TO ORGANISTS—BERRY'S BAL-

ANCE HYDRAULIC ORGAN BLOWER.

These Engines are particularly adapted for Blowing Church or Parlor Organs, as they render them as available as a Piano.

They are Self-Regulating and never over-blowing. Numbers have been tested for the last four years, and are now proved to be a most decided success. For an equal balanced pressure producing an even pitch of tone, while for durability certain of operation and economy, they cannot be surpassed. Reliable references given to some of the most eminent Organists and Organ Builders.

Estimates furnished by direct application to the Patentee and Manufacturer, WM. BERRY Engineer, Brome Corners, Que.

There are no food preparations known to domestic economy that are so valuable in all particulars as "OUR NATIONAL FOODS." They are nutritious, easily digested, palatable, economical, and quickly prepared. They assist in building up a strong muscular development, as well as brain and nervous vitality.

Persons of weak digestion or constipative habits derive the greatest benefit from their use; while the most active men find full satisfaction from a diet wholly or partly composed of these specially prepared cereals.
