ENCOURAGE HOME MANUFACTURE.

New Boot and Shoe Store

We have just opened in the store lately occupied by C. R. THOMPSON, No. 166 Granville Street, next door South of the LONDON HOUSE, a splendid Stock of

BOOTS and SHOES, AT THE INDUSTRIAL SCHOOL,

The greater part of which have been MANUFACTURED BY OURSELVES, Expressly to suit the times, showing the purchasers the very best value for the smallest amount of money—and feel certain—that we can give better value than any house in the trade, in support of which, we call the attention of the public, to some of the advantages we possess.

FIRST—We make our Staple Goods by HAND at the INDUSTRIAL SCHOOL, and are thus able to produce a much better article than those made by machinery.

SECONDLY—By making our Goods and selling them ourselves, you buy them first hand, hence you have only to pay for the material and one small profit.

THIRDLY—As you buy from the maker his responsibility to you is greater than if he had purchased the goods of another and was selling them again.

If the style and size of the boot does not suit, you can have them made at a trifling additional cost. We sell for CASH and cash only to keep strictly by this we cannot send out for approval, all parcels being paid for before they are sent.

Should they not suit we will return the money:

Consequently the cash buyer is not compelled to pay those bills that are lost as the result of the CREDIT SYSTEM. These with many other advantages we could mention warrant us we think in reasserting that we can give better value than any house in the trade.

COUNTRY MERCHANTS who buy in small lots for Cash, would do well to give us a call before purchasing elsewhere.
