado, and Myers of Montana, and Rep. Blanton of Texas, makes it impossible for Mr. Gompers openly to declare for the Democratic party.

The men and women of labor, says the statement, "must judge between the declarations of these parties. The impending campaign and the election for President and Vice President, United States Senators and members of the House of Representatives is upon us and the citizenship of our country must determine its own course in electing these candidates for these offices who are most friendly disposed toward labor, justice, freedom, democracy and humanity, and to defeat those who are less friendly or more hostile to these principles."

"Labor of the American is not partisan to any political party; it is partisan to principles, the principles of justice and freedom. It undertakes neither to dictate nor control the choice of the workers or the citizenship generally for which party or candidates they should vote, but it would be a palpable dereliction of duty did we fail to place the facts before the voters of the country upon the records of both parties and their respective candidates for public office."

The analysis of the Democratic platform is made by stating the demand of labor presented to the committee on resolutions in San Francisco on June 23, then quoting the platform as it relates to the demand of labor, and then commenting on the difference between what labor asked for and what they received in the platform.

The plank in the Democratic platform which recognizes the right of collective bargaining through representatives of the workers' own choosing is passed without comment as approved. In commenting on the plank relative to the use of the injunction in labor disputes the labor leaders say:

"While the language of the platform constitutes an endorsement of the

labor provisions of the platform, there is no specific reference to the abuse of the writ of injunction. The injunction through the efforts of the Palmer in the matter fairly be assumed to be an endorsement of the injunction. On the manner in which the writ is used, the labor arbitration the union is made:

"The platform provisions are specific in its compulsory arbitration privately-owned industries. The union means to convey in the obligation of the state and the property of the workers. When the union of workers danger the lives or the property."

"The platform on the subject of the Seamen's Act is passed without comment. The union is pleased with the Democratic pledge that the union should be a party to the labor law, by the people of Mexico government should not sell a census of the investigations of Mexico with investors foreign to the splendid spirit manifest in the platform. In the union with regard to labor a policy of integrity in keeping with the best concepts of American labor."
