

THE PUBLISHED WRITINGS OF DR. FLETCHER.

COMPILED BY ARTHUR GIBSON AND HERBERT GROH.

In the preparation of the following list of writings of the late Dr. James Fletcher, the compilers have met with many difficulties. The author had kept no list of his publications, and search had to be made in many quarters. The list cannot be considered by any means a complete one. Such a list is impossible, owing to the many agricultural and other papers to which he sent material for publication. In the Montreal *Family Herald and Weekly Star*, in his Farmers' Friends and Foes column, which began in 1896, he has contributed replies to hundreds of enquiries, on a great variety of subjects. A list of these could be added but it has been thought better to omit them here.
