CONSERVATION

THE saving not only of national, but of personal resources is important.

Your greatest resource is health and the preservation of your health includes the preservation of your teeth by the regular use of such a dentifrice as

COLGATE'S RIBBON DENTAL CREAM

Cleans---preserves---polishes deliciously and antiseptically.

Different from other dentifrices in its *delightful* flavour and *double* efficiency. Not only a germ-destroyer, killing decay-germs *when you use it*, but also so lastingly antiseptic that it *keeps* the mouth in that sweet, clean, non-acid condition that counteracts germ-growth.

Delicious---Efficient.

Colgate's is the antiseptic, anti-acid cream, delicious without the presence of sugar, efficient without "grit" and all that is beneficial without any injurious effect. The dentifrice which proves that a "druggy" taste is not necessary to efficiency.

42 Inches of Cream in Trial Tube for 4 Cents.

Colgate & Co., (Estd. 1806), Dept. M., Coristine Building, Montreal.

Makers of the famous Cashmere Bouquet Toilet Soap, Perfume and Talc Powder.

W. G. M. Shepherd, Montreal, Sole Agent for Canada.
