The Renewal a Strain
 Vacation is over. Again the school has opened its doors and again with tens of thousands the hardest kind of work has begun, the renewal of which is a mental, physical strain to all except the most rugged. The little girl that a few days ago had roses in her cheeks, and the little boy whose lips were then so red you would have insisted that they had been "kissed by strawberries," have already lost something of the appearance of health. Now is a time when many children should be given a tonic, which may avert much serious trouble, and we know of no other so highly to be recommended as Hood's Sarsaparilla, which strengthens the nerves, perfects digestion and assimilation, and aids mental development by building up the whole system.

Don't expect opportunity to come to you with a letter of introduction. **A WONDERFUL COLD CURE.** Just think of it, a cold cured in ten minutes—that's what happens when you use "Catarrhzone." You inhale its soothing balsams and out goes the cold—sniffles are cured—headaches are cured—symptoms of catarrh and grippe disappear at once. It's the healing pine essences and powerful antiseptics in Catarrhzone that enable it to act so quickly. In disease of the nose, for irritable throat, bronchitis, coughs and catarrh it's a marvel. Safe even for children. 25c. and \$1.00 sizes at all dealers.
