

**LIVE STOCK MARKETS.
TORONTO.**

Receipts of live stock at the City Market, as reported by the railways, were 79 car loads, composed of 1449 cattle, 194 hogs, 1371 sheep and lambs, with about 90 calves.

The quality of cattle generally was about the same as for some time past. Trade was fair considering all the circumstances.

Prices were no better or worse than last week.

—Exporters—The export trade is dull, few offerings and few wanted; one lot of 38, weighing 1400 lbs each, sold at \$4.50 per cwt., and one lot, 1350 lbs each, at \$4.25.

Butchers—The best lots of butchers offered sold from \$4 to \$4.25, and a few single animals at a little more money; loads of medium to good, \$3.75 to \$4; common, at \$3.25 to \$3.50; cows, \$2.50 to \$3.50; canners, 75c to \$1.50 per cwt.

Feeders and Stockers—Harry Murby reports the feeder and stocker trade as being about steady with few of the good kinds offering. Mr. Murby reports prices as follows: Best feeders, 1000 to 1100 lbs of \$3.50 to \$3.90 per cwt; best feeders, 900 to 1000 lbs, at \$2.90 to \$3.50; best stockers, 800 to 900 lbs at \$2.85 to \$3.15; best stockers, 600 to 800 lbs., at \$2.40 to \$2.75; common stockers, unchanged, at \$1.50 to \$1.75.

Milkers and Springers—Good to choice milkers and springers were scarce, the best on sale being quoted at \$40 to \$55 each, and one extra choice cow would have brought a much higher quotation had she been sold separately; common to medium cows sold at \$25 to \$35 each.

Veal Calves—Trade about steady at unchanged prices at \$3 to \$6 per cwt.

Sheep and Lambs—Receipts were not large; prices easy, especially for exported sheep. Export ewes, \$3.75 to \$4.

Hofis—Receipts light. Mr. Harris reports prices unchanged at \$5 for selects' \$4.75 for lights, and \$4.50 for stores.

There will be a keen contest over the Toronto Mayoralty this year. Those who so far have announced themselves as in the field are Messrs. Joseph Oliver Miles Vokes, Ald. Geary, and James Simpson, Socialist.

Two men on a South African ostrich farm, aided only by dogs, have succeeded in catching a lioness alive. Mr. C. Trichardt saw four lions on Messrs. Langridge and Taylor's ostrich farm on Athi Plains. He called Mr. Langridge, and the two went together to try to shoot the lions. When the two men approached, three of the animals made off, but the fourth, a half-grown lioness, lay down and waited, charged twice when the men came up to within about fifteen feet of her. The farm dogs arrived and began to worry the lioness, which crept into a patch of bush and tried to hide behind the projecting roots of a tree. Messrs. Langridge and Trichardt determined to try to capture her alive. They made a loop of raw hide rope, fastened it to a stick, and attempted at close quarters to pass the noose over the lioness's neck. They failed. The dogs were then set to worry the lioness again, and while the brute defended herself loops were passed round each of her hind legs. The nooses were drawn tight and the lioness held fast until her other limbs were bound. Then a cart was fetched and the lioness hoisted into it and conveyed to the farm buildings.

When the Stomach Heart or Kidney nerves get weak, then these organs always fail. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is simply a makeshift. Get a prescription known to Druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared expressly for these weak inside nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample test on request by Dr. Shoop, Racine, Wis. POETRY WITH A POINT.—Mary had a little lamb, its fleece was white as snow, it strayed away one day where lambs should never go. And Mary sat her quickly down and tears streamed from her eyes; she did not find her lamb because she did not advertise. And Mary had a brother John, who kept a city store, he sat him down and smoked a pipe and watched the open door. And as the people passed along and did not stop to buy, John sat still and smoked his pipe and blinked his sleepy eyes. And so the sheriff closed him out, but still he lingered near, and Mary came to drop with him a sympathetic tear. How is it, sister, can you tell, why other merchants here, sell all their goods so readily and thrive from year to year. Remembering her own bad luck the little maid replies, "These other fellows get there, John, because they advertise."

SIMPLE HOME RECIPE.

Get from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take a teaspoonful after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve backache, Kidney trouble, Weak Bladder and all forms of Urinary trouble. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the affections may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

HIS BUSINESS.

"You say the officer arrested you while you were quietly minding your own business?"

"Yes, your Worship. He caught me suddenly by the collar and threatened to strike me with his truncheon unless I accompanied him to the station."

"You were quietly attending to your business; making no noise or disturbance of any kind?"

"None whatever."

"It seems very strange. What is your business?"

"He's a burglar, your Worship," said the constable.

THEY WENT TO CHURCH.

Attendance at church service is obligatory upon the part of soldiers at certain English posts, and amusing stories are told of the excuses that are sometimes resorted to in order to escape this requirement.

At one post where a number of recruits were temporarily stationed an old sergeant was ordered to ascertain to what religious sect each man belonged, and to see that he joined the party told of for that particular form of worship.

Some of the men had no liking for church, and declared themselves to be atheists. But the sergeant was a Scotsman and a man of experience.

"Ah, well," said he, "then ye hae no need to kape holy the Sabbath, and the stables hae naeben claned out lately." And he ordered them to clean out the stables. This occupied practically the whole day, and the men lost their usual Sunday afternoon's leave.

Next Summer a broad smile crept over the face of the sergeant when he heard that the atheists had joined the Church of England.

Here is a bird of a story:—The wife of a Methodist minister in West Virginia has been married three times. Her maiden name was Partridge, her first husband was named Robin, her second Sparrow, and the present one's name is Quale. There are now two Robins, one Sparrow and three little Quales in the family. One grandfather was a Swann and another was a Jay, but he's dead and is now a bird of Paradise. They live on Hawk Ave., Eagleville, Canary Island.

A good motto, since the hanging of mottoes is an approved fashion of the day—to put up before every sewing society, every corner store crowd, and to hang from every village steeple, is the Ninth Commandment, "Thou shalt not bear false witness against thy neighbor." This is the common offence of good people. Men and women who would not hurt a fly, think nothing of sticking the knife of scandal into a neighbor's back; and persons who would not steal a straw take a fenshish pleasure in robbing a man of his good name.

The people of Goderich are evidently experiencing a very thorough small-pox scare this week. A despatch of the 25th from that town says:—"Some forty cases of smallpox have been quarantined here; schools have been closed and a general vaccination of children and citizens ordered to be made within seven days. The Catholic church was the only one in which services were held yesterday. Most of the cases are of mild type, and it is due to the fact that they were thought to be chickenpox that the epidemic was allowed to spread as it has."

At a meeting of the presidents of the different societies of Chatham, it was decided to petition the council to force a number of the loafers of the city to work. There are a number of families in destitute circumstances. The men refuse to work, although there is plenty of employment for all, and the city is put to the expense of keeping them. The trouble is mostly among the immigrants recently arrived. It is understood that the council will adopt the suggestion, and the men will either be forced to work or leave the city.

Canadian ports and towns along the United States front are being flooded with an army of unemployed men from the cities across the line. These have been thrown out of work by the bad business conditions and they came to Canada because of the reports of prosperity and the demand for men in railways, etc. Many are penniless and are likely to spend the winter in Canadian jails.

The Denver police have adopted the photograph as the latest cure for drunkenness, and say it is doing wonders. Whenever an inebriate is brought to the station his picture is taken. Next morning he is shown how he looked the night before and then allowed to go. His shame and the knowledge that the police have his picture and will punish him severely next time are said to do much toward keeping him from becoming intoxicated again.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with
