A message from his Majesty's Council, by Mr. Goodman, their acting clerk.

Mr. Speaker,

His Majesty's Council have agreed to the bill intituled "an act for appropriating certain monies therein mentioned for the service of the year of our Lord 1826."

The following communication was handed in by the acting Clerk of his Majesty's Council, which was read and ordered to be inserted on the Journals, viz.

Council Chamber, Oct. 27, 1825.

On motion, it was ordered, that the following resolution be entered upon the Journals of this House, and that a copy thereof be sent down to the House of Assembly with the Appropriation bill.

His Majesty's Council have been induced to give their assent at this time to the bill intituled "an act for appropriating certain monies therein mentioned for the service of the year of our Lord one thousand eight hundred and twenty-six," from the consideration that the Session is now near a close and great inconvenience might be experienced by the Colony were they to reject it, although there are several appropriations and clauses contained in it which are deemed very objectionable; but his Majesty's Council wish it to be understood in future, that, while they will at all times earnestly endeavour to give effect to the measures of the House of Assembly,

they will also be disposed to exercise their right of deliberating separately upon every measure for which provision is to be made in the Appropriation bill from any monies raised, or to be raised by virtue of any other act or acts of the General Assembly, and that his Majesty's Council will not in future be disposed to give their assent to any bill for appropriating such monies unless the several sums and services therein contained shall have been previously submitted by the House of Assembly in separate resolutions for the concurrence of his Majesty's Council, and shall have severally received their assent.
