FARM AND DAIRY

RURAL HOME

PETERBORO, ONT.

MAY 6 1909

THE SURROUNDINGS MAKE THIS PLACE, WHAT IT IS INTENDED TO BE, A HOME. A beautiful home is one of the great things worth working for. Conditions such as illustrated cannot be had in a year, but the planting that will ultimately give the desired results can be done now. There was no difficulty about the son leaving the farm in this instance. Mr. Morley Howell, Brant Co., Ont., the proprietor of the farm home pictured, and who may be seen seated in the rig, was only too glad to stay by the old home and adopt farming as his calling.
