THE LONDON FENCE MACHINE

WAS AWARDED A DIPLOMA AT BRANDON FAIR LAST MONTH.
IT STANDS WITHOUT AN EQUAL.

SEBRINGVILLE, PARTH CO., ONT., July 19, '01.
THE LONDON FENCE MACHINE CO.
Gentlemen,—I purchased last May from your agent, Mr. D. Haragan, of Kinkora, Ont., a "London" Fence Machine, and can, from a great deal of experience with it, conscientiously recommend it to all my brother farmers who wish to construct their fences for about one-half the former cost. The machine in itself is a marvel of invention, easy to operate, and excels anything that has been produced in its line. I cannot speak too highly of the "London," and am prepared to back every statement I make. Wishing you every success, I am, sir,
Yours respectfully, Wm. SHIRING.

Vaulted Church Ceilings

add an artistic and acoustic value to the edifice. Vaulted Ceilings are shown to no better advantage than when finished in Pedlar's Sheet Metal. There are no limitations to the artistic effects possible. Beauty, permanency, lightness of construction are all preserved and full acoustic powers assured. There's nothing cheap about the Sheet Steel Church Ceiling. On the other hand it duplicates all the features of the hand decorated edifices of the old world. Besides it's economical. Our catalogue gives illustrations, figures and other interesting particulars. It's yours on application.
