

NO PLACE IN DOMINION FOR THE RADICALS

W. S. Fisher of St. John Discusses Canadian Issues at C. M. A. Banquet

CO-OPERATION NEEDED TO BUILD NATION

Welcome the Immigrant Who Intends to Become a True Canadian.

Quebec, June 9.—The fiftieth annual convention of the Canadian Manufacturers' Association came to a conclusion this evening with a banquet in the Chateau Frontenac. The chair was taken by the new president, W. S. Fisher, of St. John, N. B., and the speakers of the evening were Sir Charles Fitzpatrick, Lieutenant-Governor of the Province of Quebec; Sir George Posters, acting Premier of Canada and minister of trade and commerce, and James E. Emery, Washington, counsel of the national association of manufacturers of the United States.

Mr. Fisher, in the course of his remarks at the banquet, said that if their ancestors won this country from nature, and if men of the present generation defended it from a worse enemy, surely succeeding generations could keep it. Canadians have three kinds of interest—national affairs, the affairs concerning the group of nations which comprise the British Empire, and, thirdly, international affairs. Everywhere the forces of separation, rebellion and unrest, in other words the forces that tear apart had been working and Canada had not escaped. Here, too, they had had dissension, strikes, disputes, hostility to constituted authority; a desire to have everything new and to put away everything old was not new; an extraordinary amount of ignorant babbling from press and platform, and even the pulpit, about subjects which have passed mankind for centuries, and which, each would settle immediately according to his own plan.

What could mend this situation but the contrary influences of moderation, fairness, conciliation and co-operation. What could make it progress except the united effort of moderate-minded men and women, who were not easily swayed by every new theory and yet whose minds were not closed to new ideas, who wished to proceed carefully, to regard the teachings of experience and to build on sure foundations. Let them welcome the immigrant and help him to settle in Canada's great agricultural lands. As Canada could not depend entirely on a natural growth of population, immigration had to be encouraged. But they did not want more unemployment. Hence, they required wise immigration laws.

BRITAIN PLANS SILESIAN DRIVE

Would Advance Neutral Line in Many Places and Push Poles Back.

London, June 9.—Great Britain is now urging on France the insincerity of the neutral zone in Upper Silesia, and the necessity of re-establishment of the authority of the central commission throughout the entire zone. This would involve pushing back the Poles on an extensive scale. It has already been begun by British forces, and of making a slight adjustment of the German line. This proposed action against the Polish insurgents, it was stated today in official circles, is the logical sequence to the ultimatum sent to Germany demanding the withdrawal of the troops of General von Hofer, leader of the German defense forces. It was reported yesterday that Germany had acquiesced in this demand.

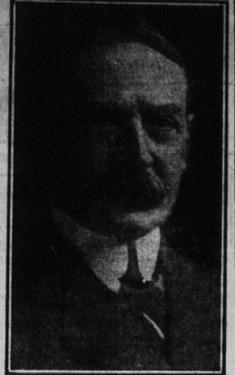

UNION TO ACT.

Sydney, N. S., June 9.—If it can be proved that striking railwaymen at Sydney mines had anything to do with yesterday's attempt to dynamite a Nova Scotia Steel and Coal Company passenger train with 200 miners on board, the offenders will be expelled from the railway brotherhoods, which will make no attempt to save them, nor to restore them to their former positions when the strike is finally settled.

KING GEORGE DESIRES INVITATION TO DUBLIN

London, June 9.—A high official in Belfast is quoted today by the correspondent in that city of the Evening News as stating that a hint has been given those connected with the Southern Irish parliament that King George, if invited, would visit Dublin to participate in the opening of that body.

QUEBEC PREMIER OPPOSED TO ALL CANADIAN CODE

"Your English and Our French Laws" Will Not Blend Says Hon. Mr. Taschereau.

PRIVY COUNCIL SAVES MINORITIES

But Questions if Sometimes Imperial Judges Know Much About Canada.

Toronto, Ont., June 9.—Speaking in acknowledgment of the honorary degree of doctor of laws, conferred upon him this evening by the University of Toronto, Hon. A. L. Taschereau, prime minister of Quebec, said that he was sure it was the intention of the University to mark thereby the good relationship that exists among the leagues of nationality and the respectability that all true Canadians were happy to see was maturing between the two great provinces of the dominion, Ontario and Quebec.

