

VELVET CREAM

The wealthiest, most particular and discriminating people on earth use the dining-car service of the great Canadian Pacific R. R., with its ocean-to-ocean trains, and that is why Tubular-made cream alone is served and satisfies the management of that railroad.

It costs them more money, and Mr. John McFadyen's dairy at Parkbeg, Sask., with a Tubular at the head of it, gets the benefit in big profits.

The great New York Central R. R. gets Tubular cream for its dining cars from Mr. Geo. H. Sweet, East Aurora, N. Y., and both the railroad company and Mr. Sweet profit from the velvety Tubular cream.

THE SHARPLES Tubular Cream Separators MAKE GREATEST PROFITS

for the keenest, best informed dairy-men everywhere. They know they must have Tubulars to get perfect cream and to get it all. Disk-filled or otherwise complicated separators lose cream, spoil its quality and give what is termed a "metallic" or "disky" flavor to it.

Dairy Tubulars contain no disks or other contraptions and produce velvety cream of perfect flavor which brings fancy prices.

Tubulars have twice the skimming force of others, skim twice as clean, wear longer and run easier.

If it's not a Sharple's it's not a Tubular, and you are not getting all the profits.

LOVE BY LANTERN LIGHT.

A Kansas farmer, returning home late at night, saw a light moving about the farmyard. When he investigated, he found a neighbor's farmhand carrying a lantern.

"What are you doing here?" demanded the farmer.

"Courtin', sir."

"Courtin'? Courtin' with a lantern? Huh, you fool, I never used a lantern when I went courtin'!"

"No, sir," replied the farmhand as he moved off, "we can all see you didn't."

Your wife certainly will appreciate it when you bring home a can of SNAP

Soap won't clean her hands, after filling the lamps, milking the cows, peeling potatoes and onions. SNAP banishes dirt and every odor without hard rubbing

SNAP is soothing and healing — keeps the skin smooth and free of "chaps". Bring home a can—15c.

119 home a can—15c.

QUESTIONS AND ANSWERS.

1st.—Questions asked by bona-fide subscribers to "The Farmer's Advocate" are answered in this department free.

2nd.—Questions should be clearly stated and plainly written, on one side of the paper only, and must be accompanied by the full name and address of the writer.

3rd.—In Veterinary questions the symptoms especially must be fully and clearly stated, otherwise satisfactory replies cannot be given.

4th.—When a reply by mail is required to urgent veterinary or legal enquiries, \$1.00 must be enclosed.

Miscellaneous.

HOLSTEIN REGISTRY—BUTTER OF ANTIMONY.

1. What is the best thing to kill ring-worm on cattle or other things, which will be safe to use around the eyes?

2. I have a Holstein bull whose dam was Fanny De Kol 2nd, and sired by Ina Tritom 2nd Abbecker. Should he be called De Kol or Abbecker?

3. Where will I send to have him registered, and what will be the fee?

4. Is butter of antimony of any use for fitting off an old horse, or puffing him, and what will be the dose each day?

H. E. R.

Ans.—1. See answer to similar inquiry, page 206, this (Feb. 1st) issue.

2 and 3. Consult G. W. Clemons, Secretary Canadian Holstein-Friesian Association, St. George, Ont.

4. Butter of antimony is an irritant caustic, never used internally, but chiefly for treating thrush.

RENTING WITH \$1,000 CAPITAL

A man wants to rent a 100-acre farm and has only \$1,000 capital. How could the money be expended to the best advantage, and also would it be better to start in the spring or fall? H. L.

Ans.—Start in spring if suitable arrangements can be made. Try to rent a farm that is already equipped with implements and stock. The renter will need part of the thousand dollars to live on and defray incidental expenses. Five hundred dollars might be spared for cattle or horses or implements, or whatever was lacking. Whichever party finds any particular class of the stock, as horses or cattle or pigs, had better find all of that class, or else go shares in the purchase according to a definite proportionate interest agreed upon, otherwise there might be room for dissatisfaction. Even buying the cheapest of stock and the scantiest supply of second-hand implements, one thousand dollars would not stock and equip a hundred-acre farm serviceably, unless one drew considerably upon credit, which is usually costly.

GOSSIP.

James Paton, Swinton Park P. O., Ont., Flesherton Station, on the Owen Sound branch of the C. P. R., in his advertisement, is offering for sale the following imported Clydesdale stallions: Silver Strand (imp.), foaled May, 1904, sired by the champion Silver Cup, by Baron's Pride, dam Selma, by Sir Everard. This is a low-set, thick horse, with good bone, and extra good action. He has proved himself a sure foal-getter and a splendid stock horse, being sire of the first-prize Clydesdale foal at Ottawa Exhibition last fall. Marquis of Ailsa, foaled 1908, a good, thick horse, that will make a ton when at maturity, is sired by the champion Benedict, by Baron's Pride, dam Lord Stanley, by Merry Mason (imp.), dam Royal Rosie (imp.), is the making of an extra good horse, being up to a big size, with lots of quality. Bonnie Charlie, foaled 1909, is a thick, low-set colt, with extra good feet and legs. Star of the West, foaled 1910, sired by Merry Mason (imp.). No fancy prices will be asked for these horses, and terms to suit the purchaser.

NOT SURE.

"See, here, Rastus," said the new arrival at the hotel, "do you mean to tell me that this egg is fresh?"

"It was when hit was laid, suh," replied the waiter.

"And when was that, pray?" demanded the guest.

"Ah dunno, boss," replied Rastus.

"Dis yere is push first person at dis yere hotel, suh."

Important Auction Sale

Of 40 Head of Scotch-bred
