

123080

February 2nd
1935

Rt. Hon. Arthur Meighen,
The Senate,
OTTAWA.

Dear Sir:

We have been advised of your recent address before the Canadian Club of Ottawa on "Shakespeare." One of the members of our Club who heard you at that time writes us that he does not think he ever heard a more masterly address or one in which every one came away so thoroughly delighted and repaid for the hour spent in listening to you.

We are aware that you are a very busy man as Leader of the Senate, but knowing that you now have a son and daughter-in-law living in Saint John and that you may possibly be coming to Saint John some time this year, the Canadian Club request that if you come to this City and your time and engagements permit, that you give our Club the honour and the privilege of hearing this address.

If you will keep our request in mind and should you be coming here, please advise us several days in advance. We will be happy to arrange for a meeting at any time convenient for yourself.

Yours very truly,

D Gordon Willet

Hon. Secretary,
Canadian Club of St. John.