He made a special plea against the throwing into the melting pot of "your English and our French laws." They would not blend and the result would be unsatisfactory to both provinces.

Privy Council Appeals

Speaking of appeals to the privy council, the premier asked "why leave the ultimate interpretation of our laws to men who often know very little about Canada?" but pointed out that objections to these appeals do not, as a rule, come from the French province of Quebec. Nevertheless, he thought the privy council was a protection for minorities.

Longshoremen End Halifax Meeting

J. C. Tighe of St. John is Elected a District Vice-President.

Halifax, N. S., June 9.—The Atlantic division of the International Longshoremen's Union will hold its annual convention in Montreal, it was decided in the session of the 1921 convention of that board here this afternoon. Election of officers for the division resulted as follows:

Claim Grand Trunk Not in Good Repair

Montreal, June 9.—Detailed evidence was furnished today before the arbitration committee sitting to enquire into the value of the Grand Trunk System prior to its acquisition by the Dominion Government, tending to show that the line was not in such good shape as the company's experts had indicated and this evidence took up the whole of the day, most of it being very technical. It dealt with local conditions at a number of Ontario points and was supported with photographs showing each spot touched upon.

SHIP PIERCED BY BERG MAY GO TO BOTTOM

"Charlot" Reports Water is Now Rising in the Engine Room of Vessel.

FIRST VICTIM IS SAFE AT ST. JOHN'S

Dense Fog Hides Numerous Bergs Floating off the Gulf.

St. John's, Nfld., June 9.—The United States freight steamer Charlot, which struck an iceberg about 200 miles off the Newfoundland coast last night, reported late tonight that the water had reached the fire room and asked the nearest steamer to stand by.

The British steamer Seapool, which struck a berg early Tuesday morning 300 miles off the coast, arrived here tonight with word that when nearly 100 miles east of this port she had picked up a message from the Charlot asking for assistance. The Seapool's master expressed the opinion that the steamer was probably sinking, but that the crew would be rescued by ships in the vicinity. A dense fog and numerous icebergs off the coast make navigation very difficult.

The Seapool arrived in fair trim with her cargo undamaged. She docked here for repairs to her stern, which was shattered below the waterline.

SETTLE HALIFAX MILK STRIKE

Two Cent Drop in Price Split Between the Farmers and the Dealers.

Halifax, June 9.—The "milk war" which has curtailed this city's supply of milk since the first of June, came to an end today when representatives of the producers and distributors at a conference called by Mayor J. S. Parker, agreed in the matter of prices.

Beginning tomorrow morning regular deliveries will resume. With regular payments of fourteen cents per quart, of which eight and one-half cents will go to the producers. This agreement is a compromise between the dealers who refused to pay more than eight cents per quart, and the farmers who insisted upon a nine cent payment.

Suggests Zone Plan For Maritime Rails

Ivan C. Rand Against Insularity of the Atlantic Coast Provinces.

Halifax, N. S., June 9.—Strongly scoring the politics "which corroded Maritime affairs" and urging united action on the part of the Maritime Provinces, Ivan C. Rand, official representative of the New Brunswick government on the Maritime freight rates delegation which recently visited Ottawa, addressed the Halifax Commercial Club at its weekly luncheon here today.

Lloyd George Loses In Another Election

Labor Candidate Wins by 305 Votes Over the Government Nominee.

London, June 9.—The by-election in the Haywood division of Lancashire necessitated by the elevation of the Rt. Hon. Albert H. Hingworth to the peerage, the result of which was announced today, resulted in a defeat for the coalition, W. Halls, Labor, defeating Colonel England, Coalition Liberal, by the narrow margin of 305 votes.

Sinn Fein Activities Are On The Increase

Twenty-Four Members of Crown Forces Killed in Past Week.

Dublin, June 9.—The British military headquarters today reported that troops proceeding by train from Tralee, County Kerry, to Killarney, were ambushed, and that one soldier was killed and three of the attackers were seen to fall.

