The Romans gave this month the name of Aprilis, from aperire to open, because it is the season when the buds commence to burst.

By the Anglo-Saxon in olden days it was known as Ooster, or Easter month, and by the Dutch as grass month

The custom of sending one upon a fruitless errand, or securing victims in some other way, upon the first day of this month is probably a relic of some very old heathen festival. Whatever the origin the playing

of little tricks upon unguarded persons upon this date is universal throughout Europe and it is curious to note that the Hindus practice precisely similar tricks upon March 31st

### Take this Advice!

If you have some sore place, some skin disease, some cut, or burn or ulcer, why continue to suffer pain? Every hour you suffer is an hour wasted. You cannot do your best work in pain; you cannot enjoy your leisure. ZAM-BUK saves far more than it costs, by saving you time in this way.

ZAM-BUK is a "short cut" to skin healing. There is nothing which acts so quickly and so surely. Use it for all skin injuries and diseases, Eczema, Ulcers, Blood Poison, etc., and for Piles. All druggists and stores, 50 cents a box, or post free from ZAM-BUK Go., Toronto, for price. Refuse harmful imitations.

You have all these qualities combined to a greater degree in Red Rose than in any other tea.

It has that cup goodness that comes only from Red Rose quality and surely well merits the term "good tea."
