Mr. Isaac Holden, Omamee, Ont., a well known Cattle Buyer, says:—They cured me of constipation, and the rheumatism pains have entirely disappeared from my loins and stomach. They are a marvel in the medicine line. It is the only medicine of the many I have taken that gave me immediate and permanent relief. I am satisfied that if I had not taken them I would to-day be helpless in bed, suffering from torture such as only those who have acute muscular and nervous rheumatism can imagine. Yours truly, ISAAC HOLDEN, Omamee, Ont.

NOTICES.

Spring Term.—The Central Business College, Stratford, Ont., announces that the spring term in that institution will begin on April 4th. Mr. W. J. Elliott, the Principal of the College, will be pleased to send full information to any one desirous of obtaining a business education or a course in shorthand and typewriting.

Fruit Pulp.—The Department of Agriculture for Ontario has issued a special bulletin which should be in the hands of every fruit-grower who wishes to see a way out of the apparent lack of a demand for the small fruits, such as raspberries, currants, etc. The bulletin shows the possibility of working up a trade in the pulp of these fruits with the British people. The bulletin will be sent free on application.

Power Users should secure a copy of the "Northey" Gasoline Engine. It gives, in readable form, a short, pithy description of the uses of a gasoline engine. It is handsomely illustrated and the testimonials printed show what the users think of it. The booklet will be sent free to all who write for it. State your power requirements. Address, The Northey Manufacturing Company, Limited, 1012 King Street, Subway, Toronto.

Canadian Windmills Going Abroad.—We note that the Ontario Wind Engine and Pump Company have an order on hand for one of their well-known Wind Engines (Canadian Airmotor) for H. M. Government in India. This is to be placed on a steel tower, also supplied by the same company, and is to be utilized to run a dynamo. The harnessing of one for all description of power has been greatly perfected within the last decade. The Canadian Airmotor has already found its way extensively into England, as well as Cyprus, Egypt, and Australia, and in this way Canadian goods are being widely advertised.

All About Spraying.—We have just received from the Spramotor Co., of London, Ont., a copy of their new annual catalogue and treatise on diseases affecting fruit trees, vegetables, etc., and their remedies. It is a handy, instructive volume of 75 pages, well indexed, covering the whole subject up to date. It contains several important and improved features respecting the Spramotor apparatus, among these being the Emulsion attachment and Spramotor Jr. wheel outfit. The portion relating to diseases and pests and their treatment has been carefully revised. Drop a post card to the company for a free copy of the volume.

Pearce's Seeds.—In the vegetable as in the animal kingdom, like produces like, and for that reason it is the worst possible economy to try to save money by planting or sowing cheap inferior, or run-out seed. The best is none too good when we come to harvest the crop, and this can be obtained only from good seed. The firm of John S. Pearce & Co., of London, Ont., enjoy the reputation for a thorough understanding of the seed business, and to select from their 1899 catalogue is to reap the advantage of their wide experience and careful study. The catalogue contains cuts, descriptions, prices, and some useful notes on numbers of the best varieties of flowers, vegetables, grains, grasses, clovers, etc. Their new oats and selected corns are of especial interest. Garden tools, poultry, apiary and dairy supplies are also offered in the catalogue. It is sent to all who apply for it, and is well worth perusal before making selections for this season's sowing. See list of seeds advertised by Messrs. Pearce & Co. in this issue.

Good for Enlarged Tendons.
ST. JOHNS, N. B., April 29, '97.
The Lawrence-Williams Co., Cleveland, O.: The bottle of "Gombault's Caustic Balm" you so kindly sent me in November, 1896, I have used on my horse for enlarged tendon, and found it to work to my entire satisfaction, and would recommend it to all horsemen instead of using the firing irons, as it has even a better result. R. O'SHAUGHNESSY.

GOSSIP.

The Canadian Horse Show, under the joint auspices of the Canadian Horse Breeders' Association and the Country and Hunt Club, will be held in Toronto, April 13, 14, 15. Send for prize list to Henry Wade, Secretary, Toronto.

At the Perth Spring Show and sale of Short-horn bulls there was an entry of 159, of which 147 were sold at an average of \$27 1/2. The highest price was 155 guineas, for Colonel, 1st prize in aged class, a roan, bred by Lord Lovat, by Royal Star (71502), the purchaser being Mr. McLennan, of Buenos Ayres. In the young class Lord Lovat also won 1st with the white Marksman, also by Royal Star, and he sold for 47 guineas, while the 2nd prize bull, Peter the Great, a roan, shown by Mr. Granger, Pitcair, brought 100 guineas, Lord Rothschild being the purchaser. The average for 308 bulls at Perth last year was \$19 1/2, and the highest price 75 guineas. At the Aberdeen Show and sale 179 bulls averaged \$24 1/2. The highest price being paid for the 2nd prize young bull with the plain name "Jack," shown by Mr. Crombie, Woodend, which went to Mr. Bruce at 120 guineas. He is described as a great, wealthy roan of undoubted Shorthorn character. He was sired by Czarwitch (70227), dam by Coldstream (60153), bred at Sittytown. The 1st prize bull, Lucky Pride, by Sittytown Pride, and shown by Mr. Durno, Jacktown, brought 75 guineas, and was bought by Mr. Wilson, Perriemills. This was the second highest price.

Persiatic Sheep and Animal Wash