FRANCE
Naval programme before the Chamber of Deputies calls for the expenditure of over 1,450,000,000 francs.

NAVAL PROGRAM OF THE FRENCH IS VERY GREAT
Seventy-Two Vessels of All Classes Are Included in Year's Work.
COST WILL EXCEED 1,416,000,000 FRANCS
Some Critics Suggest Fewer Battleships and More Big Submarines.

Paris, June 9.—In presenting France's programme of naval construction for the next three years, Deputy Paul Doumer, reporter for the navy committee, advised in the Chamber of Deputies today the virtual abandonment of the building of battleships and battle cruisers and intensification of construction of submarines, torpedo boats, destroyers and airplane carrying ships.
The programme provides for the construction of six light cruisers, twelve torpedo boats and six submarines, at an approximate cost of 1,416,000,000 francs.

Change Big Ships.
M. Doumer asked the Chamber to vote for the transforming of five battleships, work on which was stopped during the war when the hulls were completed, into airplane mother ships. He refused to be drawn into a discussion on whether he agreed with the British Admiral, Sir Percy Scott, that the day of battleships was past, but quoted Rear Admiral Sims of the United States navy and also British and German, as having a different opinion from Admiral Scott.

Coast Defence Ships.
He pointed out that France as a Pacific nation needed a navy for coast defence, not warships for defensive action, and said there was nothing more to fear from Germany. France had no desire to attack any other nation, but the principal reason for the abandonment of construction of battleships by France, he added, was the realization that France could not keep pace with Japan, Great Britain and particularly the United States, which were building more units than before the war.

LIBERAL WIN IN WEST BUT MAJORITY CUT

Estimate That Premier Martin Will Have at Least Twenty-Five Opponents.

PROVINCIAL POOL IS FAIRLY HEAVY

Midnight Returns Indicate Return of Liberals by Reduced Majority.

Regina, Sask., June 9.—Early returns of today's election in Saskatchewan indicated the return to power of the Martin Government by a decreased majority. Predictions were made that the independent and other opposition groups would total from twenty to twenty-five members in the House of 53.

Premier Martin and Colonel Cross carried Regina City by large majority. The Government elected one member out of two in Saskatoon and lost Moose Jaw to the Labor and Conservative opponents. Early in the night with the sixteen Government acclamations there were 21 Martin supporters elected, one Independent, one Conservative and one Labor. Returns from the country were coming in slowly but there were indications that the vote had been fairly heavy.

Hon. George Langly is being given a hard run in Redberry and the result is doubtful. His opponent is George Cockburn, Independent.

The following, all Government supporters, were elected by acclamation: Arm River, C. A. Scott; Battleford, A. D. Pickett; Cypress River, H. T. Aiverson; Estevan, Robert Dunbar; Humboldt, H. M. Therese; Jackfish Lake, D. M. Finlayson; Lloydminster, R. J. Gordon; Last Mountain, Hon. S. J. Latta; Moose Jaw County, Hon. C. A. Dunning; Milestone, B. Larsen; Yorkton, Hon. J. A. Maharg; North Qu'Appelle, J. G. Gardiner; Prince Albert, C. A. McDonald; Roseburg, Dr. J. M. Ulrich; Salt Coates—Dr. Mahiluk and Notahan, George Spence.

Government candidates elected:—Regina, Premier Martin and Col. J. A. Cross; Shellbrook, E. S. Clinch; Weyburn, Hon. C. M. Hamilton; Saskatoon, Hon. A. P. McNab; Battleford, Labor Candidate elected:—Moose Jaw, W. G. Baker.

Conservative elected:—Moose Jaw, J. S. Smeiter.
Independent:—Saskatoon, Harris Turner; South Qu'Appelle, D. H. McDonald.

CARDINAL LOGUE IS PESSIMISTIC

Sees "Times of Persecution" Coming from Those Controlling Ulster House.

Belfast, June 9.—Cardinal Logue, primate of Ireland, alluding to the opening of the Ulster parliament in an address at a confirmation service in Cookstown today declared that the future before the people of the northern counties of Ireland filled him with "fear and anxiety." He said: "I cannot lose sight of the fact that before the people of these northern counties there lies a future which is very doubtful and which fills me with fear and anxiety. If we are to judge by the public utterances of those into whose hands power has fallen in this quarter of Ireland, we have times of persecution before us."

