Consumption can certainly be cured. Not all cases, but very many. Ayer's Cherry Pectoral is the medicine. Lowell, Mass.

...SOCIETY...

The gentlemen of the city gave a very enjoyable dance in the Auditorium last evening in honor of their friend Geo. Bell, who leaves shortly for Australia. Zickle's orchestra, of Detroit, was in attendance and furnished the best of music. There was a good attendance and everyone enjoyed the dancing. Mr. Bell is one of Chatham's most popular young joyed the dancing. Mr. Beil is one of Chatham's most popular young men, which was clearly evident from the large number of young people present. Everyone is sorry to see him leave Chatham and this, his last opportunity of spending a social evening with his friends, was much appreciated by both alike.

Dancing was kept up until an early hour this morning, when the assembly dispersed after the orchestra

had, several times, played "He's a Jolly Good Fellow."

SENATE OPPOSITION.

LITTLE PROSPECT OF PASSING UNION LABEL BILL.

mportation of Labor-Proposal to Make False Representations Punishable-Dangerous Boilers- Nomination of Candidates-Closing Session of the Labor Congress.

Brockville, Sept. 26.-There was furher division manifested before national and international ideas at the Trades and Labor Congress. In fact, Delegate Shar-key of St. John, N.B., declared that the Maritime delegates had conferred and de-cided not to ask the congress to meet in that city next year, because they con-sidered they had not been fairly treated by this congress. A secret session was held in the afternoon to discuss the report of the British Columbia labor commission

of the British Columbia labor commission and other matters, and at the end it was announced that the congress considered the report unfair. During the day about 80 resolutions were presented.

At the opening a report was presented showing the work which the Committee on Legislation had done during the year. There was a deficit of \$176 in connection with it, which the congress agreed to assume. The report concluded:—"Your committee are reluctantly compelled to recognize that until such time as the Senate of Canada is either abolished or rendered elective, or until the Government of the assumes the responsibility of introducing

or Canada is either abolished or rendered elective, or until the Government of the day (whether Conservative or Liberia assumes the responsibility of inarchia assumes the responsibility of inarchia assumes the responsibility of inarchia and in label bill, there appears to be but little prospect of securing such legislation. Nevertheless, it is o be hoped that organized labor, here appears to be the following of the congress of the control of the congress emphatically endorse the action of Robert Glockling. Secretary of the Ontario Labor Bureau, for laying before the people of Britain the real state of labor in Canada. He explained that this was necessary, because the Manufacturers' Association threatened to complain about the matter to the Government. Delegate Sinclair said that Mr. Glockling had not done more than his duty as a Government employee, and he did not see why such a motion was necessary. There was room for Improvement in that department, but, of course, there were contending forces. He did not want to show so much catering to Governments which exist only for the monopolistic classes.

show so much catering to Governments which exist only for the monopolistic classes.

Which exist only for the monopolistic classes.

Which exist only for the monopolistic classes.

However, and the Secretary. The resolution was then carried unanimously, and it was decided to send a copy to Hon.

Geo. W. Ross.

the report of the British Columbia Commission on industrial troubles there reported that neither labor interests nor experience, were represented on the commission. This accounts for the bloged and partial nature of the report. The ground that appears to have been taken is that the organization of a trade union is the natural cause of a strike, overloking the causes that make the trade union an absolute necessity. With the general conclusion of the report the committee do not agree, with the exception of some of its subdivisions, where some good economic doctrine is laid down. Generally speaking, though, it appears that the unwise action and methods of some organizations are relied upon to excuss some drastic recommendations which, if carried into effect, would strike a severe blow at all labor organizations. The commissioners' report favors compulsory incorporation of trades unions, which evidences a desire to hedge them about with restrictions and limitations without their consent. Under present conditions threatened incorporation is equal to threatened strangulation of organizations therefore the British Columbia Labor Commission we have no intention of excusing overt acts, extreme revolutionary methods or breach of faith or contracts by organizations either of employees or employers. We would strongly recommend to our brothers on the Pacific coast to adopt those methods and form of organization that have in their steady operation resulted in the direct benefit and genral uplifting of the workers on the continent.

A resolution was adopted endorsing the efforts of the Lord's Day Alliance to preserve one day of rest in the week.

