Send the coupon at the bottom of this announcement and get this free book anyway. Get it even if you think you might not want to get an Alectrice Grinder on free trial. This book explains every detail of our free trial.

It also tells you the wonderful story of Alectrice—how a scientist tried to make diamonds in the greatest heat ever generated by man—a heat which melts clay bricks as if they were made of lard—how when the heat was finally turned off and eager search was made for diamonds and how Alectrice was found instead. Alectrice is hard enough to scratch the diamond.

The scientist who discovered Alectrice realized instantly that he had the world's greatest abrasive. Read how tests proved that it would **not draw the temper from steel**—how it would grind twenty-five times faster than the grindstone and eight times faster than emery—how it saved the back breaking work of the grindstone—how it did work in two minutes which could not be accomplished on the grindstone in twenty-five minutes. Read how one man ground six sickles during the noon hour and then had time for dinner and rest. **Get this free book which tells you all these things**—and how to sharpen your edge tools besides.
