CONSUMPTION

And all like diseases of the Head Throat and Chest, including the Eye, Ear and Heart, successfully treated at the
Ontario Pulmonary Institute,
No. 135 Church Street, opposite the Metropolitan Church, Toronto, Ont. M. HILTON WILLIAMS, M.D., M.C.P.S.O., Proprietor.
The only Institute of the kind in the Dominion of Canada.
All diseases of the respiratory organs treated by the most improved Medicated Inhalations, combined with the proper constitutional remedies.
Nearly 40,000 cases successfully treated during the past sixteen years for some form of head throat or lung troubles.

CONSUMPTION.
There is a point which we would advert, and that is the unwillingness of those suffering from diseases of the chest to acknowledge themselves in any danger until their disease has reached an advanced stage. This arises, no doubt, in a great degree from the presumed hopelessness of such cases. We would warn all who have a frequent desire to "clear the throat," and who become fatigued and "out of breath" on every slight occasion, that they are on the high road to all those changes and symptoms which constitute pulmonary consumption—that disease begins in a majority of cases as "cold," ending in "sore throat," that gradually it extends down the windpipe, rendering the voice slightly hoarse and indistinct, first observed on reading aloud, and that finally involves the bronchial tubes and the air-cells. The seat of the primary disease is in the mucous membrane of the throat, windpipe and bronchial tubes. The expectoration comes from this membrane, and the tubercular matter is deposited on its surface. If, therefore, they would avoid the dangers which attend consumption in its advanced stage, they will not disregard those signs of impending evil, but by prompt and judicious means seek to restore the offending organ to its former tone and health.
By the system of Medicated Inhalation thousands of cases are cured after all hope of a cure is past. And thousands are to-day living witnesses of this very fact.
Consultation free and prices of the Institute are within the reach of all.
If possible call personally for consultation and examination, but if impossible to do so write for a "List of Questions" and "Medical Treatise."

The use of False Hair by ladies is a most disagreeable practice, for not only is it impossible to trace its origin but also the natural hair is constantly changing while the dead hair retains its colour. By the use of Cingalese Hair Renewer on the contrary, the colour of the hair is rendered natural and always beautiful glossy as d a venerable crown of glory, every lady should use it, and to gentlemen whose hair is growing thin, it is a necessity. Sold at 50c. per bottle by all druggists.