In reply to a telegram Sir Wilfrid Lauried said he would meet a deputation of monday morning in regard to the importation of mechanics to this country.

The congress adjourned with the "National Anthem."

A BRUTAL CRIME.

Railway Contractor Killed by Dynamite for Sake of Money.

Washington, Pa., Sept. 25. - Dynamite was exploded under the buggy of contractor Ferguson of the Wabash Railroad, near West Middleton, last evening. Ferguson was killed and his bookkeeper, Mr. Martin, was badly hurt. Mr. Ferguson had with him the weekly pay for his men, amounting to about \$5,000, in a satchel. The satchel is missing. Two men suspected of the outrage have been arrested and two other suspects are surrounded in an abandoned farm house.

C. C. I. BOARD

A special meeting of the Collegiate Institute Board was held vesterday afternoon in Secretary Harris' of-fice to deal with the matter of class accommodation at the school. There accommodation at the school. There were present at the meeting Chair-man White and Messrs. Thornton,

man White and Messrs. Thornton, Rev. Dr. Battisby, Arnold, Rankin and Richards.

At the last meeting of the Board it was decided to convert the assembly room into class rooms. It has since been found that it is simpossible to do this with any degree of satisfaction and the classes have again been taken to the science rooms. The light in the assembly room is poor and the room is too large.

large.
It was decided at the meeting to accept the tender of Robertson & McKie for fitting up a couple of rooms in the old Grammar school. The whole work will not cost more rooms in The whole than \$100.

APPENDICITIS

Increase of This Terrible Disease Charged up to Indigestion—Dodd's Dyspepsia Tablets the One Sure Preventive.

So eminent an authority as Dr. Sir-James Crichton-Brown has declared that Appendicitis, the terror of the present age, is caused by Indigestion.

that Appendicitis, the terror of the present age, is caused by Indigestion. In a lecture deavered recently in London, England, he said;

"The increase of Appendicitis is largely due to Indigestion resulting from imperfect mastication and the hurried methods of living."

In plain words this means keep your stomach right and you need have no fear of Appendicitis. And Dodd's Dyspepsia Tablets will make and keep the stomach right. That's the experience of everyone who has used them. Hene Trudel, a student of Three Rivers, Que., says:

"I had Indigestion so badly that I was discouraged and had resolved to give up my studies when an advertisement induced me to try Dodd's Dyspepsia Tablets. They made me better. To-day I have no headache, no pain, no weariness. I am cured."

Take these two statements to-gether and they prove conclusively that Dodd's Dyspepsia Tablets are the one sure safeguard against Appendicitis.

Who Was it Said

"The space between a man's ideal and the man himself is his opportunity."

Man or store it's all the same. This store has high ideals, held from the start. How far it falls short of them it knows best itself.

But that "space between" is our opportunity and we are going to make the most of it.

We are always glad of help. If you have a complaint to make tell it to the store. If you have good things to say tell them to your

PURITY. GER BEER

We use only the best grade of barley, which is malted under our direct supervision, and the choicest Pacific, Bavarian and Keat Hops, and will gladly contribute \$1,000 to charity if any one can show that any Brewer in Canada use better

In brewing, after the beer has been boiled in the kettle, it is pumped in to a surface cooler (an enormous pan) and then a lowed to run slowly over pipes, through which cold water and cold brine is circulating, and at the same time exposed to strong drafts of pure air, to bring the heer down to proper temperature. During this rocess the beer will ab-orb bad odors or impurities in the air, and a brewery located in a neighborhood where there are impurities in the air is certain to produce beer that is more or less charged with impurities Our plant is located in a section free from dirt, dust and "bad smells," and the coolers are 80 ft. from the ground. We employ only competent men whose wages run from 25 per cent. to 40 per

cent. above that paid by most of our competitors

All of our apparatus is strictly first-class and up-to-date. POOR BREWING MATERIAL, ANTIQUATED APPLIANCES and CHEAP LABOR MEANS FILTH AND BEER THAT IS UNBEALTHFUL.

When you pay the standard price of five cents for a glass of beer you have a at to receive, and should demand the best, and if you do not have it furnished you should refuse to accept it.