Condems Force Use

Referring to Irish affairs generally, Cardinal Logue said: "Those who have in their hands the temporal destinies at least of the country, seem to trust more and more to mere force than to justice. Hence, we have had a course of repression and coercion going on for some time in this country such as never has been witnessed, perhaps, by our predecessors since the days of general persecution."

NARROWLY ESCAPED DEATH

Charlottetown, P. E. I., June 9.—Earle McNevin, Lloyd Crockett and Wilfred Down, three Charlottetown young men, miraculously escaped death here yesterday when an auto mobile in which they were driving collided with a train at a railway crossing. With the exception of Down, who had a rib broken, the party were uninjured. The car was badly smashed.

Anglo-French Pact Under Consideration

United States May be Sounded as to Its Attitude on the Agreement.

London, June 9.—Austin Chamberlain, the government spokesman, stated in the House of Commons this afternoon that the question of arranging an Anglo-French alliance, even without possible participation by the United States was under discussion.

Editors Reach West

Vancouver, B. C., June 9.—Three hundred editors, members of the weekly section of the Canadian Press Association from all sections of the Dominion, arrived here this morning, and met at 10 o'clock in annual convention. A civic welcome was extended to the visitors.

POLICE USED MACHINE GUN TO GET THUG

Desperado is Killed After He Slew Two Who Asked for Board Bill.

BARRICADED HIMSELF BEHIND CLOSED DOORS

Grenades and Machine Gun Demolished House and Killed Bandit.

Toledo, O., June 9.—Thomas Kelly, 48, of Oklahoma was killed by police this morning following a battle which had lasted two hours and in which machine guns and hand grenades had been used to dislodge him from his barricaded room in the attic of his boarding house at 611 Walnut street.

Before he himself was killed, Kelly shot and killed Patrolmen Harry Dowell and Harold Mossbrugger, who had been called to the house to subdue him after he had refused to pay a board bill and had flourished a revolver and threatened his landlady, Mrs. Nellie Key and her son Allen. Hundreds of shots were exchanged between the officers and Kelly. He was said to have a trunk full of ammunition.

GREEK ARMIES READY TO FIGHT TURKISH FORCES

Over 80,000 Well Equipped Soldiers Available for Firing Line.

ALL FITTED OUT BY THE BRITISH

Fear Bolsheviks Will Attempt An Invasion if Turks Are Defeated.

Constantinople, June 9.—Greek of the week, and both sides apparently, are confident of victory.

Speaking of the impending attack, Izet Pasha, in command of the Turkish troops, said: "We are not alarmed over British aid to the Greeks. Let them come and enter our traps." The entire Turkish force, estimated at 100,000 with 60,000 effectives occupy virtually the same locations between Brusa and Smyrna as they did last March.

Big Greece Force
The Greeks reinforced by British airplanes, tank and gas shells have 120,000 men of whom 80,000 are effective as a fighting force. The Greek morale, owing to quarrels, was poor until lately, but has vastly improved owing to British support.

There are many conjectures as to the outcome of the offensive. It is pointed out that the issue now is between the British and the Bolsheviks and the latter are ready to send troops to assist the Turks.

British Send Supplies

The British are not sending troops but supplies, to the Greeks. They will also employ war vessels in the Black Sea and at various Turkish ports. The belief is held here by some that if the Greeks defeat the Nationalists along the Eski-Shehr-Afiume-Karshissar line, then the Bolsheviks will complete the work of breaking up Anatolia in an attempt to secure political control.

Too Much Importance Placed Upon "Cranks"

Get Acquainted to Avoid Misunderstandings in Canada Advice of Sir George Foster

Quebec, June 9.—Much too much importance was given to the statements of cranks in the various provinces, said Sir George Foster, Minister of Trade and Commerce, in the course of an address here this afternoon to the Kiwanis Club, on Unity. The only solution for misunderstanding between the Canadian people, said Sir George, was for people to become acquainted with one another. He said that the cause of war was because the people on one side of the world did not understand the aims and ideals of other sections and were too prone to listen to what others said to them.
