THE DODGE MOWER AND SELF RAKE REAPER, which with valuable improvements made since last season, we offer to those who prefer a REAR CUTTING MACHINE, as the most perfect Combined Machine of its class in the market. The JOHNSTON SELF RAKING REAPER we commenced to manufact ture last season. Our patterns with all the latest improvements were secured from patentees, and with our superior facilities and long experience in manufacturing, we claim for them that for quality of materials and style of finish, they will be found unsurpassed by any produced in the Dominion. At a field trial near Bell's Corners last July, the score of the Judges was for our machine 119 points, and the winning one 120—simply one point difference. Our machine went from the shop into the trial mithout any provious working which was not the case with the case into the trial without any previous working, which was not the case with the other which had been worked in the field before. We were the first to put on sheet-lined malleable guards on this machine, and we find that only since we commenced, others

have begun to do the same.

ITHACA HORSE RAKES. Owing to the great demand for our Steel Tooth Horse Rakes the past two years, and the general satisfaction given, we have been encouraged to manufacture for this season more extensively than ever, which we warrant made of the best materials, while for ease of management and perfection in their operation they are unsurpassed.
